SLAYING INVOLVES WOMAN IN MYSTERY

CONDITION OF POPE IS SERIOUS

Alarming Coughing Spell Today Greatly Weakens Pontiff; Almost Suffocates

Period of Depression Follows Attack; Temperature Varies

ROME, April 16.—The Pope had an alarming coughing spell this morning, almost causing suffocation. The attack was followed by such exhaustion that those attending the Pontiff feared the worst.

Subsequent to the coughing sell the Pope had a period of depression, but after a rest he appeared relieved. At 5:45 p. m. the condition of His Holiness is considered stationary.

Tonight's bulletin on the condition of Pope Pius says:

"His holiness passed a quiet day, without fever. This evening his temperature was 99-98½. The catarrhal and bronchial affection is in the same condition as this morning.

"ETTORE MARCHIAFAVA.
"ANDREA AMICI."

The temperature of the pope varied frequently during the forenoon. Dr. Amici visited him again just before noon and found that an almost imperceptible rise had taken place since early morning.

The aggravation which occurred last evening in the pope's condition reached its climax shortly before midnight and then gradually wore off in the early morning hours. When Professor Marchiafava entered the sickroom this morning at 7:30 o'clock the fever had entirely disappeared.

TAKES NOURISHMENT.

The injections administered by Dr. Amici in the course of the night had produced the desired effect of keeping up the strength of the patient's heart, although the general weakness had increased. The pontiff was able to take some nourishment.

The lawyer patriarca, who represents the Holy See, was summoned to the Vatican this morning. The same lawyer drew up the last testament of Pope Leo XIII and the inference is that he was asked to do the same for Pope Pius X.

The lawyer patriarcha was summoned after Professor Marchiafava, the pope's physician, had a long conference with Cardinal Merry del Val, the papal secretary of state. Earlier in the morning the pope's sisters entered the Vatican, visited the pope's chamber, and later adjourned to a lower chapel, where they heard two masses.

CONDITION WEAKER.

Private but reliable information as to the pope's condition this morning was that while he is without fever today, he is much weaker than at this time yesterday.

Jordan's Inquiry Committee to Sit

SACRAMENTO, April 16.—The joint Legislative committee of three senators and three assemblymen appointed at his own request to conduct an inquiry into the workings of the office of Secretary of State Frank C. Jordan was scheduled to sit for the third time today at 2 p. m. Theodore Roche of San Francisco was to act as attorney for the committee and Charles H. Brainard of Redding was to appear as Jordan's counsel.

'HIGH MEN' MUST RUN AGAIN

Successful Candidates at Yesterday's Primaries Bound by Provision of Charter

Fight in May Will Center Around School Directors Nos. 2 and 3

TOTAL VOTE CAST 16,083

The total vote cast was 16,083. Unofficial returns from the office of the city clerk give the following results. The two highest candidates for each office are qualified to run at the May 6 general election:

FOR AUDITOR—	
GEORGE E. GROSS	11,676
WILLIAM F. SERB	3,361
COMMISSIONER NO. 1—	
HARRY S. ANDERSON	11,966
C. ALWARD TOBEY	3,301
COMMISSIONER NO. 2—	
WILLIAM J. BACCUS	9,373
COCHRAN McCARRON	3,187
MRS. FRANCES HALL	2,853
ADOLPH MICHEL	902
SCHOOL DIRECTOR NO. 1—	
MISS ANNIE FLORENCE BROWN	9,338
MRS. EMMA GILBERT	2,205
DR. JAMES B. WOOD	1,887
R. E. REEVES	1,601
SCHOOL DIRECTOR NO. 2—	
MATTHEW R. BRONNER	6,690
MRS. HARRIET E. HAWES	3,426
DR. KIRBY B. SMITH	2,936
W. F. DRURY	2,218
SCHOOL DIRECTOR NO. 3—	
F. B. COOK	7,339
MRS. AGNES RAY	3,325
J. WILSON PERSON	2,236
C. D. ROGERS	1,722

Although high candidates for four of the six municipal offices to be filled received well over a majority of the total vote cast in the primary election yesterday, they will be forced to run again. Their election, however, is conceded on all sides as a certainty on May 6 unless some extraordinary event causes a change in present conditions. The four who are assured of victory by having gained a clear majority over the total vote of their combined opponents are as follows:

George E. Gross, auditor.

Harry S. Anderson, commissioner No. 1.

William J. Baccus, commissioner No. 2.

Miss Annie Florence Brown, school director No. 1.

The highest candidates for the remaining two offices, school directorships Nos. 2 and 3, received less than the total of their combined opponents, and it is conceded that they will be forced to make a strenuous campaign to qualify in the May election.

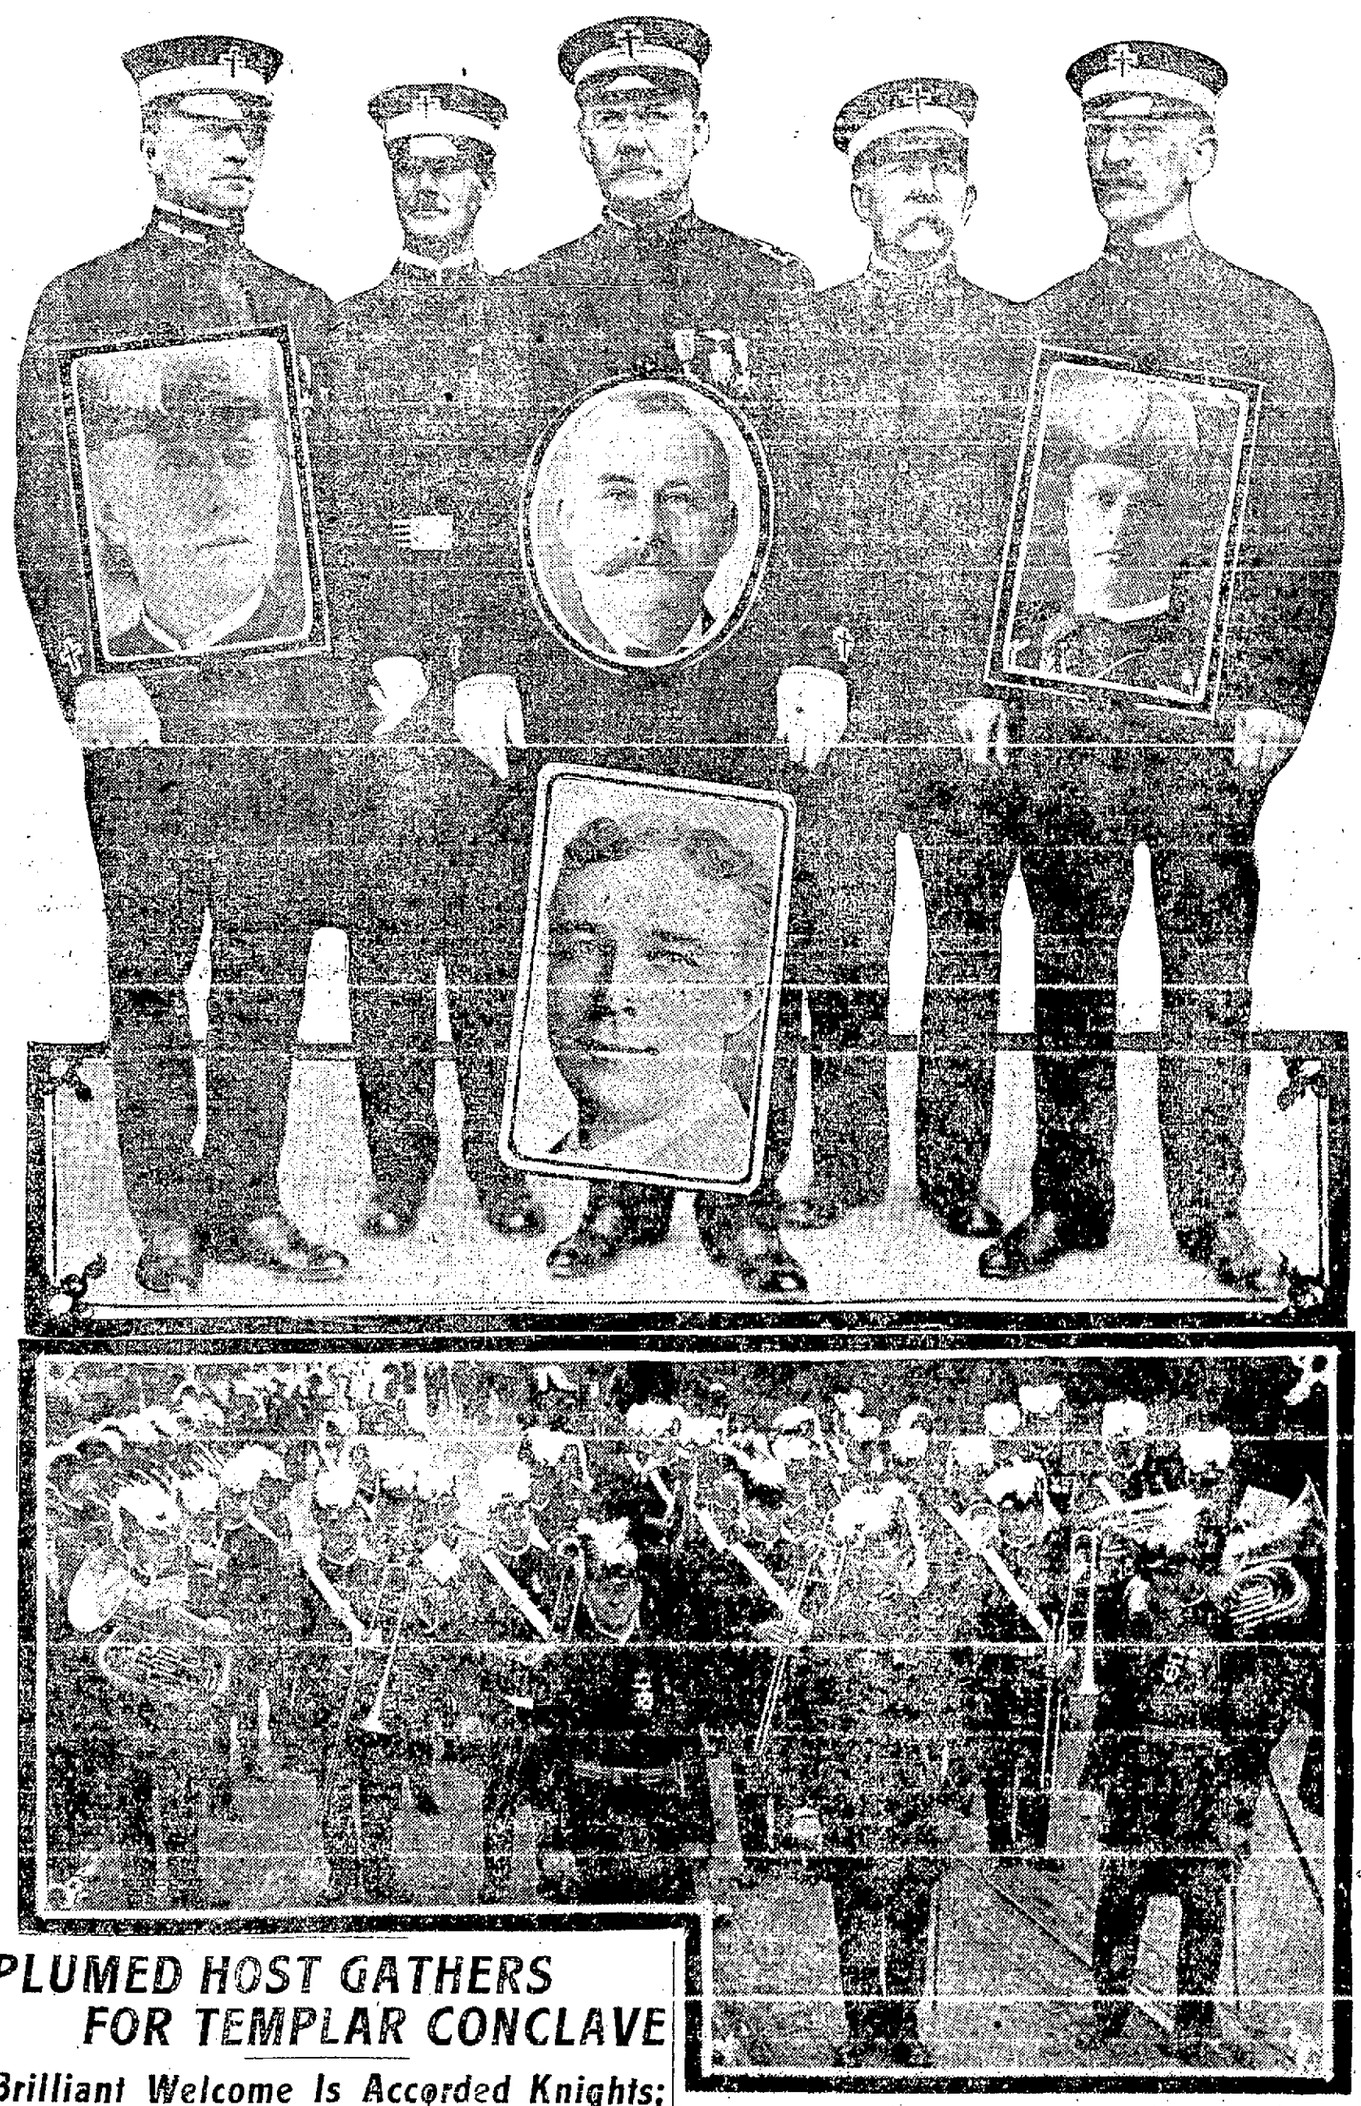

RUN FAR BEHIND.

Matthew R. Bronner and F. B. Cook ran far behind the other high candidates in the primary, receiving considerably less than one-half the total vote cast. They will be opposed by two women, Mrs. Harriet E. Hawes and Mrs. Agnes Ray, and it is anticipated that the women will make a hard fight to be placed upon the school board.

The total vote cast yesterday was 16,083 out of a total registration of 55,369. Of the 16,000 votes cast, the recognized administration candidates polled between 9000 and 10,000, showing absolute majorities over all votes cast. The vote was a vote of confidence in the present administration and a rebuke to those who have at-

DENTIST IS SHOT IN OFFICE

Dr. Arthur W. Minaker Dies Following Quarrel With Feminine Visitor

Believed to Have Been Suicide; Hysterical Prisoner Unable to Explain

SAN FRANCISCO, April 16.—Dr. Arthur W. Minaker, a prominent dentist of this city, with offices in the Hewes building, was shot and killed under peculiar circumstances shortly after 2 o'clock this afternoon.

A woman, whose name has not yet been learned, called on the dentist and words passed between them. A few moments later a shot rang out and Dr. Minaker fell to the floor.

It is supposed that he shot himself. He was dead upon reaching the Central Emergency Hospital. He has a wife and several children.

Detectives Macphee and Lemon reached the scene at 2:30 this afternoon and began the questioning of the woman, who was hysterical, following the shooting, and made only incoherent statements.

Detective Macphee was unable to obtain any information from the woman other than that she entered the office and sat down on a lounge. She was a patient of the dentist, and heard a shot, followed by a falling body. The woman became hysterical under questioning before she could give her name, and burst into fits of weeping. A physician was called and worked over her in an effort to calm her.

The woman, who was present when Dr. Minaker was supposed to have killed himself, was Florence Williams of 1644 Hynes street. A table set showed that luncheon had been partaken of by two persons. Miss Williams and the dentist ate the meal together, and it is thought that a quarrel followed.

Two Women Knocked Down and Injured by Automobile

Knocked down by a swiftly moving automobile at Eleventh and Washington streets early this afternoon, Mrs. J. W. Hahn, of 608 Forty-sixth street, sustained a fractured skull and her daughter, Mrs. H. F. Hahn, of 2614½ Bush street, San Francisco, received severe bruises of the hips and possibly internal injuries. The automobile was driven by Miss L. E. Cain of 560 Twenty-fifth street. The young woman became hysterical after the accident. The two injured women stepped from the curb into Eleventh street without noticing the approaching automobile. Mrs. Hahn was the first to receive the blow. The wheels passed over her body. Her mother was knocked to the pavement and dragged for several feet before the engine was stopped.

Dr. C. A. DePuy attended both the patients at the receiving hospital. Mrs. J. W. Hahn is the wife of Policeman John Hahn.

The mother and daughter married brothers, which accounts for the similarity in names.

Human Auto Runs Amuck; Will Die

Drinks Gasoline, Stabs Himself and Leaps From Ladder.

SAN FRANCISCO, April 16.—When William S. Cole, a discharged fireman from the United States steamship Maryland, was seized with a fit of insanity this morning he became possessed of the idea that his mechanism was similar to that of an automobile. He proceeded to drink a quart of gasoline.

His next move was to attempt suicide, which he did by stabbing himself six times with a pair of scissors, inflicting the wounds in the region of the heart. Then climbing up on a step-ladder he jumped off headforemost, splitting open his head. He has but a slight chance of recovery.

Cole is 25 years old and left the navy a few months ago. He has been living at 2176 Mission street and his family reside in the East.

bore the Knights Templar cross and the shield of the order was displayed as a prominent feature of the decorations of store fronts and buildings.

SYMBOL OF GREETING.

The bright decorations were the symbol of the warm greeting accorded the sir knights. Thousands of visitors arrived during the day. They were taken to the Hotel Oakland, registered, given into the kindly hands of members of the reception committee, and were cared for in every way to make their visit a pleasant one.

Streets were thronged with the visitors, who were taken on automobile tours around the city. The day was taken up in making the Knights Templar at home in Oakland in the elaborate preparations for the program that is to be the order of events for Thursday, Friday and Saturday.

LOS ANGELES MEMBERS HERE.

Los Angeles Commandery No. 9, one of the largest commanderies of the state, arrived in force at 12:30 this afternoon. Over 150 of the sir knights in full uniform arrived at Seventh and Broadway, having come to San Francisco on the Harvard. They were accompanied by a band, and were met by the Oakland escort in charge of Eminent Sir Francis H. E. O'Donnell, commander.

The Los Angeles commandery was the first to arrive in force. The commandery, in two divisions, accompanied by the escort, marched to the Hotel Oakland, where they were registered and provided with accommodations.

OTHERS ARE EXPECTED.

Another delegation from the commanderies of the southern part of the state is anticipated early tomorrow morning. They will arrive by train at the Southern Pacific Sixteenth-street depot, and will be met by the Oakland escort.

The knights were entertained at luncheon today at the Hotel Oakland, where an informal welcome was extended by officers and members of Oakland commandery. Following the luncheon the knights and their ladies were taken on an automobile tour of the points of interest of the city, including a trip to the State University grounds in Berkeley.

The visiting knights made the ascent to the tower of the new city hall as guests of the city. Four elevators were kept running at their service during the entire day, and 4500 permits were issued by Commissioner of Works Harry S. Anderson for visitors to enter and go to the top of the tallest building in California.

The visiting knights were also welcomed at the Masonic Temple, twelfth and Washington streets, and open house for the visitors was kept by the members of Aahmes Temple, Order of the Mystic Shrine, in the southwest wing of the Hotel Oakland.

FIFTY-ONE COMMANDERIES.

The big state conclave is attended by delegations from 51 commanderies of this state, as well as by a host of visiting sir knights. The feature of the conclave so far as the general public is concerned will be the grand parade to be held through the streets tomorrow afternoon.

In addition to the street parade, the drill corps of four of the largest commanderies will hold a competitive exhibition drill in Lakeside park Friday afternoon, and Friday morning the sir knights in full uniform will attend the regimental review of the University of California cadets on the old campus west of California hall.

OFFICERS TO BE ELECTED.

In addition to these public features the business of the conclave will be transacted at the opening session tomorrow morning, and at the session of the conclave Friday morning, afternoon and evening, at which officers will be elected and installed, and at which the beautiful ceremony of the exemplification of the Order of the Red Cross will be conducted in the asylum of Oakland Commandery, K. T., in Masonic Temple.

Tomorrow evening will be the grand social event of the conclave, the grand ball to be held at Hotel Oakland. This will be preceded by a concert by the Templar band of Golden West Commandery No. 43. The grand march will commence at 9 o'clock tomorrow night, and the dall will be attended by the visiting knights and their ladies.

IMPOSING SPECTACLE.

The most imposing spectacle that has been seen in Oakland will be the grand parade of the Knights Templar tomorrow afternoon. Mounted on coal black horses and riding in full uniform of black with silver and gold trappings, and wearing the beautiful helmet with white flowing plumes, the sir knights of several commanderies will ride through the streets. Other commanderies will march, bands will play, and flags, pennants and buntings will flutter in the breeze. Automobiles decorated with flowers, streamers and bunting will carry the ladies and grand officers.

The full panoply of the Knights Templar forms the most superb and imposing parade, perhaps, of any of the fraternal orders. The uniform echoes the ancient and noble history of the order, as the insignia of the cross of the split pyramids, cross of passion, backed by the sun-star, symbolizes the tenets and beliefs of the commanderies.

CROWDS ON STREETS.

Crowds will throng the streets tomorrow, and a special detail of police has been arranged by Chief Walter J. Petersen to keep order. Spectators will be massed at the reviewing stand at the Broadway and Telegraph-avenue gore. On the countermarch in mass formation the bands will play and the knights will render in chorus the stirring "Onward Christian Soldiers."

The parade will be in three divisions. The first division, including commanderies from 1 to 14, will be in charge of Eminent Sir Andrew J. Copp Jr. of Los Angeles. Eminent Sir Harry Moundrell of California Commandery No. 1 will command the second division, comprising commanderies 16 to 35. Eminent Sir William H. Waste of Berkeley commandery will have charge of the third division, with commanderies Nos. 36 to 51 in line of march.

REVIEWED BY MEEK.

The parade will be reviewed by Right Eminent Sir Rodolph Wallace Meek, grand commander, and his staff, consisting of Very Eminent Sir William Augustus Hammel, deputy grand commander; Eminent Sir James Robert Tapscott, grand generalissimo; Eminent Sir Perry Winslow Weidner, grand captain-general; Eminent Sir Samuel Andrew Clarke, grand senior warden; Eminent Sir Jonathan Morffew Peel, grand junior warden; Eminent Sir Reuben Henry Sink, grand prelate; Eminent Sir Charles Lord Field, grand treasurer; Eminent Sir William Abraham Davies, grand recorder; Eminent Sir Benjamin Franklin Bledsoe, grand standard bearer; Eminent Sir Robert Wankowski, grand sword bearer; Eminent Sir William Harrison White, grand warder; Sir Samuel David Mayer, grand organist, and Sir George Washington Perkins, grand captain of the guard.

S. F. DRILL TEAM WINS GREAT FAME

CRACK CORPS TAKE MANY HONORS

GROUP FROM GOLDEN GATE COMMANDERY DRILL CORPS, WINNER OF MANY TROPHIES AND HONORS AND FAMED THROUGHOUT THE KNIGHT TEMPLAR WORLD.—Photo by Habenicht.

San Francisco's most famous fraternal drill team, the Golden Gate Commandery Drill Corps, K. T., No. 16, which is to drill Friday afternoon, is one of the oldest organizations in Templar circles. In 1883, previous to the grand triennial conclave of Knights Templars, which was held in San Francisco, Colonel F. W. Sumner, who was then the emminent commander of Golden Gate Commandery and one of California's leading business men and whose work in the Templar world was recognized by all, his tactics now being famous throughout the United States and acknowledged authority on Knight Templar work, organized them for the purpose of entertaining the visiting Sir Knights.

During the next thirty years the drill team, under the leadership of Colonel Sumner and other now famous drill masters, visited all of the eastern conclaves, winning many trophies, beautiful cups and silken banners in testimony of their splendid efficiency. This team competed with all of the crack eastern drill corps, being judged by some of the most eminent military and fraternal authorities and tribunals.

GREATEST DRILL MASTER.

The present commandant, Eminent Sir Cassimir J. Wood, who has the enviable distinction of being the recognized peer of all drill masters throughout the Templar world, has perfected a team which will eclipse all of the past performances of the drill corps and should annex great credit and many trophies. Captain Wood has had the team practicing nightly for the past two months so that the members have reached a splendid state of efficiency. Every member of the corps has vied with the other in his efforts to keep the standard of the work upon the highest plane. The corps will attend the grand conclave at Denver this year and have every hope of bringing home the grand commandery trophy, which all drill corps strive for. The officers of the corps are as follows: Commandant, Eminent Sir Cassimir J. Wood; acting senior warden, Sir Alexander Woodside; junior warden, Sir Ira Coburn; adjutant, Sir Theodore Frolich; paymaster, Eminent Sir A. J. DeLamare; armorer, Sir J. W. Windlering; commissary, Sir A. Schleicher; historian, Sir R. B. Cleghorn.

Berkeley Knights to Meet Tonight

BERKELEY, April 16.—The Sir Knights of Berkeley Commandery No. 42, K. T., will hold a special session tonight in Masonic Temple for the purpose of completing arrangements and receiving instructions as to the part they will take in the great parade in Oakland tomorrow and on Friday and Saturday, during the Fifty-fifth Annual Conclave of Knights Templar of California. It is anticipated that there will be a large attendance at tonight's meting, as it is one of great importance.

Badges for the ladies of the Berkeley Sir Knights will be distributed and each Knight Templar should assure himself that his ladies are not overlooked in this rogard. Rooms 501, 503 and 505 in the beautiful Hotel Oakland have been especially reserved as headquarters for the Berkeley Sir Knights and their ladies. Sir Knights of Berkeley must report to the captain general, promptly at one o'clock tomorrow (Thursday) afternoon at room 505 Hotel Oakland.

Mott to Deliver Speech of Welcome

The Grand Commandery sessions will open tomorrow at 10 o'clock in the Masonic Temple lodgeroom, Twelfth and Washington streets, when the assembled Sir Knights and Nobles will hear the address of welcome to be made by Mayor Frank K. Mott, himself a Sir Knight of Oakland Commandery. The grand oration, opening the sessions of the order, will be delivered by Eminent Sir Francis H. E. O'Donnell, commander of the Oakland Commandery. The Sir Knights will attend the opening of the session in the full regalia of the order, and will adjourn at noon for luncheon at the Hotel Oakland. After luncheon they will proceed to the temple again, and there the parade will be formed.

Bowers on Wheels for Grand Officers

Automobiles decorated with wisteria, California poppies, chrysanthemums, hollyhocks and red roses are to be used by the grand officers. Ladies of the Oakland committees have been engaged all day preparing nine automobiles, each to be decorated with a different flower.

The decoration of the automobiles has been done at Cockerton's warehouse in North Oakland by a committee in charge of Mrs. R. F. Tisdale. Over a score of members have contributed their services. Chief among Mrs. Tisdale's assistants have been Mrs. George A. Cockerton, Mrs. Fred L. Button, Mrs. Wells Whitmore, Mrs. Marchand, Mrs. Newell and Mrs. de la Montanya.

WELCOME KNIGHTS OF LOS ANGELES

Escort From Oakland Commandery Meets Brilliantly Attired Delegation.

Led by Eminent Sir Andrew J. Copp, Commander, and Sir O. B. Griffin, Chief of Staff, 150 members of the Los Angeles Commandery, No. 9, Knights Templar, arrived in Oakland shortly after noon, coming on the Southern Pacific local from San Francisco. They arrived on the steamer Harvard from the south.

The Los Angeles division carried its own brass band and, in full uniform, with the plumed hats of the order, made an imposing spectacle. They were met at the Seventh street station by an escort from Oakland Commandery, led by Commander Francis H. E. O'Donnell, commander of Oakland Commandery No. 11, and his official staff, who, with the escort, formed in line and presented arms as the Los Angeles detachment marched past, formed into line and proceeded to Broadway.

On Broadway, between Seventh and Eighth streets, the southern detachment, formed in line and presented arms as the Oakland commandery, marching by, took the lead. Then, with bands playing, the line of march to the Hotel Oakland was begun. Here the guests registered and later they visited the Oakland Masonic temple.

MORE ARE COMING.

Another detachment from Los Angeles will arrive tomorrow, Commandery No. 9 having sent one portion of the Templars by boat and another in a special train, which, on its way north, will pick up members from the commanderies of the Southern division. This train will arrive tomorrow at the Sixteenth street station at about 9 o'clock.

Fresno, San Diego, Bakersfield, San Bernardino and the other cities in the south will be represented in the delegation arriving tomorrow. No special trains are coming from the north, the bulk of the delegates to the big conclave being sent from Southern California. The different commanderies of the north are sending representatives, who are arriving on regular trains and boats.

SUES FOR BEING RUN INTO BY AUTOMOBILE

Trial of a suit for $11,402 alleged damages brought by William C. Townsend against Charles W. Keith is being conducted before Superior Judge Waste and a jury. Townsend complained that while he was riding a motorcycle over the Park avenue bridge August 7, 1911, Keith ran into him with an automobile throwing him to the ground and causing a fracture of his left leg and three broken ribs. Keith claims that the plaintiff turned out from behind a wagon suddenly and that he had no opportunity to avoid striking him.

COMMERCIAL CLUB OPPOSED TO BILL

The Oakland Commercial Club went on record at a special meeting of the board of directors at luncheon today as being unalterably opposed to the alien land bill now in the legislature. G. C. Farley, secretary of the club, after receiving copies of the resolution, started for Sacramento this afternoon, where he will personally put the objections of the Commercial Club into the hands of the legislators.

The reason given for opposing the bill is that it will retard the financial, commercial and agricultural development of the whole state.

Parade Tomorrow Will Start at 2

The head of the parade will move at 2 o'clock tomorrow afternoon. The column will move north on Clay street to Twelfth, east on Twelfth to Washington, south on Washington to Ninth, east on Ninth to Broadway, north on Broadway to Twelfth, east on Twelfth to Alice, north on Alice to Thirteenth, west on Thirteenth to Clay, north on Clay to Fourteenth, east on Fourteenth to Broadway, and north on Broadway past the reviewing stand at the junction of Telegraph avenue and Broadway.

After passing the reviewing stand the bands will turn into the first intersection street to the right of Broadway, while the standard bearers, staffs and officers will turn into the first intersecting street to the left while the street is cleared for the countermarch. This will be in mass formation, and will continue to Twelfth street, the bands playing and the knights singing "Onward, Christian Soldiers."

AAHMES TEMLE HAS OPEN HOUSE

Shriners Form Reception Committee to Welcome the Knights Templar.

Aahmes Temple, order of the Mystic Shrine, is holding open house during the big conclave. Many of the visiting Sir Knights are members of the Shrine in their own cities, and all are welcomed by the hospitable Oakland temple. Special preparations have been made by the Shriners to entertain the distinguished guests from different parts of the state.

The reception committee, under the direction of Chairman D. E. Perkins, is in constant attendance at the Shriner headquarters in the southwest wing of the Hotel Oakland, and several Chinese boys, in Oriental costume, have been employed to wait on the visitors. Refreshments are being served, and a number of special events are planned for the entertainment of the guests.

The reception committee consists of D. E. Perkins, chairman; Mayor Frank K. Mott, R. M. Wuillemin, A. D. Smith and Harmon Bell. The Official Divan of the Shrine is also taking a prominent part in the arrangements anud a number of the controlling body of the organization is usually to be found at the clubrooms, to receive and welcome the Templars and their friends.

The Temple will be open from 10:30 a. m. to 11 p. m. today, tomorrow, Friday and Saturday.

Patterson First to Register; Wins Wager

Postmaster W. H. Patterson of Los Angeles was the first Templar to register for the conclave at the Hotel Oakland today, thereby winning a wager from Sheriff "Billy" Hamel of the same city. The wager was for an ostrich plume, the same to be presented to the wife of the winner. Hamel missed his boat in Los Angeles, attempted to catch it at San Pedro after a hurried automobile ride, failed, and caught the "Lark," the fast limited coast train. He arrived in Oakland in time to see the postmaster blot the signature on the hotel register.

The two jokingly wagered that the man first signing the register should buy an ostrich plume. Hamel heard that Harrison planned to sail on the Harvard and attempted, in vain, to catch the boat, which had just left port Los Angeles, as he arrived. An eighteen mile auto dash to San Pedro followed, but the boat had just sailed.

ONE FERRY AHEAD.

Rushing back, Hamel awaited the departure of "The Lark," and arrived in San Francisco this morning. The boat arrived about the same time, but Harrison was one ferry ahead, and had registered before Hamel appeared on the scene.

Hamel is one of the most noted figures of the south. A pioneer official, he is noted as an organizer of posses, and some of his exploits in the early days have gone down in history. He is the man who introduced police dogs to Los Angeles, securing a number of the animals from Paris, where they are a regular adjunct to the police force, and applying them to the work of his office and the police in the south.

Harrison has been postmaster in Los Angeles for many years and is a prominent figure in political life in the south. Both men were accompanied by their wives, who will act as a committee of two in choosing the forfeited ostrich plume, tomorrow.

STRIKERS CONCEAL ACTUAL STRENGTH

Belgian Strike to Be Progressive; Many Arrests Are Made.

LIEGE, Belgium, April 16.—The strike is spreading here. The Socialist policy, it now appears, was not to show the full strength of the movement during the first few days, but to let the stoppage of industry be progressive. Several hundred more machinists employed at the National Arms factory came out today.

Excitement is beginning to make itself evident. A number of arrests were made this morning of persons accused of interfering with those willing to work.

THOUSANDS OUT.

BRUSSELS, Belgium, April 16.—A statement issued this morning by the ministry of the interior admits that 257,000 men have joined the national political strike of the Belgian workers, who have chosen this means of forcing the grant of "manhood suffrage and the abolition of the system by which wealthy citizens are given plural voting power." The Socialist leaders asserted today that the total number of strikers is over 400,000.

COAL SUPPLY SHORT.

It is stated that the Belgian government finds itself with a very small supply of coal to run the state railroads. This supply is likely to be exhausted by the end of the week, thus crippling transportation facilities. Lack of fuel also will cause the stoppage of many electric and gas plants and prevent many thousand nonstrikers from working.

Emile Vandervalde, the Socialist leader, completed today a tour of the provinces of Hainaut and Namur. He summed up his observations as follows:

"All business is stagnated through the industrial district. Of the 208,000 workmen in the provinces 163,000 are striking."

HURTS EXPOSITION.

GHENT, Belgium, April 16.—One of the most serious results of the Socialist strike throughout Belgium will be its effects on the international exhibition which the king is to open here next week. The mayor of Ghent said today:

"I have grave fears that the strike will seriously injure the exhibition. Sixty per cent of the British exhibitors have decided to retire from participation and 30 per cent of the French exhibitors have followed their example. I hear also that the American exhibitors are hesitating."

Civil guards dispersed today 200 strikers who were making an attack on a wire factory here.

STRIKE IS SPREADING.

HUY, Belgium, April 16.—The strike is spreading among the papermakers and tinplate workers of this district, many of whom laid down their tools today.

BLOCK POTASH SHAFTS.

NAMUR, Belgium, April 16.—Strikers today blocked up sixteen shafts of the potash mine near here by pushing in the hoisting cranes and all the outside equipment.

17,000 AT ANTWERP.

ANTWERP, Belgium, April 16.—The number of strikers at this seaport reached 17,000 today. There seems no inclination on the part of other workmen to join the movement.

UNABLE TO FILL ORDERS.

BRUGES, Belgium, April 16.—The manufacturers of this district have posted notices calling attention to the impossibility of filling the orders they have on hand, as their workmen are on strike.

Buddha Wreaks His Vengence on Thief

LOS ANGELES, April 16.—The great god Buddha, Kipling's "heathen idol made of mud," demonstrated its power over a guilty conscience and incidentally furnished a robbery clew today, when a valuable jade ornament, taken from a miniature statue of Buddha by burglars who looted a Chinese store was returned.

The jade was a portion of stolen goods valued at $2000. The statuette from which it was taken bore an inscription to the effect that a thief of holy things would suffer the pangs of a guilty conscience until the stolen articles were returned.

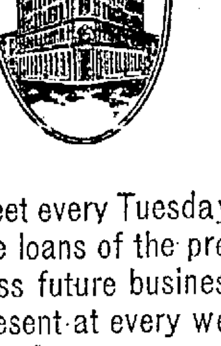

The jade was returned in a package postmarked San Francisco, and with it came a letter saying simply that the little idol's pronouncement as a guilty conscience had been felt down to the last pang.

Balloon Ready for Trip Across Atlantic Ocean

LAS PALMAS, Canary Islands, April 16.—The dirigible balloon, Suchard II, is ready for the voyage across the Atlantic which Joseph Brucker, formerly of Milwaukee, purposes to make as soon as the weather is favorable for the start. Provisions and water sufficient to last twenty-five days have been taken on board. Brucker is convinced he will make Barbadoes or Trinidad before April 28. Engineer Kruger and Mechanician Peter, both Gemans, complete the crew.

Arthur Ayers Is Thrown From Buggy and Killed

SAN JOSE, April 16.—Arthur Ayres, manager of the diamond department of Shreve & Co., San Francisco, was killed last evening by being thrown from his buggy while riding with his son in the Santa Cruz mountains. The body, which is at his summer home near Alma, will be taken by Mrs. Ayers to San Francisco for interment.

LIGHT VOTE CAST; 4 WOMEN NAMED

Successful Candidates Must Run Again at May Election.

(Continued From Page 1.)

tempted from time to time to find fault with the conduct of the city's affairs.

SOCIALISTS FALL OFF.

The Socialists apparently fell below their voting strength of two years ago and of the recall election. From an analysis of the vote cast it would seem that the actual voting strength of the regular Socialist voters in Oakland is about 2000, and that this can be almost counted upon at any election at which the only issue is that of socialism.

None of the five women candidates received less than 2800 votes with the exception of the Socialist candidate against Miss Brown, and it is estimated that there are at least that many women in the city who will vote for a candidate of their own sex irrespective of other qualifications or issues.

A significant feature of the election was that four out of the five women candidates qualified to run at the general election. The women made so strong a showing that it appears possible, if not probable, that there will be two, or perhaps three, women school directors when the votes have ben counted at the general election May 6.

SCHOOL BOARD FIGHT.

The main fight at the May election will be on the school board, with school directors Nos. 2 and 3 as the storm centers. Annie Florence Brown is assured of election as school director No. 1, her qualified opponent being Mrs. Emma Gilbert, the Socialist candidate. But on the two remaining candidates there will be a strenuous attack, and it would be difficult at this time to prophecy the outcome.

Matthew R. Bronner is the incumbent and administration candidate for school director No. 2. A quiet fight, but one that overspread the city, was made against him, and while Miss Brown received 9338 votes, Bronner fell behind to 6690. The combined vote of his opponents was 8582. The highest of the three opponents was Mrs. Harriet E. Hawes of East Oakland. Mrs. Hawes has a heavy backing from the women from the annexed district. It is anticipated that much of the opposition vote will be centered on her, and that Bronner will have to make a brave and strenuous fight if he is to retain his seat on the school board.

CONDITIONS SIMILAR.

Similar conditions obtain in the case of F. E. Cook, incumbent school director, who is a candidate for No. 3, and who received the highest vote for this office. Cook received 7239 votes, the combined vote of his opponents being 7283. Mrs. Agnes Ray, Cook's opponent in the contest for May 6, received 3325 votes. Mrs. Ray is a prominent clubwoman, and it is anticipated that she will make a formidable contestant against Cook.

Yesterday's election would have decided the matter in the case of four of the candidates had it not been for a special provision of the Oakland charter which was included in that organic act of the city by the board of freeholders. The freeholders copied the election procedure almost word for word from the Berkeley charter, with the exception of this special provision. The Berkeley charter, which was used as a model, provides that a candidate receiving a majority of the total vote cast at the primary election shall be declared elected, and shall not have to run again.

FEAR OF "DARK HORSE."

This provision would have been copied had it not been for objections largely interposed by George C. Pardee, former governor, who was a member of the board. Pardee feared a possible "dark horse" capturing the primary, and provided that the two highest candidates would have to run again no matter how many votes they received.

In the present primary Gross and Anderson received three times as many votes as the men who will oppose them in the coming election, yet they will have to repeat their campaign, and the city will be put to the expense of another election, at a cost of over $15,000.

Mayor Frank K. Mott commented upon the cumbersomeness of this method, and suggested that when certain amendments proposed to the city should be offered, this provision be submitted also to the vote of the people for adoption.

GENERAL MEETING.

Protection of the laborer, subjects pertaining to public health and safety, housing problems, sanitation, health legislation, and other subjects of general interest to physician and layman alike will be discussed this evening at the general meeting in the ivory ballroom, when several prominent physicians connected with the administration of public health regulations, as well as laymen authorities, will be heard on different topics of interest. Miss Annie Florence Brown of the Oakland board of education will be one of the principal speakers, discussing medical inspection in the schools, its operation and results. Miss Brown, who has made a special study of the subject, will go into details as to the methods employed here and in other cities, discuss the value of the practice and tell of its administration.

Occupational diseases, with special reference to the ills encountered among workers in nitroglycerin factories, and other chemical works, will be discussed by Dr. E. G. Ebright, and Dr. Aaron L. Sapiro, secretary of the California Industrial Board, will speak on the protection of workmen from factory accidents. Miss Jessica Peixotto, of the University of California, will speak on housing problems, and Dr. William F. Snow, secretary of the state board of health, will be heard on legislation bearing on the medical profession and public health problems.

TO CONSIDER ATHLETICS.

The effect of excessive athletic work in students of colleges and schools will be discussed at length by Dr. H. D'Arcy Powers, and the Sunday closing of pharmacies will be gone into by Dr. A. S. Musante.

Tomorrow discussions will be held on general diseases, including typhoid, pneumonia in children, and eye, ear and nose treatments. Tuberculosis will be discussed in the afternoon, Dr. B. S. Stevens, Dr. H. S. Moore, Dr. C. F. Welty, and several others discussing this subject.

LEG AMPUTATED AFTER ACCIDENT

Caught between the running board of two automobiles in front of his residence, in Sacramento, Lester R. Nichols, a prominent real estate operator of the Capital City and son of W. D. Nichols, procesor of the Oakland Chamber of Commerce, had his right leg so badly crushed that amputation was necessary. The father returned to Oakland today after attending his son during the operation at the Sisters' Hospital early this morning.

The injured man lived in Oakland for many years.

POLICE ARE ASKED TO FIND MISSING WOMAN

The police have been asked to aid in locating a woman whose maiden name was Mary Collinge, whose married name was Mrs. Mary Knapp and who has not been heard from by her relatives since 1867. The letter asking for the information comes from a niece of the missing woman, who resides in Philadelphia. She writes:

Chief of Police: Kind Sir: Would you kindly try and locate an aunt of mine in your city through the aid of your papers, as there have been people in our city who have located relatives that way. I thought that you might get me in touch with my aunt. The last time we heard of her was in 1867. She at one time was located in Butte Valley in 1865. She had one daughter, Hattie, and one son, John, at that time. That was in 1867. Her maiden name was Mary Coolinge, and her married name Mrs. Mary Knapp. I am a daughter of John Collinge.

Kindly oblige.

IMMIGRATION MEN TOUCH LIVE WIRE

Asiatic Exclusion Act Wedges in Unofficially, But Is Tabooed.

SAN FRANCISCO, April 16.—Colonel John F. Irish and Walter Macarthur engaged in a friendly word battle yesterday at the Pacific Coast Immigration Congress on the question of Asiatic exclusion. Irish declared that the development of a state along certain lines required a co-ordination of labor and that there was certain work which the "long legged and long backed white" could not do and which the "squat legged occidental" could.

Macarthur returned that if the people of California had to depend upon the squat legged Asiatics for their daily bread, then they are in an unfortunate and undignified position.

J. P. Healy, with the permission of Judge Frank Muraskey, who was presiding, quieted the troubled waters by mildly reminding the speakers that their topic was no part of the congress.

Committee reports were adopted. The committee of reception and protection recommended that the congress urge the western states to enact legislation similar to the bill now before the California State Legislature providing for the creation of a permanent state immigration commission.

The principal address was delivered by Dr. Martin A. Meyer, Rabbi Temple Emanu-El, who spoke on the status of the immigrant, and especially that of the Jewish immigrant.

Bishop Edwin H. Hanna was the principal speaker of the afternoon. He spoke on the "Pacific Coast Immigration Problem in the Light of the Atlantic Coast Experience."

J. Stitt Wilson of Berkeley urged the opening up of the present lands which are held by land barons and through early grants, and so relieve the present pressure. K. S. Inui, secretary of the Japanese Association of California, explained how Japanese immigration from now on would be small, as the Japanese government was restricting the immigration of the laboring element.

The congress was concluded with a banquet given by the Commonwealth Club. Dr. Edward A. Steiner was principal speaker.

GETS FAMILY ALLOWANCE.

SAN FRANCISCO, April 16.—Mrs. Frances I. Adams, widow of John Adams, a wealthy local citizen, who died recently, leaving an estate of $100,000, was given $600 a month family allowance by Judge Graham today, despite the fact that she asked only for $500. In the same court Jennie Davis was allowed $500 a month from the estate of Eugene Davis.

At that time Branch No. 76 will endeavor to have the delegates in Oakland for at least one day, when an effort will be made to make their visit enjoyable and long to be remembered.

The committee in charge of the theater party is composed of Charles M. Herkenham, H. L. Nash and George D. Hand.

DR. FRIEDMANN TO RE-TREAT CASES

Urged Not to Delay Demonstration With Patients Already Treated.

WASHINGTON, April 16.—Dr. Friedmann has received a letter from Dr. John F. Anderson, chairman of the board appointed by Surgeon-General Blue, of the public health service, to inquire into the efficacy of the German physician's remedy. The letter states:

"In order to avoid undue prolongation of your demonstration and to avoid delay in advising the public of the judgment that we may be able to form of your treatment, we are forced to limit our clinical studies to the patients already treated under our observation in the hospitals in New York city.

"We feel that these patients now should be seen by you with the view of giving such additional injections of your remedy as may, in your judgment, be necessary to effect a cure."

At a conference here last Sunday, Dr. Friedmann was notified by Dr. Blue that until the exact nature of his tuberculosis vaccine and the method of application had been revealed, and the claims made for it substantiated by official tests, a license for its sale in interstate commerce could not be granted.

PROVIDENCE, R. I., April 16. — Dr. Frederick F. Friedmann, who was in Providence last night demonstrating the serum which he claims is a cure for tuberculosis, said he intended to return to New York the latter part of the week to look after the patients he has treated there. From New York he will go to Montreal for the same purpose.

The German physician made the announcement before learning of the letter addressed to him by Dr. John F. Anderson.

TWO OTHERS SUSPECTED IN DIETZ MURDER CASE

CHICAGO, April 16.—That at least two persons other than George Nurnberg, under arrest in connection with the murder of George Dietz, the wealthy women's tailor and milliner in his home at 733 Aldine avenue, early Monday, were implicated in the crime was the conclusion drawn from remarks of First Deputy Superintendent of Police Schuettler.

The police declare Nurnberg innocent, but private detectives insist that he is closely connected with the case and has made damaging admissions.

BUNCO OPERATOR GETS SEVEN YEARS

F. De Bois of Dr. Pietro's Gang Refuses to Talk; Denounces Justice.

SAN FRANCISCO, April 16.—Frank De Bois, a member of the DiPietro gang of bunco operators, was sentenced to seven years at San Quentin penitentiary by Superior Judge Dunne today. The defendant pleaded guilty to a charge of stealing $3500 from Andrew Raguish on July 13, 1911. After judgment had been passed upon DeBois he was placed on the witness stand and questioned as to his attitude. He stolidly refused to talk.

"Won't you answer questions demanded by the law of the state?" inquired Assistant District Attorney Berry.

"No, I will not. There is no such thing as justice," was the reply.

De Bois was one of the leading members of the band headed by Rinaldo Pietro, who has himself escaped arrest and is now believed to be in Europe.

The ring cleaned up $500,000 during its operations hereabouts.

THE SECRET OF SUCCESS

Genuine Merit Required to Win the Peoples' Confidence

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been cured, to those who are in need of it.

In an interview on the subject a prominent local druggist says: "Take for example Dr Kilmer's Swamp-Root—a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows immediate results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."

The success of Dr. Kilmer's Swamp-Root is due to the fact that it fulfills every wish in overcoming kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

A free trial bottle will be sent by mail, absolutely free. Address Dr. Kilmer & Co., Binghamton, N. Y., and mention this paper. Regular size bottles sold at all druggists—50c and $1.

SHADY CAFES OF CHICAGO WATCHED

Investigators Set to Work by the Illinois Vice Commission.

CHICAGO, April 16.—The Illinois Senae vice commission, before leaving for Springfield last night, set to work several investigators whose duties were specified as obtaining evidence from cafes which are considered by slumming parties "places to be seen," theaters and the biggest hotels in the city. They will keep a special watch for lewd or suggestive songs or entertainments of any sort.

"When we question the owner of a small or an acknowledged 'shady' place," said Lieutenant Governor O'Hara, "the owner always says: 'Why, they do this at such and such a theater, or at this restaurant or that hotel; why can't I?"

"And the fellow is right. For why can't he? The answer ought to be that he can't and that the theater or hotel or cafe owner likewise cannot."

LAWLOR FOR FEDERAL JUDGESHIP IS RUMOR

WASHINGTON, April 16.—If Judge Lawlor has been appointed to succeed Judge DeHaven, as rumored here from California, the three California Democratic congressmen, Raker, Kettner and Church, know nothing about it. They are supposed to be making up the slate for all California federal appointments. Department of Justice officials said that they did not know anything about the rumor. It was stated tonight by the congressmen that selections have not yet been made to fill either of the vacant California federal judgeships.

HEAD ITCHED AND BURNED

Ears Swelled Up and Got Raw, Scratched in Sleep and Made Sores. Used Cuticura Soap and Ointment. Now Well.

625 S. W. Boulevard, Rosedale, Kansas.—"My trouble commenced in my ears about fifteen years ago. My ears swelled up and got raw and ran a thick yellow mucus. There were small pimples that had a skin yellow fluid in them. When they broke the fluid ran down on my face and neck which poisoned the places. Sometimes this would all dry up and the flesh would be dry and hot and crack open in places. Then it would all break out again. It itched and burned dreadfully. I would lie awake nights for hours. I scratched in my sleep and made sores. Then that yellow fluid would come out of the sores. I suffered a great deal with my head itching and burning and it broke out in pimples around the edge of my hair on the back of my head.

"I used everything I heard of but got no relief, in fact got worse. My ears swelled two or three times their own size and turned almost black and I was in despair. A friend asked me if I had tried Cuticura Soap and Ointment, so I went and got a box of Cuticura Ointment and cake of Cuticura Soap and commenced. By the time I had used one box of Cuticura Ointment and one cake of Cuticura Soap I was well." (Signed) Mrs. Mary Conkling, Apr. 26, 1912.

DO GIRLS OF TODAY LOVE AS THEIR MOTHERS LOVED?

By LAURA JEAN LIBBEY

[Copyright, 1913, by Laura Jean Libbey.]

LAURA JEAN LIBBEY.

SURELY the bachelor who asks this question of me in a very bright, interesting letter should know better than I. However, we'll try to argue it out together. By all that I can see or hear, could ever learn by tale or history, the course of true love seems to run pretty much the same in every clime and every age.

The city girl lays the foundation for her future by making many girl friends, whose homes she visits. She cannot help, in this way, being thrown in contact with those girls' brothers, if they have any. This is how their acquaintance begins. The young folks give a little affair or attend one at the house of the other.

The first that either know of the attachment is when the young man musters up sufficient courage to boldly ask the parents of the girl if he may be permitted to pay his addresses to the daughter. This is the beginning of their courtship. The mother informs the girl's father that hereafter they will be obliged to quit spending their evenings in the living room; that he will have to find some other place to read his papers or to indulge in his nap in his morris chair.

"Mabel and her beau will want that room all to themselves," she adds with a sigh.

"What's the matter with the parlor?" he asks brusquely.

"There's not even a portiere between the two rooms," she replies. "Sweethearts never feel quite at ease if the girl's father sits in a position to spy upon them from over the top of his paper," she adds sweetly and reminiscently. "You know how it was when we were courting. We could only look at each other from across the room, the family being present. How thankful we were when the clock struck 10 and they all bundled off upstairs."

"Yes, and that half an hour or so that we sat side by side together, holding hands, seemed unutterably sweet. But your father kept tabs on us and had no hesitancy in calling down on the stroke of the half hour: 'It's half past 10, daughter.'"

Gracious! The manner of courting seems to be changing nowadays. The young folks don't sit by the fireside holding hands. It's one night at a dance, the next at a euchre, the next calling on friends—again it's a theater party, a dinner, or some out of door sport. They scarcely know what it is to spend an evening in the house. They certainly do not see as much of each other as their mothers and fathers did while courting.

When one comes to think of it, the new plan is not a half bad one. They do all their sightseeing and running around before marriage. They are content to settle down after marriage and get acquainted with each other. Then, again, after this mode of courtship their confidence for each other is firmly established. Both know that they have been thrown in contact with with others. There has been no cause for jealousy.

When courtship has too smooth sailing one does not know where to look for the shoals that might swamp matrimony's ship. This is the age of advancement in ideas and sensible customs. Even in the new mode of courtship it excels. It is a bright spot in the lives of both to look back to. When we courted there weren't so many social affairs that one cared to go to. A young man felt that he was obliged to spend just so many evenings a week at the home of his fiancee.

It is all very well to tell that one never wearies of the society of the one he loves. But, if many a man were to tell the truth he might admit to a secret longing for a week off now and then, or a crowd to help keep him in a jovial mood. You know what happens the lad who is fed on sweets continuously. The present mode of courtship is good, lively, wholesome and best.

A FARMER OF 25.

Dear Miss Libbey: I am a farmer of 25. Never have used tobacco or liquors and never danced or gambled, yet have a good time. My parents married very young. They got along fine through life. They have advised me not to marry young. I was a little bashful around the girls, and am yet; do not know just what to say, it seems. I got so I did not care to go with anyone. I went with a girl last winter about three months. I am writing to one now I met about two months ago while on a visit. She is a girl not settled; that is, she does not know what is best—to teach school or keep books for some firm: I have never asked her to help me, for she has not made up her mind what to do. Now, mother has died and I need someone to help me. I live with my father and sister of 13. She does not do any work, so we batch. Now, if the girl I am writing to goes to teach or work, do you think it all right to advertise for a helpmate? I have some of this world's goods and will inherit. I have a common school education, 5 feet 11, weigh 165, light complexion, blue eyes, dark brown hair, kind, and would love a good helpmate. E.

No, don't advertise for a helpmate! That is entirely the wrong way to go about seeking a wife. You can afford to wait another year or so. In the meantime, look about among your own circle of acquaintances for a girl to whom you feel you could intrust your future happiness. I am sure if you are as desirable as your letter would indicate you will have no difficulty in interesting some good girl in you. Then set about to win her by being as considerate and as kind as you know how to be, by extending little courtesies to her and by anticipating her wishes whenever possible.

IS IT RIGHT?

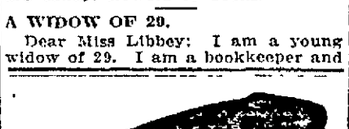

Dear Miss Libbey: I am 19. I have been attending school. While there I met a young man of 22. Last year he went with my sister, but as she is not in school this year he goes with me and treats me very nice. He writes to my sister, but not like before he went with me. He also corresponds with other girls, whom he calls his sisters, and treats them just as nice as he does me when they are around him. I would like to know if you think it is right for this young man to treat me as if I were the only girl for him and still continue writing to these girls and give them presents of the same value he gives me? Would you advise me to still keep company with this man? I truly love him and would hate to give him up. P.

So long as you are not engaged the fellow has a perfect right to correspond or go about with whom he pleases. It is not right, either, for you or the other girls to accept gifts from the young man, unless the gifts are candy, flowers or books.

A WIDOW OF 29.

Dear Miss Libbey: I am a young widow of 29. I am a bookkeeper and work all the time. Of late I have become acquainted with a young man who seems to care a great deal for me. I do not care to marry again, at least not at present; he is several years younger than I am. He has confessed his caring for me, and makes it a point to be in my company a great deal. He was going with another girl, whom he quit. Advise me what to do. I care a great deal for him; more, in fact, than I care to admit. My past has been very unhappy, and it seems so nice to have someone always ready to do some little favor without having to ask for it to be done. Do you consider age a barrier. He seems old in experience. I only want to go with him for pleasure, and he seems satisfied with even that. He often says his greatest happiness is to be near me, even though I can't consider his offer of marriage at present. He loves me enough to be patient. My mother objects to my going with him. She never did have any consideration as to my feelings. I feel as though I should like your advice, as I know rent expenses of the house, and for that reason I feel as though I can what my heart says. I own our home and keep up a good part of the cargo against my mother's advice, when it comes to just a little pleasure. I have a little son 3 years old. When my friend calls he is always anxious to see baby, and don't seem to care about his being with me. M.

If you find the fellow companionable and he is desirable in every way there is no reason why you should not go about with him. If you work hard all day and shoulder the responsibilities of the home you deserve to have some pleasure. The age difference need be no barrier.

ROOSEVELT EATS TWO-CENT LUNCH

Also Advocates Progressive Plank to Establish Cost Lunch Counters.

NEW YORK, April 16.—One cup of bean soup, one cent.

One egg sandwich, one cent.

Two cents.

Such was Theodore Roosevelt's lunch and its cost today. It was bought by the Colonel among pupils, children of various nationalitites at an East Side grammar school at noon. The former president visited several schools to investigate the food-at-cost-price luncheons furnished under the auspices of the child life committee of the Progressive party.

"It was food which I would have enjoyed as a first-class dinner or lunch on the roundup, or with the regiment, or on a picnic or anything like that," said the Colonel. "I feel very strongly on this lunch question. I feel that we ought by law to get every state to provide that the school boards should furnish meals to the children at not less than the cost price of raw materials. I hope that will be made a plank of the Prigressive municipal platform in the fall."

Roosevelt saw several children pay more than two cents for lunch. One child, whom he referred to as an "amateur Vanderbilt," spent seven cents, buying chocolate, bread, cake, soup and three dishes of salad. Several pupils told the Colonel they used to go to the streets for their lunch, buying it from push carts, some purchasing green pickles and candy. He learned that 2800 children are served daily at seven schools.

FIRES MENACE BLACK HILLS NATIONAL FOREST

DEADWOOD, S. D., April 16.—Forest fires, the first of the season in the Black Hills, are again menacing the National Forest. The past few days of warm dry weather has cost the government heavily. Three ranches are reported destroyed. A devastating prairie fire of wide extent also is reported to be sweeping the country near Buffalo Gap, S. D. The sheriff of Buffalo Gap, it is said, was sending out appeals for fire fighters, saying it would require a thousand men to fight the fire, which was beyond control.

TRAMPS NEARLY DIE IN BURNING PRISON

SAN MATEO, April 16.—Two tramps locked in the city jail narrowly escaped death by suffocation when the prison took fire and there was no one about to hear their cries for help. The prison is in the Chinese quarter and no guard was in attendance. Think Of Me!

When you need dental work of any kind I want you to remember me. I am the dentist who never hurts.

No matter what has to be done to your teeth, I can fix them without causing you least bit of pain or discomfort. That's a pretty broad statement, but I'm ready to back it up.

Terrysthesia, my great discovery, has made painless dentistry an absolute reality. I don't ask you to take my word for it—just come in and watch me fill, crown and extract the most sensitive teeth with a complete absence of pain.

Don't be afraid that you will be put under the influence of gas or "dope." My method is perfectly safe and cannot injure anyone. I use no cocaine or other poisonous drugs.

Another thing I wish to impress upon you is that I am the originator of the Rex Alveolar Method of Dentistry—the only method that permits the restoration of lost teeth without the aid of plates or bridgework.

If you have two or more sound teeth in either jaw there is no excuse for your wearing a wabbling partial plate or an old piece of junk called a bridge. Rex Alveolar teeth are so natural looking that they should not be called false teeth. They will bring you joy and comfort every minute that you use them.

Bear in mind that my prices are moderate and my work is positively guaranteed to give satisfaction. Call and see me right away. I've got a surprise in store for you.

Consultation, examination and estimate free to everyone.

Hours, 8:30 to 5:30; Sundays, 10 to 12

POLICEMAN HOLDS FOUR OF A KIND

SAN FRANCISCO, April 16.—Policeman Patrick Herlihy was walking along Union street this morning when he saw four men rolling over and over on the pavement. The quartet was so jumbled together that they looked ligke a human ball. As the officer drew nearer they arose to their feet, one armed with a spade and another with a shovel, while the remaining two used their fists to good advantage. Herlihy drew his club and by diligent use of it soon had all four in custody. He took them to the city prison and charged Henry Genzleman and Pallo Jean with assault with a deadly weapon and Ernest Mockel and Peter Clavene with battery. The quartet are gardeners employed by a large concern between Broderick and Devisadero streets.

Today's Beauty Recipes

By Mme. D'Mille.

"The electric needle for the removal of superfluous hair is both painful and expensive. A quick, safe and sure way to remove wild hairs is to apply a little powdered delatone mixed with water. Just cover the hairs with this paste for a minute or two, wipe off, wash the skin and the hairs will be gone.

"Spring colds are often more stubborn than colds brought on by winter exposure. Mother's Salve will break up an ordinary cold in head or chest over night. It is easy to use, quick to act, and relieves catarrh, croup, sore throat.

"The Vaucaire home treatment is so successful in developing the bust because it accelerates the blood circulation, and builds up the underlying tissue. Make a syrup with 1½ cupfuls of sugar and a pint of hot water. Dissolve an ounce of gallol in this syrup and take two teaspoonfuls before meals.

"To keep the skin fair, fresh and smooth, apply in the morning a lotion made by dissolving an original package of mayatone in a half pint of witch hazel. It will not rub off or show like powder and prevents the growth of hair. Mayatone quickly corrects dark, sallow and [illegible] complexions.

"You can recommend Mother's Shampoo to your husband and he will thank you for it. Many men who shave themselves do not shampoo frequently enough. Dandruff, falling hair and baldness are caused by a parasite, and Mother's Shampoo removes these parasites. It restores dry, brittle and faded hair to a glossy, fluffy condition, and keeps the scalp healthy.

"To darken eyebrows and make them grow longer and more evenly, apply plain pyroxin with the finger tips. Pyroxin applied to the lash roots makes them grow long and lovely. It does not coarsen but makes them soft and silky."

POPULAR COUPLE WED AT ELABORATE CHURCH SERVICE

MRS. ALBERT SILVERNAIL, WHO WAS WEDDED AT A LARGE CHURCH CEREMONY LAST NIGHT.—Bushnell Photo.

Mr. and Mrs. Albert Silvernail are now upon their honeymoon trip after their wedding at an elaborate service last evening in the First Congregational church. Several hundred guests witnessed the ceremony, which was performed by the Rev. Herbert Allison Jump. The church was transformed into a bower of verdure by the use of palms and feathery ferns combined with carnations in delicate shades of pink.

The bride, who was Miss Reba Wurts, was gowned in a handsome ivory charmeuse, with a cascade of real lace caught with a large pearl ornament on the front panel of the modish costume. One of the sleeves was beaded with pearls and the other formed a cascade of lace to correspond with that of the skirt. The corsage was fashioned of real lace and pearl embroidery, and the tulle veil was held to the dark hair of the pretty bride with a cap of real orange blossoms.

CARRIED SMALL BIBLE.

Instead of the conventional bouquet she carried a small bible bound in white brocade, from the leaves of which fell tulle streamers knotted with lilies-of-the-valley and white orchids.

The maid of honor was Miss Irene O'Rourke, and Miss Gladys Shaw, Miss Sara Yeatman, Miss Dorothy Wishart and Miss Elizabeth Cook were the bridesmaids. Miss O'Rourke wore a charming gown of pink brocade, draped and trimmed with rare lace. She carried a shower of Cecil Bruner roses and maidenhair ferns. The quartette of bridesmaids were gowned in pale pink charmeuse elaborately trimmed in shadow lace and tiny pink satin roses, and carried shower bouquets of small pink roses and fern.

BROTHER IS BEST MAN.

Myron Wurts, the brother of the bride, attended Silvernail as best man, and the ushers were Harold Wurts, Jackson Wurts, Lloyd Cobbledick and Austin Pickering.

Mrs. M. L. Wurts, the bride's mother, wore a gown of pale yellow charmeuse, trimmed with gold shadow lace and relieved with touches of blue.

A reception was held at the Wurts home on Telegraph avenue after the ceremony to the members of the bridal party and the relatives, and an elaborate wedding supper was served.

Upon the return of the young couple they will take possession of an attractive new home recently completed in Piedmont-by-the-lake. The groom is the son of E. Silvernail and is engaged in business across the bay.

'HUMAN TIGER' IS DOOMED TO DEATH

Jacob Oppenheim, Most Depraved Convict Known, Has Appeal Denied.

Jacob Oppenheimer, known as the "human tiger," and regarded as the most vicious convict in any prison, is to pay the death penalty for a long series of crime extending over a period of twenty years and embracing three gory murders and numerous brutal assaults with intent to kill. Such is the final decision of the Supreme Court of the United States, which denied Oppenheimer's appeal from a death sentence passed upon him in Marin county in 1907 for a murderous assault committed while he was serving a life sentence in San Quentin.

Executive clemency is now the only thing which can prevent Oppenheimer's execution.

Even while waiting for the Supreme Court to pass on his appeal in this case, Oppenheimer added another life to his bloody record by eluding a San Quentin guard for an instant and driving a sharp-pointed file through the heart of a fellow prisoner named Francisco Quijada.

Oppenheimer was first convicted in San Francisco for robbery and given 25 years in Folsom. There he killed a convict named Ross and was sentenced to life in San Quentin.

SAFE IS LOOTED OF $830 IN GOLD

Combination Used by Crook; Finger Prints Are Only Clew.

SAN FRANCISCO, April 16.—Fingerprints on the safe in the office of Attorney Joseph O'Donnell, 832 Phelan building, constitutes the only clew in the hands of the police to a daring robbery committed Saturday noon and 9 o'clock this morning. Gold coin to the amount of $830 was taken from the strong box by some one familiar with the premises.

O'Donnell put the coin in the safe on Saturday. It was mostly in $20 gold pieces. This morning, on opening the safe, the lawyer found that the wooden box on the inside had been pried open and its contents removed. The safe itself had been opened with the combination. Detectives Burke and Staeglich hurried to the scene but save for the marks of a pair of scissors on the wood the fingerprints formed the only possible clew.

SAN FRANCISCO, April 16.—A knife with a razor edge dislodged from a "slicker" machine, took off the top of the scalp of Louis Berger, foreman at the Harding Mill on Channel street, at 9:30 o'clock this morning, causing a fracture of the skull. Berger is now at the Central Emergency Hospital in an unconscious condition following an operation which was performed in an effort to save his life.

The foreman, who is 30 years old and has a wife and five children, residing at 48 Campbell street, was superintending the cleaning of apparatus in the mill when the knife flew out of the machine nearby and struck him on the head. He fell to the floor fainting and was removed to the hospital. Dr. Lewis found that his skull had been fractured and acting Chief Surgeon Harrison decided that an immediate operation was necessary.

DR. COOK SPEAKS TO LOCAL AD. MEN

Interests Oakland Advertising Association With Recital of Experiences and Views.

Dr Frederick A Cook, the North Pole explorer, was the guest of the Oakland Advertising Association yesterday at its regular luncheon in the Hotel Oakland

A more interesting speaker than Dr Cook the Oakland Advertising Association has never had the pleasure of listening to The experiences of the explorer were listened to by a large and attentive gathering

The doctor said that the idea that the quest of the North Pole was a dreamers' task was not true, as back of the clearing up of the unknown regions lay the more material facts of vast vegetable, animal and mineral wealth to be developed

He stated that had he been born in California he would never have thought of going into the "ice business," California lying so near to heaven but being a native of New York, which was rather nearer the other place, such had been the case

No mention of the recent controversy was made by Dr Cook in connection with the discovery of the North Pole other than that he would like an impartial investigation made of all data submitted by a competent board of judges His manly attitude in disdaining to 'knock" anyone won him many friends at the luncheon

George W Fritch was chairman of the day and introduced the speaker.

Next week's program at the Ad Club is of more than passing interest to every merchant in the city. A lecture illustrated with 3300 feet of moving pictures will be given by Ned Mitchell advertising manager of the Owl stores, on the right and wrong way of selling goods in the store Over $1000 was spent in taking these pictures to properly illustrate this lecture and many common and vexatious troubles of the employer of help are fully discussed and illustrated A large attendance of merchants is expected at the next luncheon, on Tuesday, April 22 at 12 15 p m sharp, at Hotel Oakland

EXPECT MORGAN'S WILL TO BE FILED

Has Been Explained to Family, But Not Been Made Public.

NEW YORK April 16—The will of J P Morgan is expected to be filed in the Surrogates office here within a few days, according to unofficial announcement today It is said that the general provisions of the will have been explained to members of the family and some phases of it to members of the Morgan firm but no information has been given out as to its terms

The greatest interest centers in the disposition of the Morgan art treasures It is understood that the directors of the Metropolitan Museum have no idea of what Mr Morgan has willed in the matter It was pointed out however, that it seemed certain Mr Morgan would not have contemplated transfer of the title to the treasures to any individual as this might automatically make many of the works of art which were imported without tax because they were intended for exhibition purposes, subject to duty

Enormous policies of insurance are being placed on the treasures it is reported The value of the Morgan collection has been estimated at $34,000,000, of which $24,000,000 represents the great collections in the museum or in storage, and $10 000 000 the books and works of art housed in Mr Morgan's library The insurance is being taken out by J P Morgan, the son, as trustee

PROPORTIONS OF MAINE BENEFIT PLANS GROWING

ATTENTION OF NATION CALLED

Many Features Scheduled for April 26 at Shell Mound Park.

H. F. HUBER.

The proportions of the Maine manument benefit to be given at Shell Mound Park on Saturday afternoon and evening of April 26 under the auspices of the United Spanish War Veterans are growing apace Every day adds something that will be of interest to the throngs that will gather there

This morning arrangements were begun to have a company of the boys from the naval training station at Yerba Buena Island enter in the tug of war, potato race and several other contests that furnish a fund of merriment and good natured rivalry

Commander Charles A Gove at the training station has agreed to send the band and a company of 100 of the lads if the consent of the Secretary of the Navy at Washington can be obtained. Communication with Washington has already been entered into and it is believed that there will be no objection to the boys doing their part in making the benefit a big success

VETERANS TO PARTICIPATE.

In the meantime the various camps of the United Spanish War Veterans on both sides of the bay are taking steps for active participation As fast as the meeting night of each camp arrives the question of how each camp can best aid the movement is discussed and action taken accordingly

The necessity of every camp to do its utmost is further accentuated in the general orders that have just been issued by Department Commander E A Forsterer He calls attention to the meeting to be held at Shell Mound and the opportunity it offers the veterans to come to the front in the national movement that has been started toward clearing the Maine monument from all indebtedness before the date of its unveiling on the coming Memorial day

OFFICERS WORK HARD.

In this city Chief of Staff T A Stetson, A Louder and H F Huber have actively engaged in the working of carrying out the details of the undertaking Letters are being sent out to all the various camps urging action Chief of Staff Stetson went to San Francisco last night and addressed Nelson A Miles Camp No 10 and urged their hearty support The camp unanimously endorsed the movement and voted $10 toward the funds and pledged its aid in the selling of tickets John P Mullins, chairman of the Board of Supervisors, also has donated $10

In his talk to the members of Nelson A Miles Camp Stetson said

"This is an opportunity that should be seized by the United Spanish War Veterans It gives us an opportunity to attract the attention of the whole United States. The unveiling of the Maine Monument to the memory of the soldiers and sailors of the Spanish-American War is a national event There remains an indebtedness of $40 000 that must be paid before May 30 next

APPEAL TO LEGISLATURE.

"At the present moment we are appealing to the Legislature of this state for an appropriation of $25 000 to bring the National Encampment to this coast in 1915 We want to show the Nation that the California veterans are always ready and willing to do our share We want to show the Legislature of this state the weight this organization carries and that it is working for the public welfare and not its own benefit"

Each day as the plans are developed they will be told in THE TRIBUNE, so that everyone may know just what is taking place and who is going to take part.

DENY OPPOSITION TO ASSESSMENT MAP PLAN

Alameda County Delegation Sets Adverse Reports at Rest

(Special correspondence of THE TRIBUNE.)

SACRAMENTO, April 16.—The Alameda county legislative delegation set at rest all reports that it is opposed to the plan to secure property assessment maps for the office of Charles F. Horner, county assessor, and refuted public charges made last week in Oakland before the Alameda County Civic Association, by adopting a resolution at its meeting last night declaring emphatically in favor of the map plan.

The resolution adopted unanimously is as follows:

Whereas, The public press has contained reports of criticisms by various members of the Civic Association of Alameda county to the effect that the Alameda county delegation had refused to provide for the publication and sale of assessment maps as suggested by the Civic Association; and,

Whereas, The Alameda county legislative delegation has always been and still is in favor of the publication and sale of the maps, therefore be it

Resolved, That the Alameda county legislative delegation denies as untrue the reported statements that the delegation has opposed the same, and be it further

Resolved, That the Alameda county delegation pledges itself to the passage of such legislation as will legally permit the printing, sale and publication of the maps in question.

HORNER EXPLAINS NEED.

County Assessor Horner appeared before the delegation and explained the need for the assessment maps.

The delegation failed to complete its work and will meet again next Friday at noon. It had been expected to wind up all matters pertaining to county government at last night's session.

Thomas I Casey appeared for the Tax Association of Alameda County and outlined the plan of that organization for changes in the office of county coroner. He also called attention to the bills introduced by Senator Breed and Assemblyman Clark providing for a state registration system on the precinct plan.

The plan of the association on the reorganization of the coroner's office calls for the appointment of a stenographer at $1800 a year and necessary traveling expenses. Under the present system the last fiscal year the stenographer was paid $3385.80. The appointment of an autopsy physician at an annual salary of $1800 was also recommended. In 1911-12 the county paid out to individual physicians $3650 for autopsies performed.

NEW REGISTRATION SYSTEM.

The registration system as proposed in the bills and explained by Casey calls for two registration deputies in each precinct of a county, who shall complete the registration within one week The deputies would be paid a stipulated sum per name

The delegation agreed upon a report rendered by Senators Tyrrell, Strobridge and Speaker Young that some system should be provided in the county government act whereby the county clerk would be empowered to appoint a registrar of voters in each precinct. The plan adopted, although not completed as to details is along the same lines as proposed by the Tax Association in its bills before the legislature to enact general laws The compensation per name will in all probability be based at 5 cents

County Assessor Horner made a request that he be furnished with an automobile, in order to properly cover the territory of the county. The delegation agreed that the Board of Supervisors of Alameda county should be empowered to secure an automobile for Horner's use.

SEEK SALARY RAISE.

Al Moffett and Frank Higuera, bailiffs under Sheriff Barnet, appeared before the delegation asking for a raise of salary for the several bailiffs in the county from $100 to $125 a month. Their plea was based on the ground that 12 other members of the sheriff's office force had received salary increases from $100 to $125.

No action was taken on the Tax Association's recommendations for reorganizing the coroner's office This, together with the request of the bailiffs for salary increases, went over for Friday's meeting.

BREED HAS "FIELD DAY."

Senator A. H Breed of Oakland had a "field day" in the senate chamber. Debate or action on his measures consumed the greater part of the day. He succeeded in getting passed appropriation bills aggregating $115,175 for the blind and deaf institutions of Oakland and Berkeley, and also secured the passage of a measure making a closed season for five years on doves and shore birds.

Senator Breed's bill, No. 1299, creating a state board of advertising, placing the real estate men of the state under license and providing for the expenditure of 90 per cent of the money collected through such licenses for advertising, passed the senate on reconsideration after an all morning debate and an effort on the part of Senator Cogswell to secure an amendment.

The Home for the Adult Blind, Thirty-sixth street and Telegraph avenue, Oakland, will have a new $50,000 dormitory as a result of the efforts of Senator Breed in maintaining that such an amount was necessary to erect a suitable building. The State Board of Control and State Controller Nye had agreed on a $40,000 appropriation for the dormitory, and had so recommended to the senate finance committee and the assembly ways and means committee.

Senator Breed had the matter reopened and induced the state officials and the senate and assembly committees to raise the appropriation to $50,000. This additional $10,000 will permit the erection of a hospital annex to the dormitory.

STROBRIDGE ASSISTS.

Senator Breed was assisted by Senator Strobridge in getting this additional $10,000. Strobridge, as chairman of the senate finance committee, declared that if there is a public institution in the state that needs such a building, it is the Home of the Adult Blind.

Accompanied by Assemblyman Chandler of Fresno chairman of the assembly committee on ways and means, Strobridge visited practically every state institution during the legislative recess His investigations, he says, induced him to favor Senator Breed's request.

A new floor and other improvements will be installed in the broom shops of the home and $1500 was appropriated in senate bill No 120, which also passed yesterday.

The school for the deaf and blind will get a thoroughly equipped and modernly constructed gymnasium as a result of the passage of senate bill No. 340, by Breed, which appropriates $52,500 for that purpose. Additional machinery and equipment is also provided for in senate bill No 350, which appropriates $1175 with which to purchase it

As the closing event of an active day the senate took up and passed Senator Breed's bill, No. 1190, to extend a closed season of five years for the protection from hunters of doves, woodchucks, ibis, and any shore birds including stilts, sandpipers, dunlins, willets, plover, curlew, killdees, oyster-catchers, rail and wild pigeon.

SEEK STATE LIBRARY.

Charles S. Green, librarian of Alameda county, together with the other librarians of the state, has issued a statement asking the passage by the legislature of Assemblyman Inman's bill which provides for a state library building in a $3,000,000 bond election to be authorized by the measure for the purpose of extending the buildings at the state capitol

The librarians also ask the support of Senator Caminetti's measure calling for university extension work or correspondence study.

At the request of Dr. E. E Evans of Oakland, Assemblyman Smith succeeded in having re-referred to committee the Emmons bill, relating to the practice of dentistry in the state and placing the right to practice in California on a reciprocity basis with other states. Dr. Evans declared the measure a most vicious piece of legislation. His request to Assemblyman Smith was made as secretary of the State Dental Association.

The State Dental Association was unaware of the existence of the measure until it reached the floor of the assembly for action. When the dentists discovered the bill they immediately sought, through Assemblyman Smith, to secure a hearing, which will be granted.

DAIRIES SEEK SUPPORT.

Protesting that the "city people" are endeavoring to secure amendments to the bills introduced by Assemblyman Gulberson on behalf of the State Dairymen's Association, of which he is president, regulating the sanitary conditions of dairies, that would seriously affect their business, practically every dairy company in Alameda county has written to members of the Alameda county legislative delegation, enlisting their support for the measures as presented.

The dairymen maintain that the Gulberson bills give every reasonable concession to the people, but they declare certain interests are not satisfied and are bringing all possible pressure to bear to secure the striking out of a provision in the bills permitting cream or milk produced under state inspection entering cities at all, even for industrial purposes. They want all milk consumed passed upon by local or municipal authorities.

The dairymen say:

"This would drive out of our cities all creameries, cheese factories, condensaries, ice cream factories, cracker factories, candy fatories, bakeries and other large industries consuming dairy products. It would also deny to every dairyman of the state the proper and lawful use of the industrial markets of the city."

NEW "PURE FOOD" LAW.

"A pure food law on cotton, duck and canvas" is what Senator George J. Hans of Fruitvale calls the measure which he has succeeded in having passed out of the senate judiciary committee with favorable recommendation.

This bill was introduced by Senator Hans at the request of yachtsmen, ship owners and others along the transbay waterfront. who declared the consumer unprotected from unscrupulous dealers in cotton duck or canvas It is hard to detect the grades and to determine the exact quality of this material, it is said, because of [illegible] is used

The bill practically prescribes a standard of weights and measures for the cotton duck industry. All cotton duck or canvas sold would have to bear a stamp showing the correct weight of the product by ounces per yard, with a description by name of any filler used in its manufacture.

TEACHERS' PENSION BILL.

There will in all probability be a teachers' pension bill adopted by this session of the legislature, but it will be a pension system based on a flat rate.

Senator E. J Tyrrell of Oakland and Senator A F Breed[illegible] of Oroville have joined forces in drafting a suitable measure. Both are authors of measures now pending in the legislature.

Senator Tyrrell's bill called for a pension on a graduated scale of service, whereas the Boynton measure called for a flat rate.

Both senators have agreed the amount of pension will be $500 a year upon retirement Provisions as to the length of service required and other features in connection with the bill have not yet been fully decided, but it is stated a bill will probably be sent to the floor of the senate by the senate committee on education late this week.

Declaring that State Senator Phil C Cohn of Folsom, seventh senatorial district, has "deliberately violated his written promises" to the State Federation of Labor in voting against Senator Caminetti's anti-injunction bill, which was defeated in the senate on reconsideration last week, steps have been taken by union labor officials to recall Cohn.

The movement to institute a recall election will probably be started at a meeting of the Sacramento Building Trades Council tonight. Senator Cohn issued the following statement when told of the proposed action

"It is up to them. I have sought to do the right thing in this connection and will vote for union labor bills yet to come up despite their position, where my conscience tells me they are in the right. I don't see where they have any grounds for recall."

The assembly yesterday passed Assemblyman Frank M Smith's bill governing the uses of the American flag in the State of California. The bill makes it a crime to insult or dishonor the stars and stripes, provides that the flag shall precede all others when carried in public parades, and that only flags of recognized nations can be carried in a public procession. Provision is also made against the desecration of the flag through allowing it to be used in any way for purposes of advertising.

The provision in the law affecting the display of flags other than the stars and stripes in public processions is said to be aimed against the linking of the American flag with the emblem of any society or organization the sympathies of which are not wholly in accord with American principles.

The bill, which was introduced on behalf of Patriotic Commander Lawrence of the Grand Army of the Republic of California and Nevada, was adopted by a vote of 53 to 3. The three members voting against the measure were Assemblymen Ford and Richardson of San Francisco and Assemblyman White of Trinity.

Assemblyman White explained his vote. He said he does not believe it is necessary to legislate in order to compel Californians to respect the flag.

Temperance Campaign in San Leandro Being Conducted With Energy.

SAN LEANDRO, April 16.—"We're going to carry our point this time Just watch us," said one of the leaders of the Women's Temperance League, referring to the no-license campaign which has been started in San Leandro. Hundreds of circulars are being circulated among [illegible] to give their support to the dry election which the town trustees are to be asked to call Meetings of the league will be held during the conduct of the campaign, and will be addressed by temperance advocates.

A no-license issue has already been before the San Leandro electors and was defeated Leaders of the movement express themselves as not in the least daunted by the former decision, and say they are confident of the success of the campaign There is some word of a similar campaign to shut down the saloons being started in Hayward although [illegible] been definite steps in this direction.

GIVES NEW LIGHT ON THE MISSIONS

Means of Government as Well as Religion, Says Prof. Bolton.

BERKELEY, April 16.—That the early California missions were a means of government as well as of conversion to the faith was the declaration of Professor Herbert E Bolton of the University of California history department, in a lecture before the Newman club last evening The lecture was given in Newman hall and was largely attended

"The entire missionary system," said Professor Bolton "was as much an agency of the state as of the church The mission was a frontier institution and as such its purpose was to convert, subdue and civilize the savage and uncivilized natives The Indians were to be trained in the crafts of Europe were to be taught to work and farm and plow as well as to be converted in religion They were to be raised to 'gentes de razon' or reasonable people The mission was a regular plant to work out the problems of the civil as well as the industrial life

"The missionaries were pathfinders in the wilderness, they converted 80 000 souls; they carried on 21 successful industrial schools they trained and civilized for a half century 20 000 Indians they made California a prosperous land The architecture of the missionary period will always be an inspiration to architects just as the romance of the period will always be the inspiration of writers The missionary period of California will always be a period of great glory in the history of the state"

Professor Bolton paid a glowing tribute to Father Zepherym Engelhardt of the Santa Barbara Franciscan Fathers, who has just completed his history of the missions of California "He is a man of whom the church and the State of California should be justly proud"

Very Rev Father John T Hughes, superior general of the Paulist Order, who is visiting the coast for a short time, was present at the lecture

A unique selection of slides, picturing life from the earliest times of the Spanish Padres in Nueva Hispania until the end of the missionary period, was used to illustrate the lecture Among the most interesting of the pictures were those of the Convento de San Fernando and the colleges for the propaganda of the faith in Mexico the Missions of San Diego San Juan Capitrano, San Luis Rey, San Gabriel Santa Barbara San Buena Ventura, San Luis Obispo, Santa Clara Santa Cruz, an Juan Bautista, olland, San Miguel, San Jose San Francisco, known today as Mission Dolores, San Fernando and San Rafael

PROPERTY OWNERS UNITE AGAINST REDLIGHT BILL

On April 7, 1913, Governor Johnson approved the so-called "Red-Light Bill," which will go into effect ninety days after the adjournment of the present Legislature unless steps are taken to prevent it.

This bill provides that any person may file a complaint charging that acts of immorality have been committed in any building, and upon the filing of the same the Court may issue a temporary injunction ordering the immediate closing of the place. Should it appear that the acts complained of have been committed, the Court must order the building closed for a year and the property in the building sold to defray costs of action.

We declare this to be the most vicious law ever foisted on an American community. By the provisions of this statute the Court is empowered to close a building for a year and to confiscate its contents regardless of the owner's knowledge of the immoral acts complained of. If the tenant of any house, flat, apartment or room commit an act of lewdness, the innocent owner of the building must suffer the drastic penalties of this iniquitous law.

Under this law the property owner will not only be at the mercy of his tenant, but of every blackmailer who cares to prey upon him with a view of levying tribute. Such an intolerable condition is plainly a violation of the principles of American liberty.

Under a recent amendment to the Constitution this bill may be submitted to the people for their rejection or approval. This is accomplished by securing and filing petitions signed by a sufficient number of qualified voters The more filing of [illegible] will defer the enforcement of the law until the next general election

The Property Owners' Association of California has been organized for the purpose of making a state-wide campaign with a view of pointing out to the people of this state the danger and iniquity of this law and of inducing them to defeat it at the polls.

The Association is non-political in character, state-wide in its scope and represents property owners in so far as they are affected by this law. Later, it proposes to take up all measures which effect property, either for its benefit or detriment. The Association will be a permanent organization and not affiliated with any other.

The Association will have representatives in every district of the state. The best legal talent obtainable has been engaged to advise and assist in its fight and it will maintain a permanent legal bureau.

The necessity of an association of this kind has grown out of a tendency upon the part of our lawmakers to impose burdensome restrictions upon owners of property. The property owners must organize and stand together if they are not to be incumbered by oppressive and discriminatory laws.

The campaign to be waged by the Property Owners' Protective Association of California against the enforcement of the "Red-Light Bill" has been indorsed by the following State Senators:

Thomas Finn, Daniel P. Regan, D. J. Beban, John J. Cassidy, G. W. Cartwright, L. W. Juilliard, P. C. Cohen, and Edward F. Bryant.

If you are a property owner and interested in this movement, communicate with this office and join us in our work. Our petitions are now being circulated throughout the state.

An Unsatisfactory Election.

Less than 25 per cent of the registered vote was cast at the charter election yesterday. There were several women candidates, and a special effort was made to call out the woman vote in support of certain women candidates, but it is apparent from the returns that the great body of women voters remained away from the polls, and that those who did vote were not united in favor of any candidate. The effort to create a woman's sentiment in favor of women candidates proved a failure. But the women did as well, if not better, than the men. Equally as large a proportion of them went to the polls, and they voted as independently and intelligently as did their husbands, brothers and fathers.

While the results of the election are satisfactory, the neglect of three-fourths of the qualified electors to vote shows a lamentable lack of interest in public affairs. The duties of citizenship are the last thing to receive attention. Business men and property-owners ignored the polls entirely, and the women displayed small desire to exercise the franchise so lately given them. The issue was determined by a small minority. Whatever else it does, the free-for-all primary fails to bring out the vote.

Assemblyman Stuckenbruck, the learned blacksmith of Acampo, has turned the gun he has had leveled so long on the meadow lark on the smelter industry. He has introduced a bill which permits the owners of smelters to be harassed by anybody at any time, whether they are injured or not by smelter fumes. The law at present provides a remedy for persons whose property has been injured by smelter fumes, but Mr. Stuckenbruck would empower anybody to invoke the law for the general protection of the public. This would make business for blackmailers and shyster lawyers, but it would probably drive every smelter out of the state. It would put a potential weapon in the hands of malicious or predatory persons, who for one reason or another desired to harass and annoy the smelting companies. Mr. Stuckenbruck means well, but he does not mean well wisely.

A Kid-Gloved Knocker.

Just why the San Jose Mercury, organ of Hon. Everis Ambrosius Hayes, should give Oakland the knock of regret is not apparent, yet it has been given, and in a tone of sorrow rather than regret. The way the hammer is swung reminds us of Pecksniff's lecture to poor Tom Finch. Mr. Pecksniff was so sorry, he was such a friend to Tom, but he had a painful duty to perform, and he performed it notwithstanding the anguish he felt. The Mercury is as warm a friend to Oakland as the good Mr. Pecksniff was to Tom Finch.

It was in editoralizing about the hands-around-the-harbor banquet that our San Jose contemporary works in its gentle sympathy while kicking us in the shins and reminding Oakland that she has been a naughty child who should wipe her nose and quit crying for the moon. Soft soap is good poultice for wounds inflicted by a friend—and our San Jose contemporary is such a dear, dear friend; such a benevolent, patronizing critic! Here is how the knock of regret (and reproof) is administered:

"The Oakland enthusiasts, good men and sincere, inflated by the addition of population, were beginning to feel that their city should have been named San Francisco, and vice versa. Dreams of overwhelming multitudes and vast wealth were theirs, and upon the wings of these visions they were fast being wafted into a haven of infallible supremacy. All of which is well enough, and commendable for that matter, but it was not calculated to make friendly the sentiment of the larger city across the bay. At the banquet, however, it was plain that Oakland had recovered her equilibrium and was done with her idle dreams. Robert Fitzgerald, an Oakland man, told the banqueters that while he was loyal to his home city, and would always be, yet he was not foolish enough to imagine that it could ever occupy anything but second place to San Francisco."

Who could quarrel with an unction so fine, a reproof so paternal? But it so happens that Oakland has not recovered her equilibrium, for the excellent reason that she never lost it. She has never been hostile to San Francisco nor has she ever dreamed of taking from that city anything belonging to it. She has never been jealous of San Francisco's growth and prosperity. All she has asked—and it is neither large nor unreasonable—that she be permitted to manage her own affairs and develop her trade and opportunities in her own way. The interference came from the other side. Our offense was resenting the intrusion into our affairs.

Oakland's position has always been that what helps one city helps the other. On the other side of the bay alarm was taken at Oakland's fast development, her rapid population growth and trade expansion, and an effort was made to suppress our frowardness. We simply strove to build up and beautify our own city without trying to break down or detract from any other city. For this we were attacked. We resisted, and having beaten off the attack we are ready to let bygones be bygones and extend the right hand of fellowship to our neighbors across the bay.

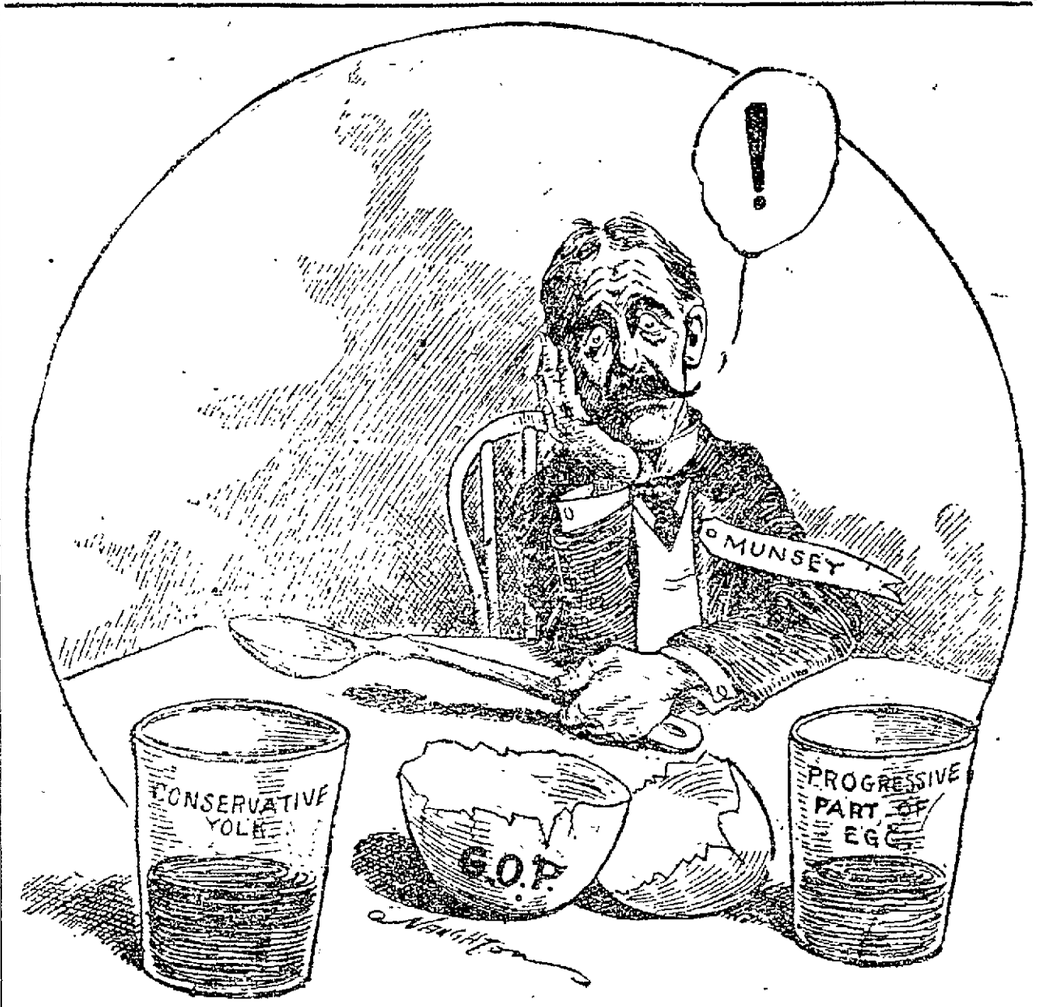

We are at the old stand, feeling the same old spirit and impelled by the same determination to make of Oakland as great a city as we can. We have dreamed no dreams that have not come true or are coming true. We have surrendered no ambitions nor changed our attitude to ourselves or anybody else. Free to work out our own destiny, we cannot blame others for our failures, nor do we have to go to San Jose to find out our capabilities or what the future has in store for us. And we are not disposed to take patronizing platitudes as meekly as did poor Tom Pinch. Pecksniff may keep his benedictions for use at home. Tie the bull outside and come in without knocking.

The editor of the California Outlook is much incensed that THE TRIBUNE has referred to the Legislature as as assemblage of freaks. We never call him a freak. He is a squeak.

The election in the Thirteenth Congressional district of Massachusetts tells the same story that the local elections in Michigan, Chicago and St. Louis told. The Progressives ran a bad third. The Democratic tidal wave has not yet begun to recede, but the strength of the opposition is still centered in the Republican party. The Thirteenth Massachusetts district is normally Republican, but the Democratic candidate carried it by a substantial majority over the combined vote cast for the Republican and Progressive candidates. The Progressive candidate was more than 3000 votes behind his Republican opponent. It is evident that the Bull Moose has not swallowed the party of Lincoln, Grant, Blaine and Garfield—not yet.

—DULUTH HERALD.

The Woman Tempted Me.

Congressman Knowland stated the truth when he contradicted John W. Foster's assertion that woman suffrage has proved a failure in California.

It has not been sufficiently tested to prove anything as yet, but it cannot be blamed for the folly men are committing because they think the women want them to commit it. There are no women in the present Legislature, and certainly a more whimsical and emotional body never before assembled in this State.

It is a common thing for the legislators at Sacramento to make such excuses as the following for voting for some crank measure: "I am opposed to this thing personally, but the women want it and we will have to give it to them." Adam's ancient excuse. Lack of courage, conviction and decision is laid at the door of women without warrant or proof.

A body of women could hardly make a worse mess of things than the male aggregation now lucubrating and ululating at the State capitol, and the women would not show the moral cowardice of ascribing their folly to men. Woman suffrage may possibly have caused male government to be a failure, but it has yet to be demonstrated that the women are not as big fools as the spineless demagogues at Sacramento think they are.

As wives and mothers they exhibit good sense, and we do not think they should be judged by the antics of a lot of feather-headed politicians who are acting the fool on the pretense that they are dancing to the piping of the women.

Fresno has gone wet by a vote of two to one. Chester Rowell was on the dry side. No effect is without cause.

PRESERVING WILD ANIMALS

The Yellowstone Park is justifying itself in ways not thought of perhaps by its projectors. When General Washburn, Lieutenant Doane, N. P. Langford, and the remainder of the Washburn-Doane exploring expedition returned to Helena, Mont., in 1870, with the report of their wonderful discoveries, the geysers, mud volcano, Yellowstone Lake, and the marvelous Grand Canyon and falls were the objects that most obsessed them. While these features of the park are still predominant ones, the wild game found there is rapidly becoming not only a matter of interest to park tourists, but a valuable item to the country otherwise.

There are 500 or more antelope, the same number of deer, more than 500 moose, nearly 200 buffaloes, 200 mountain sheep, any number of black and grizzly bears, and 30,000 elk by actual count, that make Yellowstone Park their home under government protection.

These animals are now being used as nucelus herds for other parks—national, state and city—and for zoological gardens, by the government. In the last two years many of them have thus been quietly taken captive and shipped away to [illegible] parts of the country. As showing what the government has done, the following instance will prove interesting: In 1911 twelve antelope were shipped to the Montana national bison preserve and eleven to the Wichita game preserve in Kansas. The funds for these shipments were supplied by the Boone and Crocket Club of New York. In 1912 three carloads of elk, numbering 137 in all, were shipped to various parts of the country, and five carloads were captured by the state of Montana just outside the park and shipped to a few ranges in western Montana. The expense of capturing and shipping the three carloads ranged from $7 to $10 a head.

The many shipments of game animals indicate that Yellowstone park, the oldest, largest and most wonderful national park in the world, may become a most valuable, indeed, an invaluable, medium in preserving to future generations the old wild animal life of the plains and mountains. Properly managed, it may be the source of supply and propogation of these various animals, which otherwise would soon pass away, and, 50 years hence, be known to our posterity and to history only in name and by pictured illustration.—The Chicago Inter Ocean.

COLDEST INHABITED TOWN

Verkhoyanski, a good-sized city in northeastern Siberia, boasts the distinction of being the coldest inhabited city on the globe. It is in north latitude 67 degrees on the Arctic plane, and scarcely more than 150 feet above the sea level.

Its annual temperature is 3 above zero, and in winter the maximum is 85 below zero. The Russian government owns the town, and is interested in having an ad[illegible] industrious Yokuts, fur-trading Jews of Siberia, carry on their operations. All the inhabitants of Verkhoyansk, with the exception of a few officials and Russian traders, are Yokuts.

The Yokuts are such ambitious and aggressive people that they do not seem to mind the fact that the rivers freeze to the bottom and that small trees have been known to snap and split from the biting force of the cold.

Still many Russians even seem to live for it to warmer posts. Its atmosphere is always clear and the air still, and there are no blizzards or snowstorms. Then the Siberian dress adds considerably to the enjoyment of the Arctic city. It consists of two suits of fur, an outer and an inner, and a huge hood to pull over the face so that there is just enough space to see and breathe through.

The summer is hotter than might be reasonably expected, the average temperature being 59 above zero in July. The earth is green and vegetation thrives, but the surface of the ground is scarcely [illegible]—Chicago Tribune.

The Safety Cables

There are usually four or more cables on every passenger elevator. To get *absolute* safety is the reason.

One of these cables may be strong enough to carry the load if everything goes right; two of them makes safety to an ordinary degree; three of them gives enough safety to stand all extraordinary circumstances, and the fourth cable gives absolute security.

There are four safety cables, so-to-speak, which make your interest and principal safe when invested in Western Mortgage & Guaranty Co.'s guaranteed first mortgage loans.

They are—

—first, the property itself, which might be enough under ordinary circumstances.

—second, there are five men on the executive committee who pass on every first mortgage loan.

—third, there is a security which stands ready to force every one of the above to make good. It's the Mercantile Trust Co., with a capital of $1,000,000, a corporation separate and distinct from the Western Mortgage & Guaranty Co.

—fourth, there is the one supreme security of the cash capital of $463,100 of this company to guarantee you against any loss, worry or trouble of collecting the principal and interest.

All this is security—it's real safety. Nothing can go wrong because there's reserve safety. Your principal is secure.

And there's adequate interest, too—with this safety. If you have money to invest—no matter what amount—you should investigate this.

Inquire about this company—inquire at any bank or of any one who knows finances or financial men.

There's no red tape—securities can be delivered in a few minutes.

There's no red tape to get information—the offices are on the ground floor and there's a man there ready to answer any question that you would like to ask.

Loss of appetite or distress after eating—a symptom that should not be disregarded.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, healthiest persons are moderate eaters. Nothing will cause more trouble than a disordered stomach, and many people contract serious maladies through disregard or abuse of the stomach.

We urge all who suffer from indigestion, or dyspepsia, to try Rexall Dyspepsia Tablets, with the understanding that we will refund the money paid us without question or formality, if after use you are not perfectly satisfied with results.

We recommend Rexall Dyspepsia Tablets to customers every day, and have yet to hear of one who has not been benefited. We believe them to be without equal. SUFFRAGETTES TO TOOT THEIR HORN

Characterize Men Musicians as "Nasty, Horrid Things."

WASHINGTON, April 16.—Men musicians ear characterized as "nasty, horrid things" because they have failed to furnish sufficient music in the two recent suffragist parades—will not be tolerated longer by the suffragists, according to a statement issued today for the suffragists will organize their own band of sixty pieces. The band will furnish the music at all outdoor and other meetings and march proudly at the head of future "votes for women" processions.

Mrs. Estelle Lonz, a well known local composer and musician has undertaken the organization of the band. Already several recruits have been secured. The creation of the uniforms for the players now is being considered and it was announced that the organization would be strikingly costumed. The band will be known as the "suffragists' own."

SUSPEND WRITING OF NEW INSURANCE

KANSAS CITY, Mo., April 16.—Ten fire insurance companies doing business in Missouri notified their local agents yesterday to suspend writing new insurance April 30, on account of the repeal of the Oliver rating law by the last Legislature. The companies included the Firemen's Fund of California.

WRENCHES CRUSHED ARM FROM SOCKET

REDDING, April 16.—When Joe Bacclonani's arm caught in a rock crusher here yesterday, he tore himself free by wrenching the crushed member out of its socket, and was able to make his way a short distance to a hospital before he collapsed.

WOULD REGULATE USE OF PIPE LINES

Objections to Hewitt-Sutherland Measure Said to Be Overcome.

SACRAMENTO, April 16.—In an effort to overcome legal and constitutional objections to the original Hewitt-Sutherland bill, providing for the regulation of oil pipe lines as common carriers, an entirely new bill, embodying the separate features of half a dozen laws now existing in eastern states, has been dawn by Francis J. Heney and James F. Farraher, attorneys for the independent producers, and will be offered as a substitute for the original measure.

The bill gives seven different reasons why the pipe lines now owned and operated privately by the Standard Oil and the Associated Oil Companies are common carriers within the meaning of the law, and declares that each reason is sufficient to place them under the provisions of the public utilities act to be regulated by the State Railroad Commission.

MONOPOLY IS FIRST.

Monopoly which threatens the public welfare is the first of the reasons. The right of the state to regulate them is asserted on the further grounds that the pipe lines across public roads and highways, that they are operated along rights of ways of railroad companies and that they are operated for hire.

Still another section declares them common carriers on the basis of their incorporation papers, which set forth that they are used in the business of transportation. Under the constitution all transportation companies are common carriers.

The machinery for regulating the pipe lines in such a way that independent operators may ship their oil to the seaboard markets is left entirely in the hands of the Railroad Commission.

The subject will be offered by the judiciary committee of the house later this week. It is pronounced invincible by its authors.

SENATOR FEARED SEAT WAS IN REAL DANGER

WASHINGTON, April 16.—Senator J. Hamilton Lewis, the new senator from Illinois and the last member of the upper branch of Congress to be elected directly by the legislature of a state, had a bad half hour yesterday when a jocular friend told him there was a possibility that Secretary of State Bryan would announce that Lewis could not take the oath of office because of the recent amendment to the constitution providing for the election of senators by direct vote.

"Goodness gracious," exclaimed Colonel Lewis. "We'll have to see about that at once."

When the new senator's fears were set at rest after a hurried telephone call to the State Department the joking friend had disappeared. Senator Lewis was forced to go to the Capitol, but he announced belligerently that he would interview the "friend" later—probably with a club.

SEMINOLE CLUB TO BUY BUILDING SITE

Organization to Take Steps for the Acquirement of Property.

Members of the Seminole Club have started a movement toward acquiring a building site for the erection of a new clubhouse. At a meeting held last night in the club quarters, Nineteenth and Grove streets, the matter was taken up and plans formulated through which it is anticipated that early action will be taken.

The meeting was also the occasion of the semi-annual election of officers. Those chosen were:

President, Charles J. Feehan; vice president, Rene H. Meroux; secretary, Charles H. Spengler; financial secretary, H. C. Masengil, treasurer, Ernest Spengler; directors, R. Rue, Edwin Simard, William E. Andrews and Edwin Lyons.

Immediately following the election, the officers were installed in their respective chairs. Past President Roy M. Reed thanked his administration for their hearty support, and complimented his successor for his efficient work as treasurer, which position was held by President Feehan for two years. President Feehan responded, thanking Mr. Reed for his remarks, and stating that he would continue the progressive policies adopted by his predecessor.

The club members are also arranging for a theater party to be held May 13, and committees were appointed to attend to the details of the affair.

ALIEN LAND BILL MAY CLEAR ROCKS

Follows Lines of Ownership Act Enforced in District of Columbia.

WASHINGTON, April 16.—The alien land-holding bill, as passed yesterday by the lower house of the California legislature in its amended form, is regarded by the officials here as too far removed from the original measure for the Japanese government to oppose successfully. It now closely follows the lines of the alien ownership act which for the past decade has been strictly enforced in the District of Columbia and the territories of the United States without objection from any foreign government.

To lodge an objection to the measure, based on strict equity, probably it would be necessary for the Japanese government by decree to extend to Americans resident in Japan the right to acquire property in fee simple, a privilege which, though intended to be conferred by treaty, so far has been withheld in general application.

CLOSE WATCH KEPT.

The attitude of the administration and of the Japanese embassy here, in spite of yesterday's action of the California assembly, must continue to be one of observation at this stage, because a generally similar bill, though different in detail, remains to be finally passed in the California senate.

Then there must be a conference to reconcile the differences between the two houses and back of it all is the action of the governor of California.

NO GROUND FOR ACTION.

While the situation is in its present stage there is no official ground for action on the part of the administration or the Japanese embassy, though no attempt is made to disguise the fact that, privately, every effort is being set forth to bring the alien land holdings bill into an unobjectionable shape.

Secretary Bryan conferred today with President Wilson about developments in the California legislature. No announcement was made but the President arranged also to see Secretaries Lane of the interior department and Houston of the agricultural department later in the day to discuss the situation. Lane hails from California, while Houston has given much study to alien land questions.

FEAR EFFECT IN JAPAN.

The American Asiatic Association of Japan, from its headquarters in Yokohama, has cabled to the American Asiatic Association in this country:

"On account of serious unfriendly agitation throughout Japan, due to proposed California legislation, strongly recommend to United States ambassador concerted action against legislation adverse to Japanese. Otherwise American interests will suffer seriously."

LAND BILL IS PASSED.

SACRAMENTO, April 16.—The Bradford alien land bill, as a committee measure, was passed by the assembly late yesterday afternoon by a vote of 60 to 15. All attempts to amend the measure so that it would not be offensive to Japan failed. Attempts to amend it so that it applied only to aliens ineligible to citizenship failed likewise.

Cries of "roll call" were made all during the debate. Bradford of Sacramento, in charge of the measure, wished to submit the bill to the assembly without argument. There was a general disposition to put it upon final passage immediately, but Cary of Fresno, Johnstone of Los Angeles and others insisted upon presenting amendments, which were voted down, each after long debate, during which the entire bill was brought into discussion.

The bill passed by the assembly and sent to the senate is similar to the various alien land bills except in two sections. It provides, as the others do, that an alien may acquire property and hold it for one year, after which it will be taken by the state by suit brought by the district attorney or the attorney general. To hold property longer than a year the alien must declare his intention of becoming a citizen. Property may not be leased to any alien for a period of more than five years.

PRESENT OWNERS EXEMPT.

Section 6 of the bill passed by the assembly provides that the act shall not apply to real property now owned by aliens as long as the same shall be held by the present owners, their wives or children, and the right, title or interest in or to any real property hereafter acquired by any person entitled to hold the same shall not be questioned or impeached by reason of the alienage of any person through whom such title may have been derived.

DECLARES SPOUSE THREATENED LIFE

Mrs. Maude Wright Petitions Court to Hold Husband in Bonds.

Pending the outcome of her divorce suit, which was filed today, Mrs. Maude Wright has petitioned the court for a restraining order against Roy Wright, whom, she alleges, threatened to kill her in the event of her applying to the courts for relief from her present marital relations. On April 12 last, Mrs. Wright says that her husband struck her in the face with his fist and called her names, whereupon she left their home, at 543 Sixth street. The climax was reached after a turbulent marital career, both in Santa Cruz and in Oakland.

While living in Santa Cruz, plaintiff says that her husband placed his arms about another woman one day in her presence and said: "It's good to have two wives." On another occasion, she declares that Wright drew a revolver and threatened to shoot her unless she left a train which she had boarded, bound for San Francisco with a party of friends.

With a salary of $75 per month, William Fenerin failed to contribute to his wife's support, according to the divorce complaint of Deetta Fenerin, which was filed today.

William E. Chamberlain, in obtaining an interlocutory decree of divorce from Eva G. Chamberlain, today testified before Superior Judge Waste that his wife had caused him to lose a remunerative position on a Sacramento paper by swearing out a warrant for his arrest on a charge of battery. Chamberlain declared that he had not misused his wife, but that she had picked up and left home for Los Angeles as a result of his being forced to be out late nights in pursuit of his duties at the last State Fair.

Time Louis P. Isaacs was [illegible] with his fruit-picking job near Suisun and left for other fields without taking her along, was the testimony of Mamie E. Isaacs, who obtained an interlocutory decree today.

Because his wife snapped her fingers at him and called him harsh names, Edward J. McPeake has filed suit for divorce against Orie McPeake.

Mary D. Crowson has also filed suit against Ernest A. Crowson alleging that every time she asked him for money it provoked a quarrel. She said that her husband was in the habit of going out for a good time and refusing to tell her where he had been.

ELMHURST FIGHTS FOR 10-CENT FARE

ELMHURST, April 16.—The citizens of Elmhurst are optimistic over the outcome of the ten-cent fare dispute, which is being carried on between the Southern Pacific Company and the East Oakland Protective League, with the Railroad Commission as intermediary.

The Protective League is leaving no stone unturned to bring about a ten-cent fare from San Francisco to the Oakland city limits on the Melrose extension of the Southern Pacific electric suburban service. A further meeting of the league will be held in Carpenters' hall, Elmhurst, tonight, when steps to gain the ten-cent rate will be discussed. President L. B. McGoon will preside at tonight's meeting. The league has already placed the question before the Railroad Commission, and Attorney Freeman has been appointed to look after the interests of the East Oaklanders.

STREET RAILWAY LINE MAY BE EXTENDED

RICHMOND, April 16.—San Francisco-Oakland Terminal Railways is contemplating the extension of the San Pablo line west on Market street to reach several industrial plants.

The information has been given out that the San Pablo line at its terminus near the San Pablo Catholic church will be looped in with the East Richmond line running to Grand Canyon park, and that this improvement will be commenced immediately. This will give the residents and employes of the numerous manufacturing plants in that section of Richmond easy access to the main part of town.

MAKE TEST OF NEW AUTOMOBILE FIRE TRUCK

RICHMOND, April 16.—The new Seagrave auto fire truck recently purchased by the city for Fire Company No. 2 proved its worth yesterday. A man was sent up to Fourteenth street and Barrett avenue to set fire to some boxes stacked upon a vacant lot. The alarm was sent in, but before the boxes could be ignited the new truck, full of men, was on the scene and ready for action.

The run from the engine house to the scene of the would-be fire was made in about three minutes from the time the alarm was received until the hose was fastened to a water plug.

Addie Mills Titus, who was bequeathed $1000 by the late Susan Mills, founder of Mills College, has sold her inheritance to Thomas McCaffery of Los Angeles, according to papers filed in the Superior Court. Mrs. Titus is also a resident of Los Angeles. The reasons for the sale were not given in the papers.

FIND SKELETON.

NEW YORK, April 16.—Mystery attaches to the finding last night by workmen engaged in remodeling a private house on East Twenty-sixth street of a human skeleton buried in a corner of the cellar. It is estimated that the body had been buried for 10 years or more. A crack several inches in length was found near the base of the skull.

WASHINGTON, April 16.—The First National Bank of Norwich, Conn., was closed today by order of its directors and National Bank Examiner N. S. Dean has been placed in charge. IS YOUR CHILD'S TONGUE COATED?

If Cross, Feverish or Stomach Sour, It Means Waste-Clogged Bowels.

Children dearly love to take delicious "Syrup of Figs" and nothing else cleans and regulates their tender little stomachs, liver and 30 feet of bowels so promptly and thoroughly.

Children get bilious and constipated just like grown-ups. Then they get sick, the tongue is coated, stomach sour, breath bad; they don't eat or rest well; they become feverish, cross, irritable and don't want to play. Listen, mothers—for your child's sake, don't force the little one to swallow nauseating castor oil, violent calomel or harsh irritants like Cathartic pills. A teaspoonful of Syrup of Figs will have your child smiling and happy again in just a few hours. Syrup of Figs will gently clean, sweeten and regulate the stomach, make the liver active and move on and out of the bowels all the constipated matter, the sour bile, the foul, clogged-up waste and poisons, without causing cramps or griping.

With Syrup of Figs you are not drugging or injuring your children. Being composed entirely of luscious figs, senna and aromatics, it cannot be harmful. Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name "Syrup of Figs and Elixir of Senna" prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.

RESCUE CREW OF ABANDONED VESSEL

NEW YORK, April 16.—The crew of the schooner Lottie R. Russell, which was abandoned seventy miles off Cape Henry on April 13, was brought to New York yesterday on the oil tank steamer Georgian Prince. For forty-eight hours the men were adrift, most of the time without food and in a small boat surrounded by sharks.

The schooner sailed last Friday from Charleston, S. C., for Philadelphia. At 2 o'clock Sunday the vessel was abandoned.

DANGER FROM GRIPPE

Lies in That Cough and Weak, Worn Out Condition.

Grippe, pleurisy, pneumonia, these are greatly to be feared at this time of the year.

To prevent grippe from being followed by either pleurisy or pneumonia it is important to drive the last traces of it out of the system quickly.

Our advice is to take Vinol, our delicious cod liver and iron preparation without oil, and get your strength and vitality back quickly.

Mrs. A. A. Crabill of Strasburg, Va., says: "Grippe left me weak, rundown and with a severe cough from which I suffered four years. I tried different remedies, but nothing seemed to do me any good until I took Vinol, from which I received great benefit. My cough is almost entirely gone, and I am strong and well again, and I am glad to recommend Vinol to others who suffer as I did."

Try Vinol with the certainty that if it does not benefit you we will give back your money.

Can't Get Away From It

Is it possible to nourish, strengthen and Rebuild the Brain by Food?

Every man who thinks uses up part of the brain each day. Why doesn't it all disappear and leave an empty skull in say a month of brain work? Because the man rebuilds each day.

If he builds a little less than he destroys, brain fag and nervous prostration result sure. If he builds back a little more each day, the brain grows stronger and more capable. That also is sure. Where does man get the material to rebuild his brain? Is it from the air, sky or the ice of the Arctic sea? When you come to think about it, the rebuilding material must be in the food and drink.

That also is sure.

Are the brain rebuilding materials found in all food? In a good variety but not in suitable proportion in all.

To illustrate: we know bones are made largely of lime and magnesia taken from food; therefore to make healthy bone structure we must have food containing these things. We would hardly feed only sugar and fat to make healthy bone structure in a growing child.

If we desired to keep brain strong and healthy we would use food known to contain the things Nature uses for the purpose

True, Nature provides these elements in a variety of edible things. We submit the following facts for those who care to know something definite on the subject:

Analysis of brain by an unquestionable authority, Geoghegan, shows of Mineral Salts, Phosphoric Acid and Potash combined (Phosphate of Potash) 2.91 per cent of the total, 5.33 of all mineral Salts.

This is over one-half.

Beaunis, another authority, shows "Phosphoric Acid combined" and Potash 73.44 per cent from a total of 101.07.

Considerable more than one-half of Phosphate of Potash.

Analysis of Grape-Nuts shows Potassium and Phosphorus (which join and make Phosphate of Potash) is considerable more than one-half of all the mineral salts in the food.

Dr. Geo. W. Carey, an authority on the constituent elements of the body, says: "The gray matter of the brain is controlled entirely by the inorganic cell-salt, Potassium Phosphate (Phosphate of Potash). This salt unites with albumen and by the addition of oxygen creates nerve fluid or the gray matter of the brain. Of course, there is a trace of other salts and other organic matter in nerve fluid, but Potassium Phosphate is the chief factor and has the power within itself to attract, by its own law of affinity, all things needed to manufacture the elixir of life."

Further on he says: "The beginning and end of the matter is to supply the lacking principle, and in molecular form, exactly as Nature furnishes it in vegetables, fruits and grain. To supply deficiencies—this is the only law of cure."

The natural conclusion is that if Phosphate of Potash is the needed mineral element in brain and you use food which does not contain it, you have brain fag because its daily loss is not supplied.

On the contrary, if you eat food known to be rich in this element, you place before the life forces that which nature demands for brain-building.

Mind does not work well on a brain that is broken down by lack of nourishment.

A peaceful and evenly poised mind is necessary to good digestion.

Worry, anxiety, fear, hate, etc., etc., directly interfere with or stop the flow of Ptyalin, the digestive juice of the mouth, and also interferes with the flow of the digestive juices of stomach and pancreas.

Therefore, the mental state of the individual has much to do (more than suspected) with digestion.

Brain is made of Phosphate of Potash as the principal Mineral Salt, added to albumen and water.

Grape-Nuts contain that element as more than one-half of all its mineral salts.

We must remember that nearly 95% of the brain is composed of water and albumen, but the little worker Phosphate of Potash must be present in order to blend the more bulky materials into useable form.

So with Grape-Nuts. The Phosphate of Potash is more than one-half of all the mineral salts, but the total volume of those elements is exceedingly small as compared with the greater bulk of other food elements contained in Grape-Nuts.

We should also remember that this small ingredient should not be put into the food in the form it might come from a chemist, because man cannot produce these elements in as digestible a form as Old Mother Nature, when she puts them in the wheat and barley from which Grape-Nuts is made.

A healthy brain is important, if one would "do things" in this world.

A man who sneers at "Mind" sneers at the best and least understood part of himself. That part which some folks believe links us to the Infinite.

Mind asks for a healthy brain upon which to act, and Nature has defined a way to make a healthy brain and renew it day by day as it is used up from work of the previous day.

Nature's way to rebuild is by the use of food which supplies the things required. Brain rebuilding material is certainly found in a very natural and perfect form.

CANDIDATES IN BERKELEY BUSY

Spear and Heywood to Reopen Campaign for Mayoralty This Evening.

BERKELEY, April 16.—Both Charles H. Spear and Charles D. Heywood will reopen their campaigns for mayoralty this evening in preparation for the election a week from Saturday. Spear's meeting will be held at Lincoln Hall in South Berkeley, where he and the other candidates will speak. Spear has extended an invitation to Heywood to appear at his meetings to address the audiences. Heywood's meeting tonight will be at 39 McKinley avenue, the residence of T. T. Fallon.

Spear issued today a list of over 100 prominent residents of Berkeley endorsing his candidacy, voters in different precincts of the city. The endorsement which headed their names was as follows:

"We, the undersigned residents and voters of Berkeley, having at heart the best interests of this municipality, do gladly subscribe our endorsements to the candidacy of Charles H. Spear for Mayor, confident that his incumbency of the Mayoral chair will best conserve those interests.

LEADER NEEDED

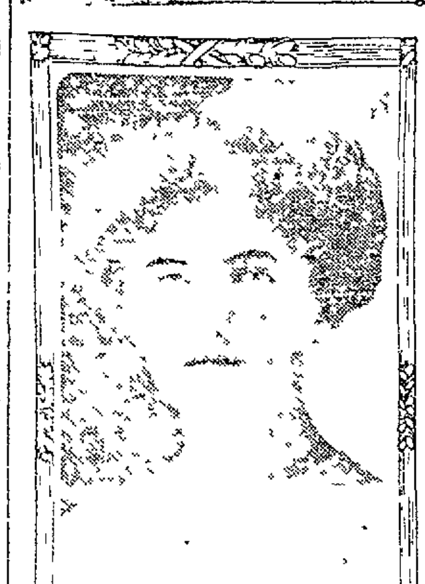

"We take it that this municipality like any other big corporation, needs a leader and we believe Mr. Spear to be possessed of those qualifications that go to make up a leader: firmness in the courage of his convictions, an understanding of his fellow men, an intimate knowledge of the problems to be solved and an enthusiasm to bring to bear all these. We find in Mr. Spear the requisite executive ability for the Mayor's chair. He is possessed in the first place of the presence needed in an executive and the dignity and intelligence that are requisite in a man who shall stand to outsiders as the representative of a dignified and intelligent community. In the second place he has a long and successful business experience and a grasp of public affairs born of a long training in public service, in short that familiarity with the ways and means of administration without which no mere novice in government can ever achieve success. We have every confidence in his integrity, his earnestness and his zeal to serve well the community of which he has been a member for so many years.

"Because of these many qualifications we not only promise him unsolicited our own support, but we lay them before a candid and fair minded body of voters as substantial reasons for a like course."

CENTRAL THEATER IS PREY TO FLAMES

SAN FRANCISCO, April 16.—The old structure at Eighth and Market streets known as the Central theater, which was the scene of many important theatrical and operatic performances shortly after San Francisco's gay life was rejuvenated after the fire of 1906, but which has long been abandoned, was destroyed at an early hour this morning. H. and F. Prager's millinery store, east of the old frame theater was also destroyed. The saloon conducted by Frank P. McCann, 1159 Market street, also fell prey to the flames.

PRODUCERS HOLD OUT OFFERS FOR U. C. ACTRESS

MISS ALICE McCOMB.

UNIVERSITY OF CALIFORNIA, April 16.—Several flattering offers of engagements with dramatic companies have recently come to Miss Alice McComb of the senior class of the university, which only the fact that she had but a semester to finish to graduate is believed to have prevented her accepting. It is expected by her friends in the university that she will go on the stage eventually after graduation.

During her undergraduate days Miss McComb has scored success after success in college theatricals. She has had prominent roles in "The Fortune Hunter," "Captain Jinks," the junior farce and "Hero." She is cast now for one of the most important roles in the senior extravaganza, which the graduating class will give as one of the big events of commencement week, as well as the role of Maria in the English Club's production next Saturday night of "Twelfth Night."

In the extravaganza, Miss McComb will make her final appearance before a college audience. Possessed of a wonderful voice and much dramatic power she has easily achieved success in the last four years. As Bess in the extravaganza she will have the leading role, the music for which has been written especially to suit her voice.

OLD GUARD SITS FOR LAST TIME

Alameda Council Passes Out of Administration Monday Night.

ALAMEDA, April 16.—With every member of the council in place and a large lobby present, the final routine meeting of the old city council was held last night. Next Monday night the old council will again convene to go through the opening routine canvass of the election vote and hand over the city government to the incoming administration. The new council will then proceed with the meeting. This meeting is provided for by the charter. The first routine meeting of the new council will be on May 5.

The members of the election boards were paid their claims of $5 each last night, totaling $750.

The Western Dairy Company applied for a permit to erect a pump house in the rear of the new Neal building. It was referred to the committee.

The application of the telephone company for a new fifty-year franchise in lieu of the one already expired was referred to the public utilities and finance committees to report back to the council.

The application of the real estate men to have the real estate license repealed was referred to the license committee. Howard K. James appeared for the applicants. Council President F. B. Bullock said that the real estate men paid no license. James said that they were liable to license taxation as money lenders and wished the money-loaning charge reduced from $20 a year to a minor amount.

A communication from S. E. Wood giving his views as to how the election rebate could be paid was filed.

A. Ghilini was awarded the exclusive right to sell ice cream, candy, etc., in Lincoln Park. He bid $200 for the privilege for a year. Other bidders were H. W. Larkin, $10.50 per month; W. H. Follrath, $150.50 per year; W. A. Butterfield, $15 per month; Mrs. Rostrom, $190 per year.

The ordinance providing a 2½ cent fare for school children was introduced and will be voted upon at the next council meeting.

Street protests took up most of the time. Protests to sewer and street improvements on East Lincoln avenue made by the Cohen estate were overruled and bids for the work were ordered advertised for. The same course was taken with the Linderman East Central avenue protest.

Attorney W. J. Burpee appeared for protestants against the proposed sewer on West Buena Vista avenue, making such a clear showing that all proceedings were rescinded on motion of Councilman William Hammond Jr. and new proceedings calling for a sewer for a distance of 100 feet to accommodate two new houses will be instituted. The protestants agreed to pay the incurred costs of advertising.

On motion of Councilman Stewart proceedings for the East San Jose avenue sewer were rescinded and a new plan of procedure was taken up, the route being changed from Peach to Post street. It is understood that an effort will be made to have the work carried out at private contract without the city taking further steps.

The clerk's records were corrected to read "railroad commission" instead of "railroad company" on the Stewart cross town matter.

CHILD PLAY SETS HOUSE IN FLAMES

Matches, Used in Parents' Absence, Cause Destruction of Home.

MELROSE, April 16.—A fire started yesterday afternoon by the two little children of Walter Williams, a painter, of 1421 East Fourteenth street, endangered their lives, but the two had sense enough to leave the burning house. The boy and girl had evidently been playing with matches in the absence of their parents, and had dropped a lighted match among some clothes. In a short time the room in which the children had been playing was gutted by the flames. Neighbors gave the alarm. Melrose fire department soon had the flames under control, although several of the rooms in the Williams house were gutted.

WILL GIVE NATIONAL MUSICAL PROGRAM

BERKELEY, April 16.—Following a plan for giving a series of national musical programs, Manager Noah W. Grey will present a "German Night" at the Hotel Shattuck in Berkeley next Sunday evening. These concerts have taken on the character of public functions, being open to the general public free of charge, and all lovers of music are cordially welcome, seats being provided for all in the spacious main lobby of the hotel.

The instrumental numbers will be rendered by the Jacques A. Tillmany orchestra.

The vocal numbers will be given by Robert D. McLure, the operatic baritone.

There will be a "Hungarian Night" on the evening of Sunday, April 27. The famous Rakoczy March will be included in the program. Several composers have been given credit for this characteristic music of the Hungarians, but it is claimed that the author is unknown and the piece is said to have been played as early as 1705 by Michel Barna, a gipsy.

ALAMEDA PERSONALS

ALAMEDA, April 16.—Miss Retta Hunter left for Monterey today to be the guests of friends at the military post there.

CLEAN SWEEP MAY REMOVE ALAMEDA INCUMBENTS

Rumor That Last Night's Caucus Aimed at Radical Changes

T. C. Coughlin Is Tentatively Indorsed for City Clerk; Await Ratification.

ALAMEDA, April 16.—Four of the non-partisan councilmen caucussed last night with Councilman C. W. MacRae in an effort to start the non-partisan slate. There were rumors outside that the non-partisans planned a clean sweep of the city hall as soon as the political broom could get into action. That this course is favored by the more radical of the partisans is known from their own outspoken statements. Other of the party, however, are more moderate in their views, and it is to these moderate ones that the city hall attaches are looking in efforts to retain their places.

The caucus of five out of the nine members of the city council last night took up the city clerk matter. There was a tentative endorsement of T. C. Coughlin for city clerk, which appears to be voided today, at least temporarily, through the statement of Councilman Charles W. MacRae, who is one of the holdover councilmen. MacRae states that at the request of Councilmen-elect Conrad Roth and Frank H. Bartlett and George T. Morris and of Councilman George Stewart he first agreed to support Coughlin. He asked today that he be quoted as saying he would not stand by this first agreement until the matter had been taken up with other members of the council and with Mayor-elect Frank Otis. He said this stand was because of his belief that it would be more courteous to take up the matter with others in the council who might be interested and that also he saw no need for a hurried rush to fill the office. Councilman Alfred Morgenstern, also a leading member of the non-partisan council majority, expects to be in Alameda in a few days and will undoubtedly wish to take part in the awarding of the municipal plums. Other non-partisans hold that Mayor Otis will work in sympathy with the non-partisans and that it would be common courtesy to inform him of what was going on in the way of distributing patronage. A new caucus will therefore probably be arranged at which Coughlin's appointment will probably be taken up again. Edward R. Allen was also an applicant for the place. All the other announced candidates for the position were with the administration ticket which was defeated.

GIRL NARROWLY ESCAPES AUTO

ALAMEDA, April 16.—An accident that might easily have proved fatal for at least one little girl was transformed into one that resulted in a broken automobile wheel when J. Schlemmer of the Bay City Market drove his machine in front of an approaching car and came into collision with it.

The accident happened at the corner of San Jose avenue and Broadway. Schlemmer was driving south on Broadway, when two little girls darted out into the street. On seeing him they retraced their steps to the sidewalk, but the little one becoming confused again essayed to cross the street. Schlemmer saw that in order to avoid killing the child he would have to take his chances with the car; he turned the machine squarely in front of the car and had all but cleared the car when the collision came. The automobile had one of the rear wheels demolished. Schlemmer said the car could have avoided striking him if it had been provided with air brakes, and that under the circumstances the motorman was not to blame. He did not learn the names of the children.

OLD BOARD IS NOT TO BE SUED

No Evidence of Bad Faith, District Attorney Says of Lease of Park.

BERKELEY, April 16.—The Board of Education will not bring suit against its predecessor incumbent in 1908 to recover the money paid in rental for athletic grounds on Grove street. Backed in this decision by the district attorney's office the board so informed today the Longfellow Improvement Club, which had demanded that such suit be brought.

In December, 1908, the school board leased grounds on Grove street from Jo S. Mills, paying $36000 for a four-year lease which expired January 1 of this year. Believing that this money had been wrongly spent, representatives of the improvement club recently appeared before the present school board with a request for suit to recover against the members of the old board. The present board referred the matter to the district attorney's office.

At last night's meeting a response was read from Deputy District Attorney Walter J. Burpee. Burpee held the money had been wrongfully expended, as a school district was not empowered to spend school moneys to lease lands for athletic purposes. A suit to recover would fail, he held, however, as bad faith on the part of the old board could hardly be proved and as the statute of limitations now forbade.

LECTURES ON "PLAGUE."

The school board last evening acceded to the request of the Alameda County Society for the Study and Prevention of Tuberculosis to give monthly lectures in the schools on the prevention of tuberculosis. A representative of the society appeared to explain its objects.

The Longfellow Improvement Club sent a communication asking for seventh and eighth grades in that school and ninth if possible. Long distances for pupils to walk and the necessity of their taking cold lunches were cited as reasons. The matter was referred to the superintendent.

A communication was read from the water company explaining that the charge of $25 for water connections at the Polytechnic School had been for service installation and could not be returned. Under the impression that the charge had been in the nature of a deposit its return had been sought by the board. Miss Ella M. Bailey of the Lincoln School was granted a leave of absence until the end of the term.

WITHHOLD NAME OF GIRL IN MALE ATTIRE

BERKELEY, April 16.—Until next Saturday night the names of two young women who will take part in the senior play at Miss Head's School is to be a carefully guarded secret. For one is to play the part of a young man and the other the role of an old woman and, according to the young ladies of the seminary, it takes some nerve to appear before an audience either in a young gentleman's dress suit or the garments of an elderly lady.

The play is to be produced at Town and Gown Club quarters, "Lucia's Lover" having been selected for presentation. The senior girls who will participate are being coached by Miss Alice Colland and Miss Sadee Stewart of the faculty. Mrs. G. Idwaite and her son Channcel are the parts to be announced Saturday. The following will be the participants:

Miss Lucia Levering, Miss Edleda Fogg, Miss Marguerite Looney, Miss Catherine Stanton, Miss Marguerite Hird, Miss Mildred Chase, Miss Hazel Downing, Miss Martha Summers, Miss Myra Treat, Miss Polly Chandler, Miss Ruth Kincaide, Miss McGregor, Miss Louise Keeney.

The deceased was a native of Hessen Darmstadt, Germany, and was 63 years of age. He is survived in addition to his widow by four children, Conrad Hofmann, Mrs. Roland Stark, Mrs. C. I. Spear and Gladys Hofmann.

The funeral will be held from his late residence at 2 o'clock tomorrow. Interment will be in Evergreen Cemetery.

Townsend's office in this city, has been promoted to the position of traveling freight and passenger agent of the Western Pacific, with headquarters at Salt Lake City. His territory is all of Nevada.

Harte has been with the Western Pacific at Oakland for the past three years and has a large number of friends who will regret his departure.

W. G. Curtiss will succeed Harte as contracting freight agent and will start on the duties of his new position Monday, April 24. Curtiss' position will be filled by a local man.

The New York man who has had a shin bone grafted onto his arm will have to be on his guard against that impulse to walk on his hands.

OFFICER EJECTS CITY COUNCILMAN.

Alleges That Geo. H. Stewart Interrupted Election Count.

ALAMEDA, April 16.—Councilman George H. Stewart announced at the city council last night that he would seek to ... a complaint against ... Rogers, alleging battery as the outcome of a dispute ... in a precinct on election night. The councilman alleges that he was forcibly ejected from the booth by Rogers. The councilman said that he was in the booth checking the vote when Rogers threw him out. Stewart wished the city attorney to take steps to punish Rogers and seemed to think that a felony had been committed. He was told by the city attorney that the only offense committed, if any had been committed, was that of battery, and that the councilman himself would have to swear to the complaint. The city attorney added that he or the district attorney's office could then prosecute.

Stewart stated that he was present as a checker for the non-partisans. ... Taylor said this morning that Stewart was present as the non-partisan representative during the count.

While Rogers was one of the administration ticket workers he is also a deputy constable. Seymour Arada, an inspector on the board, complained that he could not tally the returns with Stewart working over his shoulder. Rogers is said to have told Arada that as a peace officer he would take Stewart out of the tent if so ordered by the election officers. Seymour approved of this course according to the explanation offered today and Rogers took hold of Stewart. Stewart offered no resistance, the battery offense alleged being a technical one.

This undertaking is the final affair planned in this city for the benefit of the flood victims.

Spring Time—Remember Is Blood Cleaning Time

Entire System is Clogged—Great Hordes of Germs Congest the Blood to Cause Pimples, Boils, Carbuncles, Eczema and Other Skin Diseases.

S. S. S. Gives You Backbone, Nerve Strength with Pure, Invigorated Blood.

If you feel thick headed, legs a weary, tire easily and feel utterly used up your blood needs a bath.

It is astonishing how quickly you brace up after using S. S. S. After the long nights of winter have slowed you down, made your blood sluggish, and filled your system with the cramps, aches and acids of thick, stagnant blood you actually require the influence of S. S. S.

Eczema, rash, pimples, tetter, boils, and all impurities in the blood are quickly washed out by the remarkable action of S. S. S. This is the ... a bath for your blood. It is not a "dope," not a "physic," there is not a drop of harmful mineral drugs. It is a far better friend to your nerves than any "nervine" you can use because it is just as pure as the gruel you would feed to an invalid. The blood takes kindly to S. S. S., it doesn't bother your stomach but it does give you strength.

Rheumatism, catarrh, malaria, bronchitis, typhoid and all such painful or dangerous maladies cannot remain in a system washed and cleansed by the remarkable action of S. S. S.

There is scarcely a drug store or general store any where but what keeps S. S. S. in stock. It is prepared in one of the world's best and largest laboratories and has maintained the health of a host of people who use it every spring and fall because it gives them a feeling of renewed strength, puts the look of health in the eye and prints the flesh with the ruddy glow of health.

The human body, like the habitation of man, is closed all winter and becomes clogged with stagnant impurities. In the spring nature attempts to overhaul the blood and thus we see pimples, boils, carbuncles and various skin afflictions breaking out to relieve the congestion within.

The remarkable manner in which S. S. S., the famous blood purifier, clears the system is a most interesting study. It sweeps its way into the blood stream, flushes every artery, vein and capillary, awakens functional activity and causes a wonderful animation throughout.

There is one ingredient in S. S. S. which serves the active purpose of stimulating the myriad of cells to the healthy and judicious selection of their own essential nutriment.

And if, from the presence of some disturbing poison a condition of eruptive disease is set up, S. S. S. so directs the action of the local cells that the poison is rejected and eliminated from their presence.

Thus, when the cells break down to cause the formation of carbuncles, S. S. S. so stimulates cellular activity that new and healthy materials are rapidly supplied and eruptions cease. The same is true of mucous inflammations of acid accretions and all those influences which cause rheumatism, catarrh, eczema, lupus, psoriasis, tetter, etc. The action of S. S. S. in effect is like giving the entire blood supply a good bath.

The medicinal properties of S. S. S. are relatively just as vital and essential to vital balanced health as the food components of the grains, meats, fats and sugars.

And of one thing you may be certain: there is not an atom of mercury, mineral ... iodide of potash or arsenic, nor does S. S. S. contain any other mineral. It is a pure vegetable medicine and wonderfully acceptable to even a very weak stomach.

Get a bottle of S. S. S. from any druggist and note how quickly it puts your blood in fine condition. It is just what you need, a fine, bracing, purifying medicine that is sure to do you a world of good. And if you are troubled with some stubborn form of blood disease write to the medical department of The Swift Specific Co., 426 Swift Laboratory, Atlanta, Ga., for free private advice.

15 PER CENT DUTY ON RAW WOOL IS SLOGAN

The Organized Opposition to Administration Free Wool Bill Is Active.

House Caucus to Approve the Tariff Law Within Two or Three Days.

WASHINGTON, April 16.—"Fifteen per cent ad valorem duty on raw wool" was the slogan of the organized opposition to the administration free wool bill, when the Democratic caucus today resumed consideration of the new tariff bill. With Southern and New England Democrats still fighting the cotton rates proposed the anti-free wool members were planning their attack on Schedule K which the caucus expected to reach before the close of the day.

At an early morning conference of Democrats from Ohio, Indiana, West Virginia and many of the Western states it was determined to stand by their decision to fight for a 15 per cent duty, which they claim was the original judgment of the ways and means committee before consultation with President Wilson.

EXPECT EARLY ACTION.

Chairman Underwood after an early conference with President Wilson, expressed confidence today that the tariff bill would be approved by the House caucus without important amendment within the next three or four days. Underwood declared that while the Democratic majority was sufficiently strong to put the measure through the House within a short time, the Democrats would permit the minority to be fully heard.

COMPLAINTS GROUNDLESS.

Representative Hull of Tennessee, author of the income tax law, said today that complaints of life insurance companies against the provisions of the law as affecting them were groundless. One contention of the companies is that dividends, which would be taxed under the law, declared by mutual and participating companies are not dividends in the commercial sense of the word but are simply refunds of a portion of an overcharge collected with annual premium, held in trust and at stated periods returned to the policy holder. The ways and means committee contends that an exhaustive investigation of books of insurance companies shows that in many cases the earnings of companies from previous investment and holdings are nearly as large as the amount which is annually distributed as dividends, and it does not appear that a separation of sources of income is made for the purpose of ascertaining the funds available for dividends.

NOT PROMISED REFUND.

The committee holds that a policyholder is not promised a refund but a participation in the surplus of profits and the plea that the dividend is a refund of a portion of premium rather than a distribution of the actual surplus of the company derived from all sources is not consistent. On that basis it is said the insurance companies are in a position to declare dividends which will conform to the general definition of dividends.

Representative Underwood said that no protests against provisions of the tariff bill from foreign governments had been forwarded to the committee. He has heard indirectly that such protests had been filed in the State Department.

OPPOSE CITRUS REDUCTION.

Representatives Raker, Kettner and Church made strenuous efforts yesterday to get citrus fruits rates raised above the schedule reported in the Underwood bill. They were backed up in their fight by Florida Democrats and Representatives Murray of Oklahoma. After nearly an hour's fight the caucus shut off the debate, and the schedule as reported went through, leaving the rate on all citrus fruits at approximately ½ cent per pound. The rate in the Payne bill is 1½ cents on lemons and 1 cent on oranges.

RESUME SUFFRAGE INQUIRY.

The Senate investigation of alleged police negligence in the protection given to women during the suffrage parade here March 3 was resumed again today, when members of the District of Columbia police force were again called as witnesses. Senators Jones, Pomerene and Dillingham, constituting the sub-committee, expect the investigation will be finished soon.

PARADE TURNS AT 9TH & BROADWAY

That Particular Corner Elaborately Decorated for Big Event.

Should it seem cloudy preceding the time set for the parade a large crowd will take advantage of the shelter offered by the huge marquise that surrounds the corner of Ninth and Broadway, in front of the California Loan Office, the canopy will protect hundreds of people from rain should it be necessary. The firm that usually displays such an enormous stock of diamonds and jewels in their windows at this corner have engaged special protection for their stock for this occasion to insure them against breakage of glass fronts, as one window alone contains over $100,000 of diamonds, a congestion would cause them to suffer by any delay of a broken window, should such a thing occur.

STEAM SCHOONER LAUNCHED TODAY

The O. M. Clark Makes Trial Trip With Invited Guests.

The new steam schooner O M Clark left the yards of the United Engineering Works this morning on its trial trip. The craft which, was constructed at the United Yards, is owned by the Charles Higgins Lumber Co., and will be used in connection with other lumber carriers in the Higgins service along the coast. Several hundred invited guests were aboard the vessel, and flags were strung from the upper section of the hoisting masts, which added to the gaiety of the occasion. The vessel hit up a pace of about 12 knots an hour. Captain James Higgins will command the new craft. The Clark is 210 feet in length with a beam of 41 feet and a depth of 16 feet. It is operated by 635 horsepower engines and has a lumber capacity of 1,000,000 feet.

The schooner Melrose completed its inner harbor work late yesterday and shifted out to prepare for sea.

The Bessie Dollar is at Long Wharf discharging Oriental freight.

The Elizabeth and Bee are due at Long wharf this afternoon.

The James S Higgins and Carlos are at the United Engineering Works undergoing repairs.

SPECIAL SALE SIGNS OPPOSED

The Downtown Improvement Club this morning appeared with a petition asking the city council to order the removal of all fire sale and other glaring special sale signs during the Knights Templar conclave week. There is no ordinance against such glaring signs, and the matter was referred to Commissioner of Public Health and Safety Fred C Turner, to interview the merchants who have the signs up and see if they cannot be removed for the rest of the week.

An ordinance creating a special commission which will co-operate with the fire chief and the building inspector in revising the present building ordinance, was passed this morning by the council. The special commission will consist of an architectural engineer, an architect and a builder. The matter of recommending changes in the fire limits will be one of the duties of this commission.

TWO BURGLARS TAKE REFUGE IN CEMETERY

SAN FRANCISCO, April 16.—Two burglars took refuge in Odd Fellows' cemetery this morning when they were frightened from the home of George Bantanich, 91 First avenue. They had not obtained any loot when they were surprised.

A like experience was suffered by a robber who raided the home of A Smith Jr., 21 Fulton street. The culprit entered by a ladder and ransacked one bedroom, making his escape as the occupants approached.

Herbert Hamlin, 380 Eddy street, reports the theft of valuables to the amount of $82 from his apartment.

The total value was $50. An express wagon was used in the robbery and today the detective found that two young men had sold the entire outfit for $6. A careful description of the burglars has been furnished the police.

DISCUSS FATE OF OLD HIGH SCHOOL

Voters Propose Removal to a More Suitable Site in Hayward.

HAYWARD, April 16.—The disposal of the old Union High School is to be the subject of discussion at a mass meeting of the voters of Union High School No 3, which has been called for Saturday, April 26.

As the new high school on the foothill boulevard will be ready for occupancy in about two months, the old school will be left empty, and a number of suggestions have been made as to what should be done with the old property. One of these suggestions is that the grammar school board take the site and building over for a ward school to relieve the congestion in the grammar school. Opposition is put forward to this proposal on the ground that a site near a railroad is not a good place for a school on account of the danger run by the children in crossing the track, and the noise. A remedy, however, has been brought forward that the grammar school trustees buy the old building, and have it removed to a more suitable site. The sites suggested are on the Hayward City tract, or the Hayward Acres tracts on the A street extension.

It is understood that the old high school could be purchased for $1000. A number of electors have signified their approval of the idea, and it is felt that some provision should be made to meet the rapid growth of the grammar school district. The mass meeting of the electors will be held at the high school building in A street, and will probably be addressed by several of the school trustees.

IMPROVEMENT CLUB HAS REGULAR SESSION

The Grand Avenue Improvement Club held its regular monthly meeting last night at the Perry street school. Routine matters were taken up, one of them being the appointment of the largest committee yet selected by the club to insure the success of the playground project in the district. Copies of the municipal weed ordinance were ordered printed and mailed to the property owners of the district, with the suggestion that the same be abided by, thereby avoiding its compulsory enforcement.

On the playground committee Mrs C R Olney was appointed chairman. J N Bonham is president of the club.

FAIL IN EFFORTS TO FREE WOMAN

Mrs. Grace H. Reames Is Now Held on Fugitive Warrant.

SAN FRANCISCO, April 16.—An effort was made today to release Mrs Grace H Reames, wife of Dr James W Reames, a physician of Winston-Salem, North Carolina, on a writ of habeas corpus. A writ was made returnable before Superior Judge Cabaniss at 2 o'clock this afternoon. In order to prevent the woman from obtaining her liberty, Detective Burke, on telegraphic advices from the east, swore to a fugitive warrant and for the second time she was booked at the city prison.

Mrs Reames was taken into custody yesterday and gave her name as Mrs Rodgers. For eighteen months search has been instituted for her and she was found in a Jones-street hostelry with her son Orlando, aged 6 years. The information in the hands of the police was that she was wanted for a statutory offense, but this morning she protested her innocence of any wrong doing.

"My husband beat me and drank to excess," she protested. "I refused to stand for this treatment, packed my suitcase and left him."

SAN FRANCISCO, April 16.—Adolph R Eklund who lives at the Solano apartments, Hyde and California streets, turned the tables on a chauffeur who gave his name as Homer Chance, following a taxi cab ride at an early hour this morning. Eklund claims that Chance wanted to charge him $2 50 for his ride. He informed the driver that he had an account with the firm and that he wouldn't pay the coin. He declares that thereupon Chance seized his gold watch. Eklund then took the chauffeur into custody and marched him to the Bush-street station where he had him booked for grand larceny.

MISS BERRITA FISHER, A MEMBER OF THE YOUNGER SET WHO ENJOYS THE SEASON'S GAYETIES.—Scharz Photo.

PERHAPS one of the most notable women to visit the coast this spring is Miss Dorothea Spinney, the winsome English girl whose interpretations of the Greek classics have won her lasting fame. Miss Spinney is most artistic in her interpretation, and keeps the surroundings always in key with the reading, making the afternoon a thing of harmony and a joy forever. She wears softly draped Greek costume and speaks from a stage draped with deep blue, with a few white lilies carelessly arranged in a jar at her feet.

The musical and literary set will derive rare joy from Miss Spinney's interpretations, and each opportunity of hearing her will be welcomed eagerly. Among those who will give their guests the great pleasure of hearing the charming English girl are Mr. and Mrs. Allen Freeman, who have sent out cards for a reading by her at their Berkeley home April 25. The Freemans are always leaders in affairs which have a wider interest than mere society gatherings, and the coming function will be enjoyed by a large number of friends. Miss Spinney will also be heard before the Ebell club later in the month.

BRIDGE IN MAY.

Cards are being issued by Mrs. H. Sidney Kergan for a large afternoon function at her home in the Linda Vista district Wednesday, May 7. The guest list will include a large number of friends of the hostess, who will be assisted in receiving by a group of young matrons of the Linda Vista district. The afternoon will be devoted to bridge.

TO WED TONIGHT.

The marriage of Miss Grace Louise Pack, daughter of Mr. and Mrs. John W. Pack, and Alexander McLaggan Blackhall will take place this evening, and will be a simply arranged ceremony at the home of the bride in Berkeley. A few friends and relatives only will witness the plighting of the vows, and the Reverend George C. Eldridge, pastor of St. John's Presbyterian church will officiate. The wedding decorations will be carried out in white and delicate shades of pink, with bridesmaids' dresses and charmingly arranged bouquets to correspond. The two sisters of the bride, Miss Elizabeth and Miss Margarita Pack, will attend her as bridesmaids, and Elizabeth and Grace Sims, two diminutive flower girls, will lead the bridal party. John Tunnel of San Francisco will support the bridegroom as best man. A buffet supper will be served after the ceremony, and the young couple will later depart for a honeymoon trip which will end at Taft, where Blackhall is connected with a large oil corporation, and where they will make their home.

DANCING PARTY.

Cards have been sent out for an elaborate dancing party to be given next Friday evening at the home of Mr. and Mrs. Robert Bousfield on Tunnel road, Berkeley. Miss Katherine Bousfield, Miss Juliet Perrin and Harold Perrin will share the hospitable duties of the function. About a hundred and fifty guests are bidden for the important social event, which will be completed by a supper served at midnight.

ENTERTAINS FOR TRAVELER.

ENGAGEMENT TOLD.

An engagement of interest which is being informally told to friends is that of Miss Winifred Mastick, daughter of Mr. and Mrs. George Mastick of Alameda, and Ira Clark of San Francisco. No date has been set for the wedding. Miss Mastick will be the recipient of numbers of complimentary affairs during her engagement days, her many friends planning to entertain in honor of the attractive bride-elect. Miss Mastick comes of one of the best-known families on this side of the bay. She is a granddaughter of the late E. B. Mastick, for whom the Mastick School and Mastick station in Alameda were named. She is a member of several of the important musical clubs about the bay, and is an accomplished musician. Her fiance is the son of Arthur Temple Clark of Brisbane, Australia, and is connected with the Bank of Italy in San Francisco.

LUNCHEON AND SHOWER.

Mrs. G. F. Williams was a luncheon hostess yesterday, entertaining about a dozen maids and matrons in honor of Miss Anita Randall, a charming engaged girl. Pink was the decorative scheme, with flowers and ferns and a canopy of hearts over the attractive table. A large tissue paper hoop was suspended above the hearts, and after the last course each guest pulled a string and released a shower of handsome pieces of linen, which fell before the honored guest. Miss Randall is being much feted during her engagement days, and was again a guest of honor at an affair at which Miss Ahern was hostess last evening. Among the guests at Mrs. Williams' luncheon were Mrs. Reedy of San Francisco, Miss Gladys Van Vleet, Miss Elsie [illegible] Alfred Reed, Mrs. Walter Cohick, Mrs. Walter Ruggles, Mrs. H. G. Hawkins and several others.

ENTERTAIN SATURDAY.

Mr. and Mrs. Edward M Walsh are expected home Thursday after an absence of several months spent in touring the East. They visited New York during several weeks of their stay in the Eastern states, and were extensively entertained in the metropolis by numbers of friends. Local society will welcome Mrs. Walsh's return with social affairs by the score in her honor.

WOMEN IN THE NEWS

WOMAN JUSTICE RESIGNS FROM POSITION

Many Troubles Encountered by Fair Dispenser of Justice; She Quits.

DALY CITY, April 16.—Miss Clara A. Jess, the first woman ever appointed to a judicial position in California has resigned after a year in office. Her resignation as city recorder of Daly City, which position in cities of the sixth class is equivalent to the office of justice of the peace, was given to the town trustees Monday night.

Miss Jess is uncertain whether women are fundamentally unfitted for the duties of judge, but she is very certain that "under present conditions" most of them are not. It seems to be the "conditions" which caused most of the trouble. Miss Jess found ramifications of politics, petty intrigue, conspiracies to defeat justice, and clashes of self interests, which she never had suspected before.

"I didn't know what I was getting into," she said.

SUED FOR SENTENCE.

Miss Jess sent only one man to jail, and he was sentenced for only one day, but he was the town marshal, and he brought suit against her for $25,000 for false imprisonment. This, she admitted yesterday, was the direct cause of her resignation.

The courtroom where Miss Jess administered justice is a barnlike structure with chinks in the walls, a pine bench, an encrusted ink stank and a half dozen crippled pens that splutter all over the paper. Her home, where she told of her experience yesterday, is an immaculate little cottage, with gravel walks and prim little beds of candy-tuft and forget-me-nots. There was a wood fire inside, a white, woolly dog lay on the rug, and Miss Jess was busy adjudicating the problem of whether it should be steak or pork chops for dinner, her mother appearing as advocate for the steak.

TELLS OF TROUBLES.

There was more of the proverbial feminine discursiveness in Miss Jess' clear statement of the causes of her resignation, but wait:

"I'd given lots of warrants to Pankewicz, when he wanted them, so when I wanted him to serve this one against Rheinlander, I thought he ought to do it, even if I had to send him to jail, so I——"

Then it was necessary to go back to the beginning. Joseph F. Pankewicz was town marshal of Daly City. It was he who urged Miss Jess to accept the appointment as recorder, and they were very friendly at first. Trouble began when Pankewicz wanted warrants against persons in cases where Miss Jess thought their issuance was not justified and when he hesitated about serving them against others whom she thought should be prosecuted.

WOULD NO TSERVE.

Miss Jess issued a warrant against Louis Rheinlander, the village baker, in which he was charged with having obtained $100 by false pretenses. Pankewicz and Rheinlander were friends.

"He just wouldn't serve it," said Miss Jess. "I kept at him and one Saturday I saw him sitting on a fence and I knew he had the warrant in his pocket. "So I had him up for contempt of court. That was about August 24. I told him he could pay a fine of $50 or go to jail for a day. He wouldn't pay, so I thought maybe he didn't have $50, and told him he could go for $25. He wouldn't pay that, either, so I gave the commitment."

SUES FOR $25,000 DAMAGES.

Soon afterward Pankewicz filed suit in the Superior Court of San Mateo against Miss Jess and Sheriff J. H. Mansfield, asking $25,000 in each case for false imprisonment. The court recently sustained Mansfield's demurrer to the complaint and Pankewicz appealed to the Supreme Court, which has not yet rendered a decision. Miss Jess' case still is pending in the San Mateo county court.

This is only one of a number of cases in which Miss Jess believes she was thwarted in the administration of justice. Saloons and saloonkeepers, she thinks, put many tacks in the judicial path.

"When I took that office," she said, "I wasn't particularly opposed to saloons, if they were properly regulated, but just let me get a chance at them now!

"They used to get juries composed entirely of saloon men or their hangers-on. I had a clear case against a man accused of an offense against a woman. They got a jury made up of saloon men, all friends of the man accused, and they brought in a verdict of 'not guilty.' That's the way they wrote it, too. Why they can't even spell!"

Miss Jess' general ideas of women's fitness for the ermine are not yet clearly formulated. She wants time to think it over. She is clear on one thing—the women did not give her proper support.

Would Wed Maxine

NEW YORK, April 16.—Gazing tearfully at a photograph of Maxine Elliott, the petrefied [illegible] Van Baalen, a Dutch farmer, 60 years old, sailed for Rotterdam on the Noordam. Between gulps he said he had come over two weeks ago [illegible] lady, but, alas! he had been the victim of a hoax.

Van Baalen has been a widower since he was a young man. Having prospered in business he has been thinking about marrying again. In an unguarded moment he wrote to friends in America.

Along came a reply from one of his old friends, who said he was living in Chicago, but knew an estimable woman of Holland, Mich., who was already much interested in Dirk. The letter contained a photograph of a handsome woman with dark, glowing eyes.

Dirk immediately packed his trunk and hurried to Holland, Mich., where he looked up his old friend, Adrian de Jonge. The latter looked at the picture rather [illegible] and then asked:

"Are you going to marry Maxine Elliott? That would be a good match for you, I should think, if you could make it."

Then Dirk began to realize the situation.

Lumber King to Wed

LOS ANGELES, April 16.—Announcement of the engagement of Miss Katherine Mortenson, the beautiful young daughter of Jacob Mortenson, a well-known Chicago lumber king, and heiress to more than $15,000,000, to George R. Carr, vice-president of the Dearborn Chemical Company of Chicago, was formally announced yesterday by Miss Mortenson's parents, who are guests at the Maryland Hotel in Pasadena. The wedding, it is announced, will take place in San Francisco July 17.

Lonesome; Marries

BOULDER, Colo., April 15.—Unable to bear separation from her fiance while visiting friends in Colorado, Miss Salome Albrecht, daughter of Herman Albrecht, a millionaire manufacturer of Cleveland, telegraphed to Ralph Popp of Cleveland to come to Boulder, and they were married yesterday.

DO NOT NEGLECT YOURSELF

By LILLIAN RUSSELL

(Copyrighted, 1913, by Lillian Russell.)

THE loss of outward beauty is caused by inward neglect. Some women at the first sign of age become immediately discouraged and begin a course of neglect instead of a course of treatment, feeling that the struggle is no longer worth while. Some lose their ambition to be pleasing with the first wrinkle. There is never a time in a woman's life when good looks are not worth while. One of the sweetest sights in life is a fresh-hearted old lady. Age is entirely in the mind. I have seen many beautiful old ladies who were more charming by far, more entertaining, healthy and beautiful than their discontented, half-hearted daughters. It is never too late to attend to one's outward appearance. In the quest for beauty one must never dwell upon the idea of age. There is no woman in the world who, if she so desires and will make the effort, cannot improve her looks. It entirely rests with herself how strong is her desire and her will to carry out her plans of action.

If health, youth and beauty are worth having they are worth working for and the exertion must be in mind and body equally. There is no infallible rule for suppleness and grace; each woman must exercise and find the best exercises suited to her individual needs. The prime factor of health is exercise, without which a graceful body and clear complexion are impossible. To keep young one must think young thoughts. Ambition, faith and hope are youthful thoughts to feed upon. As the body needs a constant supply of fresh air and nutriment, so the mind has needs no less exacting. Bodies decay and lose vigor by reason of the thoughts put upon them placing limitations upon their progress.

Idleness, losing interest in the active affairs of the world and too much introspection are fatal to intellectual strength and freshness necessary to beauty. If the muscles of the face begin to droop and sag, take facial massage by an expert, but help all you can by stimulating your thoughts; keep smiling—that alone restores sagging muscles. If your body becomes heavy and enervated walk briskly in the fresh air and think of cheerful things while exercising in that way. Dwelling upon unpleasant memories will go farther to age a woman or man than any form of devastation. Remember, happiness is a state of mind only arrived at by spiritual intelligence.

SUBSCRIBER—Bunions are usually caused from ill-fitting shoes, either shoes that are too tight or too loose. One should have their shoes fit them perfectly. First of all, wear a shoe that is wide enough to allow the toes to spread, then take a piece of adhesive plaster and bandage the great toe, bringing it into its natural position. This will relieve it and the inflammation will disappear. Here is a formula for corns: Twenty grains salicylic acid, one-eighth ounce alcohol, and one ounce flexible collodion. Apply for three nights, then soak in hot water, when a layer of skin will come off. Repeat until corn has disappeared.

T. E.—Hold the finger nails in sweet almond or olive oil or rub a little of the oil on them. This will supply the oil lacking in them and make them less brittle. If you care for instructions for manicuring I shall be glad to send them to you upon receipt of a stamped addressed envelope.

DOT—There is no way of acquiring dimples. Dimples are a facial defect and while they are bewitching on a young girl they always turn into deep holes or wrinkles when one grows older I know of no way you could make dimples. If you have small ones I would advise you to let them alone. You may be thankful when you are older that you didn't tamper with them to make them larger.

MRS. T. Y.—Here is an excellent formula for a lotion for eradicating wrinkles: Sixty grains alum, one and one-half ounces almond milk and six ounces rose water. Dissolve the alum in the rose water, then pour slowly into the almond milk, stirring constantly. Bottle and use when needed. I am sending you instructions for massaging the scalp and formula for an excellent hair tonic.

SCHOOL AND PLAYGROUND

SCHOOL GIRLS VISIT CHICAGO STOCKYARDS

CHICAGO, April 16.—Thirty-five girls in one of the public school cooking classes visited the stock yards today and heard an expert butcher explain the knack of carving and trimming roasts and steaks and of selecting meats with a view to economy.

Before the close of the school year 50,000 future housewives in the Windy City will have received the same instructions. Pupils of each of the 2000 cooking classes will make trips to one of the big packing houses under the direction of Miss Mary Jane McClure.

"I can show the girls how they can save 50 per cent on their meat bills when they become mistresses of their own home," said Miss McClure.

LONG DRAWN-OUT SESSION AT END

Colorado Legislature Adjourns After Deliberating Over Appropriations.

DENVER, April 16.—Approximately 15 hours after the time fixed for final adjournment, at 6 p. m., April 15, the nineteenth general assembly of Colorado actually closed its deliberations about 9 o'clock this morning.

The clocks in both houses had been set back and the records will show that adjournment was taken at 6 p. m. on the legislative day of April 15.

The failure of conference committees to agree on the long appropriation bill and the prolonged discussion of that measure by a third conference committee chiefly was responsible for prolonging the session throughout the night.

CHINESE HIGHBINDERS ARE ADMITTED TO BAIL

SAN FRANCISCO, April 16.—Superior Judge Dunne this morning granted the motion of counsel for the nine Chinese highbinders under arrest and charged with murder and admitted them to bail in the sum of $10,000 bonds or $5000 cash. The men, who are officers of the Bing Kong and Suey Sing tongs, were arrested as accomplices of Lee Sing, a Suey Sing man, two weeks ago. Their cases were continued until April 23, when they will be set for trial.

ONE-SIDED GAMES PLAYED BY JUNIORS

In a one-sided game last Saturday the Eagles again took the Bullock Stars into camp by a large score. Cortez pitched a wonderful game, only allowing a few scattered hits. Gregg and Gilligan were the star hitters for the Eagles. Stickles did the best work with the stick for the Stars. The two teams lined up as follows:

Bullock's Stars—	AB.	R.	H.
Stickles, 1b.	3	1	2
Williams, 3b.	4	0	1

MIDGETS VS. TOMPKINS.

On the same morning the DeFremery Midget team paid a visit to Tompkins, where they lined up against the home team in a very close and exciting contest. At the end of nine innings the score was 7 to 6 in favor of DeFremery Midgets. The star players for the winning team were Captain Mason, Towne, Boisson, McAllister and Pierce. The DeFremery Midgets still have 1000 per cent. In the afternoon the Bella Vista Juniors visited De Fremery, where they took part in a one-sided contest and came out at the short end by a score of 26 to 6. This team also has 1000 per cent in the junior division.

GAME CALLED OFF.

Saturday morning the Melrose Midgets made a trip to Bushrod, where they crossed bats with the home Midget team. It was necessary to call the game off on account of the rain at the end of the fourth inning when the score stood 11 to 3 in favor of Bushrod. The feature of the game was the pitching of Spohn of Bushrod, who only allowed two hits.

The teams lined up as follows:

Bushrod—Rosenbaum, 3b.; Feudner, 1b; Strong, 2b; Furra (captain), ss.; Bowen, l. f.; Metheman, r. f.; Huske, c.; Spohn, p.; Ravizza, c.; Ludlow, c.

Melrose—Greenwood, c. f.; Falt, ss.; Baizzy, c. f.; Barrington, c.; Norre, p.; Calhoun, Greisback, Boyson, Boyson, Boyson.

This Hair Remover Works Like Magic

(Toilet Talks.)

A paste made with water and powdered delatone and applied to the skin will banish hair or fuzz. The paste should be left on two or three minutes, then removed and the surface washed. This leaves the skin hairless, firm and white. If the growth is thick or stubborn, it may require a second application. You can get a small, original package of delatone from your druggist, and to those afflicted with superfluous growths this will prove a boon.

Thin eyebrows can be made to grow thick and lustrous by rubbing pyroxin on with fingers and, soon, straight eyelashes will come in long and curly if pyroxin be applied at lash-roots with thumb and forefinger. Be careful and don't get any pyroxin where no hair is wanted.

FEARS TO SHED BLOOD, THUGS ESCAPE

Woman Has Burglars Covered With Revolver, But Lets Them Get Away.

Mrs. M. E. Hall Victim of Robbers; Shrinks From the Thought of Killing.

Shrinking from the thought of having the blood stains of murder on her hands, Mrs. M. E. Hall of 156 Kempton avenue, Piedmont, watched two burglars rifle her sideboard of plateware at an early hour this morning while she had them covered with a loaded six-shooter. She hesitated to fire at them until frightened by her steps on the stairway the two men fled through the door and ran across a vacant lot. Then she rushed to the open door and fired twice at their retreating forms and shot once more into the night to see if her revolver still had a cartridge in it. A little later she heard a motorcycle, as the machine was hurriedly started from some hiding place not far distant.

Mrs. Hall was suffering from rheumatic pains and unable to sleep last night and while she was walking down the hallway toward her room, after she had gotten some bandages for her afflicted knee, she encountered two tall, slim men, who immediately threatened her with a revolver and ordered her to keep quiet or they would kill her.

SEES THEM AT WORK.

They forced her to enter her own room and made her sit on the edge of the bed while they searched the premises with a lantern, finally lifting one of the pillows under which lay her handsatchel, containing a diamond brooch and about $20 in cash. Her loaded revolver lay under the other pillow, but this one the burglars failed to lift.

When the men left the room Mrs. Hall seized the loaded revolver, which they had overlooked, and followed them. From the top of the landing in the hallway she could see them in the dining-room putting the silver plate into the handsatchel. The point of her revolver covered the backs of the men squarely and the impulse to fire came over her. Her aim was so true that she realized to pull the trigger would be equivalent to murder, for both men were at her mercy, from her vantage point on the top of the landing.

THOUGHT HOLDS TRIGGER.

She hesitated. The thought of killing even burglars was so repugnant to her that she lowered the dangerous weapon again and deliberately started down the stairway.

Her steps caught the ears of the burglars and they fled precipitately, leaving the diamond brooch, which they had taken from the satchel and placed upon the dining-room table. They carried the satchel with some of the silver and the money stolen from her room. Later she learned from her son, R. H. Chase, who was asleep in another room during all the excitement, that the burglars had visited him and quietly taken over $100 from him.

Deputy Constable Hitchcock reached the Hall home about 3 o'clock, less than twenty minutes after the burglary had occurred. About 3:30 his son arrived and stated he had met two men riding a red motorcycle at the intersection of Piedmont and Monte Vista avenue. They were going at a high rate of speed and turned down Fortieth street. Their description tallied with that given of the burglars by Mrs. Hall.

BURGLARIES SIMILAR.

A feature of the burglary which the police are taking cognizance of is the similarity of the description of the Hall burglars with that given by Eugene Stachler of the two men who entered his home several weeks ago on Grand avenue and wounded him in the car during an exchange of shots.

There were several men sleeping in their rooms in the Hall home last night when the burglary occurred, but none of them were aroused until Mrs. Hall fired the revolver at the retreating burglars.

PARTHENEIA IS GIVEN WARM PRAISE

Masque on University Campus May Become Annual Event.

Three Thousand Witness the Production Under Oaks of Campus.

UNIVERSITY OF CALIFORNIA, April 16. — Miss Evelyn Steel, the writer, and the numerous young women who appeared in the cast of "The Awakening of Everymaid" on the campus yesterday afternoon are receiving the congratulations of their fellow collegians today on the success of the masque. The beauty of the production, the cleverness of music and dancing and individual playing, besides the deep worth of the ethical lesson, are held by the committee in charge to justify the conclusion of last year, that the Parthenela should rightly be an annual event.

All who saw the production yesterday in the green glade by the Faculty club are warm in their praises. Miss Elizabeth Ferrier, who had the title role of Everymaid, was much appreciated by her audience, as were also Miss Elizabeth Anthony as Desire of the World and Miss Hertha Todd as the Madonna.

Of chief interest to many of the 3000 who saw the production were the several groups of dancers, the training of whom had been under the direction of Miss Mayda Hatch of Wellesley College. The dream children composed one of the earliest groups, clad in pale shades of lavender, green and silver, the bacchanal chorus attending the Wine of Life were attired in gayer colors of scarlet and poppy gold with wreaths of gay flowers entwined in their hair. Similarly attired were the attendants of Desire of the World.

The costuming throughout, which had been in the hands of Miss Elizabeth Morrison, was especially effective. The incidental music was of the composing of Edward G. Stricklen, who wrote the music for "The Green Knight," the Bohemian club's midsummer offering of a year ago. Miss Lucy Stebbins, dean of women, acted as general adviser to the committee in charge and the members of the cast and others connected with the masque.

BEATEN GIRL LEFT 3 DAYS WITHOUT FOOD

SAN FRANCISCO, April 16.—Coroner Leland held an inquest today in the case of Gertrude McDonald, who was found dead in a room at the Hotel Potter. She was supposed to have been literally beaten to death. The evidence showed that after she had been struck and injured she had been allowed to lie without food or medical treatment for three days. William Hale has been arrested for the alleged beating and, together with Leo Thomas and J. Maher, is in detinue at the city prison.

OWENS AQUEDUCT PLANT IS USELESS

Los Angeles Fails to Pass the Bond Issue for Sum of $6,500,000.

LOS ANGELES, April 16.—The official figures on yesterday's special election results showed that the proposal to spend $6,500,000 for a municipal distributing system for electric power generated by the Owens River Aqueduct failed of approval by less than 5000 votes. The proposition received a majority of 10,000, but fell short of the required two-thirds. The total vote was 30,673 for and 20,805 against.

More than 54,000 votes were cast on all of the eight bond propositions, only two of which carried. These were to provide $1,500,000 for a trunk line to convey water from the aqueduct reservoir at the head of San Fernando valley to the city, and to construct $2,500,000 worth of improvements in the harbor. The vote for the issues averaged 9 to 1. The municipal harbor railroad project was rejected, 24,772 to 22,093.

Proposals to spend $1,000,000 on a new city hall and $500,000 for a "civic art center" were overwhelmingly beaten, as were the proposals to spend $1,500,000 to carry surplus water to San Fernando and San Dimas lands for irrigation purposes.

The action of the voters leaves the aqueduct power plant partly completed and useless. The power companies now propose to supply funds for completion, provided they are given permanent right to buy all the power generated.

CIGARS MADE HIM REGRET PURPOSE

Burglar Departs After Lighting Fine Havana He Had Stolen.

The detective department of the police force is out seeking for a burglar who has a decided and well-developed taste for good cigars. Last night this devotee of Lady Nicotine entered the room of M. J. O'Connor at 1539 Fifth avenue, helped himself to a gold ring, and, spurning other valuables, deliberately chose a dozen cigars of the finest Havana flavor, and departed, after he had lighted one with a match from O'Connor's table. The burned match near the table told the story of what had happened—the match and the missing articles.

When C. R. Brashear of 1315 Castro street got up to dress this morning he could not find his clothes. An open window gave him a clew, however, and when he looked out into the yard he saw the missing articles of dress lying upon the ground. Investigation showed that a gold watch and chain were missing from the pockets. The theft was reported to the police.

Charles S. King of 1712 Twelfth street reported to the police this morning the loss of a magneto from his gasoleno launch, which lies at the foot of Broadway. The magneto is believed to have been stolen.

As Frank Minghan was returning to his home at 2316 Woolsey street at 2:14 o'clock this morning, he was stopped by a highwayman right in front of his own door, and ordered to deliver his valuables. Minghan made a dash for his door and the highwayman fled without securing anything.

The police have been notified that Clarence C. Evans, 14 years old, who left Los Banos on April 15, headed for Oakland, was equipped with $65 in cash, a roll of blankets and a small caliber rifle, and asked to watch for the lad when he arrives here. So far, however, he has not been heard from.

Manuel Duart, ten years old, is reported missing by his mother, Mrs. Mary Duart, of 1007 Center street.

Weather Chief Moore Removed From Office

Federal Official Is Charged With "Serious Irregularities.

WASHINGTON, April 16.—Willis L. Moore, chief of the weather bureau, whose resignation has been in President Wilson's hands to become effective July 13, was summarily removed from office today, charged with "serious irregularities." This announcement was made at the White House while a conference was in progress between Secretary Houston and President Wilson.

Professor Moore asserted today that secret charges had been preferred against him and that they had been secretly investigated. No opportunity had been given him to defend himself, he declared.

"I have been treated like a prisoner exiled to Siberia," said the former weather chief.

SENATOR J. J. CASSIDY REPORTED NEAR DEATH

SACRAMENTO, April 16.—Senator John J. Cassidy of San Francisco was taken suddenly ill yesterday afternoon in the capital and late last night was removed to a hospital, where two doctors are in constant attendance. It is stated that brain trouble caused the attack.

Early this morning a priest was summoned to the bedside of Senator Cassidy, because it was feared he could not live through the day.

S. F. FANS ARE NOW WISE; QUIT ROOTING AND LAUGH

Lots More Fun, They Find, to See Seals As Oaks See Them

By BILLY FITZ.

WHEN Bert Coy blistered the ball beyond the prescribed limits of Recreation Park for the second time yesterday afternoon, making in all a dozen chalk marks for the Oaks, by far the funniest thing of the afternoon scream followed—the San Francisco fans rooted for Oakland! Frantically they called upon the champions by every name under the sun to score some more, they adopted the Oaks right there and then, and they howled in wicked glee at the slightest prospect of more runs. It was the most fun San Francisco fans have had in a long time. They rooted for the Seals and failed to derive any satisfaction from that. Now they have discovered that by rooting for the Oaks and laughing at the Seals they can have a helluva time. After the sixth inning everybody was happy; that is, everybody but "Flame" Delhi and his comrades in misery.

The score of 12 to 2 doesn't begin to tell what happened across the bay yesterday, when the Seals and the Oaks hooked up for the first game in what was heralded as a "series that will draw." It will draw alright, but if yesterday's comedy is a sample of what is coming, people with a sense of humor had better stay away; they might laugh themselves to death.

And to think that "Bud" Pernoll, supposedly the weakest of our flinging crew, was the prima donna! That's what you call "rubbing it in."

Manager Mitze said to the writer just before the game started: "I have a hunch that we will strike our batting gait in the present series." Fourteen nicks in the old B.H. alley to testify that the boss' hunch was the real goods.

The fans could not understand why Howard left Delhi to his fate after he demonstrated that he had no more chance than a snowball in Georgia. There was method in Del's madness. He wanted to have a good excuse for tieing a can on the flickering "Flame." Even J. California Ewing will have to accept the excuse now.

The Oaks got away in the lead before you could even say "Honus Mitze." Leard's eyesight was better than Flame's shoots, and after he reached first, he purloined second by virtue of Corhan's muff of Spencer's toss. Schirm followed Leard's policy, and they both romped ahead one rung on Zacher's sacrifice. With commendable promptness, Captain Hetling cuffed a bounder over Cartwright's head, and Leard and Schirm glided across.

Any time Schirm and Leard get on the paths together, you can call out the fire department. That's the only thing that will stop the paths from burning.

Delhi fails to profit by experience. After Schirm had doubled along the right field foul line in the third inning, the Seal flinger fed Coy a dear little low ball just across the knees, and the dear little low ball was last seen going over the right field fence something over a mile a second. But that didn't phaze Delhi. Oh, no! In the ninth round, Schirm hit safely again, this time for one bag. Up came Coy behind him, and what do you think Delhi did? Yep, you guess it! He fed Coy a dear little low ball just across the knees, and the dear little ball went looking for its mate. Do you wonder that everybody had a good time?

The whole thing was too much for "Doc" Cook yesterday. He booted three and let another one go through his legs without touching it, the chance going for a hit. When he finally did make his usual remarkable recoveries, he shook hands with himself. Just about the time you get it into your head that Cook is a dub, he goes out and makes an impossible play with such ease that you have to admit he's the best shortstop that ever pulled on a glove.

The Seals got three on the stations in the second, and Howard tried to score on Spencer's long fly to Coy. A perfect throw to Rohrer nailed him. Del was clearly out, but he childishly hurled dust at McCarthy, instead of at himself.

You have to blame Cook for the Seals' two buttons. Corhan poked the ball through the shortstop's legs, and Cartwright singled to left, both advancing on a wild pitch. Delhi bounded one to our culinary friend, and the latter hurled the Goldsmith over Ness' head; result may be found in the box score.

Nine Oaks faced the pitcher in the sixth inning, and of the nine, Hetling, Ness, Rohrer, Leard and Schirm all singled. These donations were helped along by Pernoll's sacrifice, Cartwright's error and Cook slamming in the ribs by a pitched ball.

In the ninth inning, both Hetling and Ness were robbed of extra base swats by Johnston and Zimmerman, much to the evident annoyance of the crowd.

As told in last night's sporting extra, Thursday's game will be delayed until 3:45, to permit the fans to witness the big Templars' parade, and to permit the Templars themselves to see the game.

Ewing wired this morning to Navin of of Detroit and to Connie Mack of Philadelphia begging for players. He should have done that some time ago.

Who says the going isn't good in Portland? A four-mile auto parade and 17,000 people at the opening game!

Little "Daddy" Rohrer is playing a dandy game for the Oaks. In the sixth inning he went from first to third on Pernoll's infield out. Howard pegged perfectly to Cartwright to catch Rohrer, and it looked as though the catcher was gone. However, "Daddy" surprised every one with a marvelous 'hook' slide that landed him safe.

That must have been a great pitching duel in Portland yesterday between Krause and Perritt. Lindsay's double and Captain Rodger's single in the very first inning gave the Ducks their only tally. Claude Berry's bad peg in the ninth let Maggert reach second and third, whence he scored on a sacrifice fly. Twilight descended in the twelfth. The Ducks are heroes in Portland today.

Mighty glad to see Pernoll get away with yesterday's game. He pitched real ball, too, with plenty of steam and his curves working right. He needed that win worse than anything else.

Spider Baum seems to be in Delhi's class. The Wolves gave him a terrible trouncing yesterday in the South. Hogan will be so close to the Seals soon that they'll have to make the cellar larger. Two bad throws cost four runs, but the others were earned. Sailor Stroud kept the nine sparks scattered.

Either Olmsted or Tyler Christian will pitch today for the Oaks, while Del Howard will use Wee Willie McCorry.

The Seals' one big deficit at present is the infield, and it will need considerable bolstering before it will present an appearance to give the San Francisco fans any hope for a chance at the pennant. Del Howard is considering releasing McArdle at second for a heavier hitter. McArdle is a fast fielder, but is weak with the willow. Cartwright at third is also an unreliable player. Unless he shows a decided improvement, he will probably also receive his release.

Manager Jack Thomas of the Stockton team of the California League announces the following line-up for the opening game to be played with San Jose in Stockton Saturday:

Smith, r. f.; McClelland, 3b.; Wilbert, l. f.; Thomas, 1b.; Pittman, c. f.; Butler, ss.; Boeckel, 2b., and Cook or Simpson, catcher, with Andrade or Jones, pitcher.

BASEBALL BALLAD NO. 27.

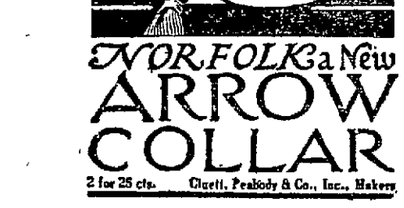

Air: "Waltz Me Around Again, Willie."

O Mister "Flame" Delhi
Was once good, but, well I
Won't say just how good he is now,
For though we'd not be him,
We're anxious to see him
As long as his boss will allow!

He once was a pitcher,
Who always could gitcher.
But now he's a pain in his side.
For the Oaks got his number
By swinging the lumber,
And after the contest they cried:

CHORUS.

O, bring him around again Howard,
Around, around, around!
His slow ball's a dandy,
His fast one is candy,
O, he's just the best thing we've found,
So please, Mr. Howard, do pitch him again;
Just feed us "Flame" Delhi on Thursday, and then—
Watch us go 'round again, Howard,
Around, around, around!

DISCIPLINE, NOT MONEY, CAUSE OF COBB DISPUTE

So Says Frank Navin, Head of the Detroit American League Team.

DETROIT, April 16. — Discipline, not money is the all-important question at issue in the dispute between the Detroit American League baseball club and its star player, Outfielder Tyrus Cobb, who is now under suspension because he refused to accept the terms of the 1913 contract tendered him by President Frank Navin. This declaration was made today by Navin in a signed statement. It is understood that $2500 is the amount involved in the monetary dispute. The statement follows:

"The difference between Mr. Cobb and the Detroit baseball club is not over a matter of money. There are fundamental principles involved—principles of discipline recognized in all walks of life.

"It is conceded by everybody that Mr. Cobb is the best ball player in the world. And Mr. Cobb also is the best paid player in the world, but this is not the issue.

"Mr. Cobb did not make baseball; baseball made him. A player cannot be bigger than the game which creates him. To give in to Mr. Cobb now in his present attitude would be to concede that he is greater than the game itself, for he has set all its laws at defiance.

"Mr. Cobb, instead of reporting for spring practice and giving the club the benefit of his knowledge and his play, organized a barnstorming team and went through the south, starring himself with daily ultimatums to the Detroit club. If Mr. Cobb can persistently defy the laws of the game, what effect will he have on the other players and where will his 'I-am-above-the-law' theory end? We may as well turn the club over to him and eventually the league.

"If Mr. Cobb does not like a room a hotel clerk gives him he quits the club for a week. If he does not like what a silly man in the grandstand yells at him he punches his face and is again out of the game. He quit the game when we were fighting for the pennant and publicly stated that he would not play with his comrade in left field, D. Jones, on account of some misunderstanding with that player. If he does not feel like practicing he stays away from the park. He has grown to believe that his greatness precludes him being a subject to club discipline. I think Mr. Cobb eventually will recognize his fault—until he does there can be no understanding between us.

"He demands $15,000 for his services and then he goes to the other end of the country to fire ultimatums at me through the public press, claiming that no representative of the Detroit club has 'been sent' to talk business with him.

"Mr. Cobb is an employe of the Detroit baseball club; he knows where the office is.

"In the past I have patiently put up with a great deal from Cobb. It has now reached a point where there must be a showdown."

U. C. VARSITY EIGHT IS STILL UNPICKED: EATON

Coombs May Beat Hutton Out for Place in Shell As Coxswain

UNIVERSITY OF CALIFORNIA, April 16.—Although Captain Arthur Eaton of the California 'Varsity will not give out the line-up of the Blue and Gold oarsmen for the big regatta on the Oakland estuary next Saturday morning until the day before the race, the close followers of the rowing situation at Berkeley are confident that they have the crew well doped.

The work of the past few days has done much to settle the various disputes over the personnel of the 'varsity eight, and the selection which Captain Eaton will make is a fixed matter in the eyes of the wise ones.

There have been two places in dispute in the boat among the oarsmen, as well as the place of coxwain. Numbers three and five have been the cause of the most concern. For the former berth, Merritt, Lyons and Craig have all been in the running, and it now looks as though the choice will rest with the first named. At No. 5, Williams and Denman have been having one of the hardest fights of the season. Denman is a veteran of last year's crew, but Williams has been making a tremendous bid for the place, and it now seems that his efforts will be successful.

COXSWAIN UNCERTAIN.

Even with the race only four days off, the place of coxswain is still uncertain. Coombs and Hutton have been after the place all season, and it has been nip-and-tuck between them, and to those Captain Eaton has not yet made public any opinion in the matter. Hutton was at the helm of last year's eight, but the chances are that he will be replaced by Coombs now.

The following is regarded by many as the official lineup of the eight, though no word has been received from headquarters concerning it:

Bow	Sutton
No. 2	Young
No. 3	Merritt
No. 4	Hallmer
No. 5	Williams
No. 6	Shaw
No. 7	Georgeson
Stroke	Eaton (captain)
Coxswain	Coombs

WASHINGTON HARD AT IT.

The University of Washington 'varsity eight, which arrived here last Sunday has been losing no time in practice for the big regatta. Every morning see the Northern crew hard at work on the water of the Oakland estuary, and the form displayed by the visitors has inspired a great respect in the minds of those who have witnessed their workouts.

The northern crew is composed of heavy men, who appear to be a stronger lot than the eight which Washington sent here last season. Coach Cunnibear states that his present eight is considerably stronger than that of last year, and is possessed with form equally as good. He attributes the defeat at the hands of Stanford last year as being due to the superior weight and strength of the Cardinal crew, and maintains that his crew will not suffer from a similar cause this time.

FRESMEN EIGHT READY.

The California freshmen eight will be chosen by Eaton at the same time as the 'varsity. But there seems to be little doubt in the minds of the critics that the crew is practically settled now. Two positions are uncertain, as in the 'varsity boat. Numbers three and seven are as yet undecided, but the same two men are the strongest contestants for both places, and so the question is merely one of the placing of these two. If B. H. Pratt is selected for No. 3, then Stull will probably go to No. 7, and vice versa.

Change the Schedule and Give Us Three Games

The game in San Francisco yesterday, if such it might be called, is a powerful argument in favor of a switch in the schedule permitting Oakland to play another game on the home grounds. The Seals have ceased to be a drawing card even for their supporters, while the Champion Oaks will pack this city's new park whenever they play. Baseball enthusiasm is rampant in Oakland and the league directors should be wise enough to take advantage of the fact. The best team and the best park and the most enthusiastic and loyal fans on the circuit constitute a combination that demands and must receive recognition. It would be practical right now to play Wednesday, Thursday and Friday over here and San Francisco is not likely to object.

San Jose Will Have a Teddy Bear for a Mascot

To Tom Stevens, owner of the San Jose baseball club of the State League, must go the credit for an original mascot stunt which the Coast League management would not be doing an unwise act to follow. The San Jose team has been dubbed the Bears and so Stevens, in order to keep in line with this monaker, is angling for the services of a real live Teddy Bear, which he proposes to use as the team's mascot. Wouldn't it be a big drawing card if San Francisco was to carry a seal around the circuit. Los Angeles an angel lassooed by Uncle Dillon, Sacramento squad a little wolf, Venice a tiger, Portland a duck and Oakland an oak tree? You bet it would. Now, who's going to be the first to fall in line with the new idea?

THE SPORTLIGHT

FLASHED ON EVERY FIELD

The sixth annual field day and barbecue of the California Anglers' Association will be held at White House pool, Point Reyes, Marin county, next Sunday. There will be special trains for the big crowd expected to attend the big outing. The specials will leave here at 7:45 and 8:15 in the morning.

The annual meeting of the California Rugby Union will be held Friday, April 25, according to Secretary Edgar Pomeroy. Besides the election of officers, there is other business of importance to be transacted, including the issuing of a definite invitation to England to send a team over here in October.

Russell Ford, pitcher for the New York Americans, claims to be developing a slow spitball that ambles up to the plate like a cow cropping daisies and then ducks away like a scared rabbit dropping into his burrow. The new delivery is not yet ready for exhibition, but may be there before long.

We always argued that Mr. Marshall wasn't presidential timber. Here he reports exhausted after 18 holes of golf. Wilson can play 36, Taft 32 and Roosevelt until the links wear out or all the big sticks are broken.

Things to catch. — Highballs (on the diamond), fish, on, hold the right kind of girl for your wife and vice versa, bank defaulters, the slippery dollar, four aces, a glimpse, street cars, pickpockets, "him in the act." (This is frequently done in fiction.

Things not to catch — Cold, mumps, small pox, lemons, lovers spooning, the boss in a tight place, ragger's palsy.

Willie Lewis is not likely to return to this country from Paris again, as he has decided to open a cafe there. Willie increased his poularity there a short time ago when he defeated Marcel Moreau, the French middleweight, in a 20-roundbout.

And it is reported that for doing the job Lewis bit was $580, while the vanquished one received a like amount. If that is a sample of what top-notchers draw down, it is hard to understand why the boxers make the trip across the pond.

Steeplechase racing, the sport that has kept alive the breeding industry in this country, since horse racing ceased in New York, will open its season April 30. On that date the Meadowbrook Steeplechase Association will hold a two-days' meeting on the "flat" at Belmont Park Terminal. It will be under the sanction of the National Steeplechase and Hunt Association.

The Kentucky Handicap, to be decided at Douglas Park, Louisville, this spring, will be worth $10,000. That's a race worth going after, and it will no doubt attract a field of much class.

Joseph Mayer, the winner of the recent annual amateur championship billiard tournament, will met Willie Hoppe, the professional champion, in two exhibition games in Philadelphia next Thursday and Friday. Hoppe will play 18.1 and Mayer 18.2.

Ty Cobb is evidently getting nervous. He is now discussing what his punishment will be for his "hold-out" tactics with the Detroit management. Cobb in a statement said that he was willing to come to an amicable settlement, but apparently the Detroit Club is not so hot after his services as he first thought they were.

Walter G. Andrews and Arthur Blumenthal have been appointed field coaches of the Princeton football team. Another sign that baseball has not gathered in the entire supply of nuts.

Batting practice should never be indulged in after dark. The only balls distinguishable then are the high ones.

"Bud" Anderson Will Challenge Winner on Saturday

LOS ANGELES, April 16.—Bud Anderson, the Medford, Ore., lightweight, who became a contender for the lightweight championship when he beat "Kayo" Brown of New York at the Vernon arena last night, will leave for the north Friday and will personally challenge the winner of the Wolgast-Murphy fight in San Francisco Saturday. After witnessing the lightweight battle Anderson will return to his home at Medford for a brief rest from the rigors of training camp routine.

(By THE TIMEKEEPER.)

Within a very few hours Frankie Burns will learn at the hands of little Joseph Azavedo what the future holds in store for him. It will be either a new lease of life and hope in the square-roped game or a return to a less strenuous profession.

Azavedo made the following statement this morning: "Before morning I expect to prove that I am worthy a place amongst the lightweights who are contending for the world's championship. I have been trying hard to get just such an opportunity as this ever since I entered the professional ring, a year ago. I am going to beat Burns tonight, and then I am going after some of the higher-ups."

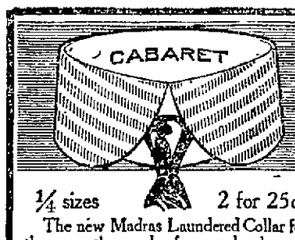

Frankie Burns will enter the ring tonight at six pounds over the lightweight limit. He claims that a sore foot prevented him until recently from doing the necessary amount of road work to reduce in weight. He is strong and healthy and looks fit to put up one of the best battles in his career. He has not been saying much but once more has the old championship bee buzzing in his head. He will try hard to knock out the Sacramentan before the limit.

All the other boxers are in good condition and there is not a real preliminary on the entire card. They are all events that could figure as topliners in any show. There has been a good demand for seats.

YES, HE'S GOOD.

Some time ago, when Bud Anderson was hanging around here with Dick Donald and no promoter had sense enough to give him a show, though he was willing to fight for $750 as his end, the writer expressed the opinion that the Vancouver boy would be the next champion of the world if he was given the opportunity. Last night he stopped "Kayo" Brown in fifteen rounds at Vernon and accomplished the trick easily. Brown was beaten all the way and only his iron constitution held him up so long.

SUMMERS BEATS GOODWIN.

SYDNEY, Australia, April 16.—Johnny Summers, lightweight of England, defeated here tonight Al F. Goodwin in the ninth round of a scheduled 20-round go. Goodwin was outclassed from the start to the final round. The match was stopped because of the poor showing Goodwin made.

Yale has started its spring football practice with 24 men in uniform. Baseball may claim a majority of the lugs, but there are still enough left to scatter a few around to other branches of sport. Coach Howard Jones is handling the Eli candidates.

BURNS TO OUTWEIGH RIVAL IN BATTLE TONIGHT

(Cont. from Preceding Page)

"Dumb Dan" Morgan wouldn't raise a finger to help his boy and Referee Eyton stopped the contest with Brown unconscious.

Anderson had great difficulty in making the weight and this may interfere with his chances to meet Rivers or Mandot in the south next month.

WOLGAST DISAPPOINTS.

Ad Wolgast disappointed a large crowd yesterday which visited the Seal Rock house to see him box. Wolgast failed to show up at all and Tom Jones had to explain that Ad was in such good condition that he did not need any more work. However, the wild-cat was on deck today, going six fast rounds. He looks better, in the writer's opinion, than he did on February 22, when he met the Fighting Harp the last time.

Jim Griffin will be named as referee today.

Knight is Determined

Phil Knight, who boxes Tommy McFarland Friday night at the Pavilion rink in San Francisco, isn't any spring chicken and isn't a green 'un, by any means. In fact, Knight has tangled with most of the stars of the profession and as he is there with the wallop as well as the speed, he figures to keep Charlie Cleaver's little bearcut stepping at breakneck speed in order to win.

That Knight is determined to get off to a winning start is shown by the willingness with which he has entered into his work. The Kansas City cyclone has been kicking up such a breeze at the training camp of Ad Wolgast, that the spectators have marveled at his work. If he goes as fast in his mixup with McFarland, the fans ought to se some scrap.

McFarland isn't allowing any grass to grow under his feet. At Billy Shannon's villa in San Rafael the pudgy lightweight has been going along with the 90-horsepower speed insisted upon by his manager and Knight will face a tough and well conditioned opponent in his initial effort here.

Jimmy Fox, the lightning jabber and two-stepper who is booked to exchange wallops with Roy Moore, the wiry and slashing mixologist, is being groomed by Joe Sullivan, who says the beanpole never was in better shap or boxing faster than he is right now. Sullivan looks for Fox to lick Moore worse than he did Ad Zotte.

The remainder of the card is composed of well known and capable ringmen. Tony LaGrace, the Butchertown welterweight, vs. Eddie Burns; Tad Riordan vs. Ed Willis, heavyweights; Sam Slavich vs. Sailor Wilson, middleweights; Billy Pyne vs. Dick Kendall, featherweights; Joe Stanton vs. Frank Waldorf, Kid Marshall vs. Young Edwards, lightweights, and Johnny Murphy of the Olympic club vs. Eddie McLaughlin, bantamweights, make up the program.

Flynn-McCarty Tonight

PHILADELPHIA, April 16. — Luther McCarty and Jim Flynn have completed their training for tonight's six-round bout in the Olympic Club arena, and both profess to be in the best of condition for the contest. Although McCarty knocked out Flynn in 18 rounds on February 22, the latter's manager declares Flynn should have the best of a six-round match. McCarty's manager is also confident: and last night agreed on terms with New York promoters for a ten-round bout in that city on April 30 between McCarty and Frank Moran of Pittsburg. The latter will appear in tonight's show here, with Sailor White as his opponent.

Three other heavy-weight bouts are on the program. Joe Jeanette will meet George Cotton; Jim Savage will oppose Tim Logan, and Young Al Kaufman, McCarty's sparring partner, will face George Rodell, the Boer.

Jack Britton easily outpointed Matty Baldwin last night at New York in a 10-round bout. Willie Beecher shaded One-Round Hogan in the preliminary.

Atlanta police stopped the scheduled 10-round bout at Atlanta last night between Abe Attell and Benny Kauffmann. Kauffmann kept covering and avoiding Attell.

Remarks a woman fan in Sacramento: "It is a wonder that the umpires would not get some grown-up brooms instead of the little whisk-brooms that they carry around in their pockets. No wonder the plate can not be found half of the time." The dear creatures always do notice house-cleaning devices, don't cher know?

Advice to young ballplayers: Always remark: "I wish I was up there" when runners are on second and third and the score 2 to 1 against you—but be back of the water tank when the manager looks along the bench to find a pinch hitter.

For the player continually caught asleep, isn't it about time to retire?

Physicians yesterday examined Hal Chase's right arm, which was struck by a pitched ball Monday, and found that the supposed severe hurt was nothing more than a muscle bruise.

The Capitol City Wheelman's Club of Sacramento will soon be a thing of the past. The organization, which is one of the best known in the State, will unite with the Sacramento Motorcycle Club. The clubs will combine at a special meeting Monday night.

So far, Welverton has had to depend upon three pitchers, Stroud, Munsell and Arellanes. Jack Lively has not been able to get in condition and will not be used against the Venetians.

LARGER DEMAND ADVANCES WHEAT

Declines on Liquidating Sales, But Rallies Back to the Opening Figures.

CHICAGO, April 16.—A big increase in continental demand advanced wheat prices here today from ⅛c to ½c in the first few minutes, but soon declined on liquidating sales. Another rally took quotations back to about the opening figures. The strong international position of wheat was shown in the fact that May wheat was higher yesterday in Winnipeg than in Chicago for the first time on record.

At the start today the market showed a net advance of ⅛@⅜c. May was ⅛@¼c higher, opening at 89⅞c to 89⅞c.

Claims from Baltimore of the best export business in 18 years caused an upturn. The close was easy, with May at 90½c, a net gain of ⅞c.

May corn opened a shade higher at 55⅛c and eased off ⅜c.

Lightness of country arrivals caused a firmer tone. The close was easy, with May at 55c, a net loss of a shade.

May oats opened unchanged to ⅛c higher at 34⅝c to 34¾c, but declined to 34½c.

Provisions were easy. Demand and offering both were light.

Trade was better in the deferred options than in May. Opening figures for May were $19.50 for pork; $10.82½ to $10.85 for lard and $11.10 for ribs.

IRREGULAR DAY DAWNS IN STREET

The Market Fails to Maintain Course for 15 Minutes at Time.

NEW YORK, April 16.—Unusual irregularity characterized the morning trading in stocks. The movement shifted frequently and the market hardly maintained a course for 15 minutes at a time. Following the initial period of uncertainty, the list hardened and subsequent fluctuations were alternately upward and downward.

In the absence of new developments to give impetus to speculation, trading was confined largely to the professional element.

The copper issues were unsettled, bear traders taking advantage of the decline in metals abroad and increased European supplies showed by the fortnightly report to put these stocks under pressure.

Speculation virtually was suspended between 12 and 1 o'clock, as the market was idle for long intervals and fluctuations were trivial. In general the undertone was good, despite shading in some bond prices.

With the turn for the better in sentiment, purchases were made of stocks which had recently fallen severely. Among these were the petroleum shares, in which recoveries ran from 2 to 3 points. Wabash Pittsburg certificates sold at 18, compared with the previous price on Friday last of 22¾. St. Paul new 4½c relapsed to 99¼, against the subscription price of 99½.

Bonds were irregular.

LAFAYETTE HOME SITES
In the Mount Diablo Country
Were created for the man of family, who is tired of "two by four" city life; for the man who believes and knows that wholesome country life offers financial advantages as well as a beautiful and enjoyable environment.
EASY COMMUTING DISTANCE.
You can reach San Francisco or Oakland from the heart of the Mount Diablo country in less than an hour, over the High Line Scenic Route of the Oakland & Antioch Electric Railway. No crowding or strap-hanging.
THE CLIMATE.
There are no fogs and no frosts at Lafayette Home Sites. Fruit, vegetables, nuts—everything thrives in this wonderful climate. Poultry finds here ideal conditions. The valley possesses points of advantage found nowhere else in the state. There are no disadvantages such as lack of rain, hot winds or frosts.
YOUR CHANCE.
In addition to the advantages and pleasures of country life, consider this.
Lafayette Home Sites are nearer San Francisco than are many Berkeley and Oakland subdivisions that have been sold at an average price of $2,000.00 for a 50-foot lot.
$300.00 to $800.00 will buy a beautiful homesite on gently rolling ground overlooking the Moraga Valley, and your homesite will be a lot the size of 10 to 20 city lots of 50-foot frontage.

Egg Market in Nearby Counties

PETALUMA, April 16.—There was no official change in the prices paid for eggs today after receipt of transactions of the San Francisco dairy and egg exchange. The official price was steady at 18c for extra ranch and 16c for selected pullets. George P. McNear and others paid the full San Francisco price of 19c for extra ranch and Armour & Co paid as high as 19½c for the same grade. The presence of Klein & Simpson of Los Angeles as buyers in the local market for that city seems to have had a healthy effect as the delivery was heavy.

SANTA CRUZ, April 16.—The continued heavy supply of eggs has no apparent effect on quotations at egg headquarters. Extras still command 17½c, followed by firsts at 16¼c. Seconds, while there is not much demand, bring 15½c. The majority of the poultrymen are disposing of their produce at home.

Potatoes, Onions and Vegetables.

Potatoes (per ctl)—River Burbanks, 35@50c; Lompoc do, 75c@$1.10; Oregon do, 50@65c; sweet potatoes, $2.50@2.75; new potatoes, 3@4c per pound.

CURED TERRIBLE HUMOR ON FACE

Could Not Go On Street Without Veil. Tells What Resinol Did For Her.

PHILADELPHIA, Dec. 6, 1912.—"In December, 1908, my face became sore. I tried everything that was recommended, and my face got worse instead of better. I spent over $100 and got no benefit. The face and nose were very red and the eruption had the appearance of small boils, which itched me terribly. I cannot tell you how terrible my face looked—all I can say is, it was dreadful, and I suffered beyond description.

"I have not gone on the street any time since 1908 without a veil, until now. Just four months ago a friend persuaded me to give Resinol a trial. I have used three cakes of Resinol Soap and less than a jar of Resinol Ointment, and my face is perfectly free from any eruption, and my skin is as clear and clean as any child's. It is about four weeks since the last pimple disappeared." (Signed) Mrs. M. J. Bateman, 4256 Viola st.

Nothing we can say of Resinol equals what others, such as Mrs. Bateman, says of it. If you are suffering from itching, burning skin troubles, pimples, blackheads, dandruff, ulcers, boils, stubborn sores, or piles, it will cost you nothing to try Resinol Ointment and Resinol Soap. Just send to Dept. 17-T, Resinol, Baltimore, Md., for a free sample of each. Every druggist sells Resinol.

BATTERY B AWAITS CAMP AND GUN PRACTICE

Range Selected for 3-Inch Guns Is Near Mills College.

The Advance Guard to Break Camp for Main Body April 24.

Battery B is all eagerness and preparation for the three-day encampment and actual gun practice which will take place on April 25, 26 and 27 on a 2500 yard range on the old Hewston ranch now owned by . CM Macgregor Besides Adjutant General E. A. Forbes of the National Guard and his assistant, Colonel F. F. Canon, there will be Captains J F Barnes and E. H. Yule of the regular army who will act as instructor and inspector.

Major R J. Faneuf and staff and Captain E. A Ford of A Battery, located at Los Angeles, will be on hand with four officers and Captain Harry Howe of C Battery at Stockton will also profit by the solving of the tactical problems and direct and indirect firing of the hundred rounds of shrapnel that the War Department has provided.

No member of Battery B, under Captain Harry F Huber, who can possibly leave his business will be absent, and as it will be the first firing of shrapnel that the guardsmen have ever seen, excepting the few veterans, the three days' encampment is awaited with more than interest.

ADVANCE GUARD.

Captain Huber will detail Lieutenant E. E. Vicary to take out an advance guard on Thursday, April 24, who will make camp and complete arrangements for the main body. Two three-inch field guns will be used in the target practice.

The search for an adequate range has been going on for weeks, objections being raised to whatever ground was found The present range is situated a mile east of Mills College, and while the firing and bursting shells close to that staid institution is apt to cause no little excitement and distraction from arduous branches of the higher education, no petition to prevent the evil has as yet been circulated among the students and Captain Huber does not expect any objection from that source.

MOTOR CARS SAVE THEIR OWN COSTS

Auto Is a Positive Factor in the Economic Living for Family.

(By EDMUND CRINNION.)

This is the time of year when activity in the motor car industry begins to exert its greatest effect on economic and social conditions. In the opinion of George E. Daniels, vice-president and general manager of the Oakland Motor Car Company, the automobile is a positive factor in economic living and in changing materially social and family habits.

"Since the motor car completely captured the public," says Daniels, "it has greatly reduced expenditures along certain lines. This has resulted not because of a conviction that greater economy was necessary to offset the expense of the car, but almost unconsciously and with little realization on the part of the individual of the changes made.

"This is the time of year when heavy purchases are usually made in all kinds of clothing. Women have bought their spring toggery and are figuring on their summer raiment. If they are blessed with an automobile they know, of course, that there will be numerous tours and a great deal of driving around town. Suitable clothing is necessary, but proper automobile outfits do not include elaborate or expensive toilettes. Feminine headgear for motor car use is generally of the simplest and least expensive kind. Gowns that will wear well in touring and look well in spite of the stains and strains of travel are not the costly kind.

"In other words, milady, realizing that nearly all of the family leisure will be spent in the car, knows she will not have the need for as elaborate or expensive an outfit as before the advent of the automobile. She can't ust it in the car and she won't have time to use it out of the car.

"This situation applies all along the line and to some extent to the man as well as to the women. With a car in the household to consume all the leisure, there is no time or inclination for the spending of money on other pleasures. There is less theater-going because there is less time for it. Expensive vacation trips are no longer on the calendar. The family is busy making little tours in the car. Spending so much time with the automobile there is not so much available for home consumption. Therefore, there is less money spent on expensive furniture and other home furnishings, and also the social and family customs of years' standing are altered because of the advent of the motor car. Merchants, dressmakers, milliners, theater managers will all tell you that this analysis of the effect of the motor car on the cost and the habits of living is correct, and it all goes to show that the automobile, instead of complicating living, is a real and expensive pleasures, is a real factor in a more economic style of living."

POPULAR OAKLAND SOCIETY GIRL TELLS ENGAGEMENT

MISS GENEVIEVE HATCH, WHOSE ENGAGEMENT IS ANNOUNCED TODAY TO LLOYD W. STETSON.—Scharz Photo.

Announcement is made of the engagement of Miss Genevieve Hatch, daughter of Mr. and Mrs George W. Hatch, to Lloyd William Stetson, a nephew of Senator J W. Stetson of this city. The interesting news has been suspected by the friends of the attractive bride-elect for some time, and the betrothal announcement does not come as a surprise, though it was not expected at this time

Miss Hatch is a charming girl who is popular in local society and takes an active part in the gayeties of the younger set during the social season. Her fiance is a member of the Kappa Sigma fraternity and a former student at the University of California, where his attention was devoted to electrical engineering. The marriage will be an important event of the early fall

It was first planned to announce the engagement at an afternoon affair for which Miss Margaret Meek has invited guests to meet Miss Hatch on April 26, but the rumor of the engagement was confirmed today and the triumph of the little blind god became known rather earlier than the young people had intended. Miss Hatch will be the motif for a large number of social affairs in compliment to her new dignity as a bride-elect.

URGES CONSCIENCE FOR CORPORATIONS

Vice-President Marshall Amplifies Speech Warning Wealthy.

WASHINGTON, April 16. — Amplifying his speech of Saturday night before the National Democratic Club in New York City, in which he served warning on the rich, Vice-President Marshall has authorized the publication in a local paper of a remarkable amplification of taht address. Principally, he urged the injection of conscience into "big business" as an antidote for socialism. He also reiterated his argument against the perpetuation of great fortunes.

The Vice-President insisted he was not expressing his personal opinions alone but that he was guided by those expressed to him "by many honest financiers, lawyers, miners and ditch diggers, men he had met on the street, on trains and trolley cars, and in their homes."

DIFFERENCE IS SOUGHT.

"Men are asking," he said, "whether there is any difference between the manufacturer who comes to the government to ask for help in his business and the poor man who goes to the workhouse to ask for help.

"Men of judgment have expressed to me the opinion that if a vote were taken on a proposition to make all estates over the sum of $100,000 revert to the state upon the death of the owner—the $100,000 being exempted—it would be carried two to one."

Marshall argued that further laws were not necessary for the regulation of great fortunes or of concentrated wealth. He held that the solution lay in the arousing of business men to their responsibilities to the community at large.

CHILDREN AS COGS.

"There was a time in England," he said, "when children were being born, not as British subjects, but as cogs in a machine, fed, as it were, to the mills and factories. It was a somewhat similar condition that produced Rosseau in France, and it was Rosseau's writings that brought about the revolution."

The Vice-President declared that many men of wealth had written to him commending his New York speech. He declared he had gathered from the correspondence he had received from both the wealthy and the poor that there was a growing resentment in the country against combinations of capital such as had been seen in recent years.
